Dear Administrator Brooks-LaSure:

I am pleased to submit an amendment to the State of Utah's Medicaid Reform 1115 Demonstration. Approval of this amendment will allow the state to provide additional Medicaid services to fee-for-service enrolled members with qualified chronic health conditions.

The State of Utah appreciates your consideration of this amendment request. We look forward to the continued guidance and support from CMS in administering Utah's Medicaid Reform 1115 Demonstration.

Respectfully,

Jennifer Strohecker

Medicaid Director

State of Utah

Section 1115 Demonstration Amendment

Chronic Conditions Support

Section I. Program Description and Objectives

During the 2023 General Session of the Utah State Legislature, Senate Bill 269, "Chronic Conditions Support Amendments", was passed. This legislation requires the Utah Department of Health and Human Services (DHHS), Division of Integrated Healthcare (DIH) to seek 1115 Demonstration approval from the Centers for Medicare and Medicaid Services (CMS) to provide additional Medicaid services to fee for service enrolled individuals with qualified chronic health conditions. These services will be provided through a contracted provider which will be selected through a Request for Proposal process. These conditions include:

- diabetes
- high blood pressure
- congestive heart failure
- asthma
- obesity
- chronic obstructive pulmonary disease
- chronic kidney disease

Goals and Objectives

Six in ten Americans live with at least one chronic disease including heart disease and diabetes. These and other chronic diseases are the leading causes of death and disability in America, and they are also a leading driver of health care costs. Low-income individuals are more likely to suffer from chronic disease and may be disproportionately burdened by the costs and associated social and economic consequences. Many chronic conditions require continuous medical care. Without this care, serious complications can occur,

¹ Centers for Disease Control and Prevention. (2023, March 2). *Chronic disease center (NCCDPHP)*. Centers for Disease Control and Prevention. Retrieved March 14, 2023, from https://www.cdc.gov/chronicdisease/index.htm

² Chronic disease in the United States: A worsening health and economic crisis. AAF. Retrieved March 14, 2023, from https://www.americanactionforum.org/research/chronic-disease-in-the-united-states-a-worsening-health-and-economic-crisis/

further reducing quality of life and increasing costs. ³ The state believes this demonstration is likely to promote the objectives of Medicaid by improving participant health outcomes and quality of life, which will also lead to cost savings. Providing these services will make it possible for Medicaid eligible individuals with qualified chronic conditions to receive additional, appropriate services, and services that have not been previously utilized or available.

Operation and Proposed Timeline

The Demonstration will operate through the contracted provider selected by the state through the Request for Proposal process. The state intends to implement the Demonstration as soon as possible after approval. The state requests to operate the Demonstration for a three-year pilot program.

Demonstration Hypotheses and Evaluation

With the help of an independent evaluator, the state will develop a plan for evaluating the hypotheses indicated below. Utah will identify validated performance measures that adequately assess the impact of the Demonstration to beneficiaries. The state will submit the evaluation plan to CMS for approval.

The state will conduct ongoing monitoring of this demonstration, and will provide information regarding monitoring activities in the required quarterly and annual monitoring reports.

The following hypotheses will be tested during the approval period:

Hypothesis	Anticipated Measure(s)	Data Sources	Evaluation Approach
The implementation of the coordinated care program will lead to improved adherence to medications.	Comparison of medication adherence rates among participants. pre/post implementation.	Data warehouse	The independent evaluator will design quantitative and qualitative measures to include quasi-experimental comparisons.
Participants will report having greater control of their health and report greater	Health satisfaction survey	Survey	The independent evaluator will design quantitative and qualitative measures to include quasi-experimental comparisons.

confidence in		
maintaining their		
health.		

Section II. Demonstration Eligibility

Individuals must meet all of the following eligibility criteria to qualify for additional services:

 Medicaid members who have been diagnosed as having a qualified condition and are not enrolled in an accountable care organization.

Projected Enrollment

The projected enrollment for the demonstration population is approximately 1,350 fee for service enrolled Medicaid members per year.

Section III. Demonstration Benefits and Cost Sharing Requirements

If approved under this demonstration, qualified Medicaid members will be eligible to receive the following services:

- A telemedicine platform for the member to use;
- An in-home initial visit to the member;
- Daily remote monitoring of the members qualified condition;
- All services in the member's language of choice;
- Individual peer monitoring and coaching for the member;
- Available access for the member to video-enabled consults and voice-enabled; consults 24 hours a day, seven days a week;
- In-home biometric monitoring devices to monitor the member's qualified condition;
- At-home medication delivery to the member.

Cost sharing requirements will not differ from those provided under the state plan.

Section IV. Delivery System

Services for Demonstration individuals will be provided through fee for service. Services will be provided by a single entity under contract with the State.

Section V. Implementation and Enrollment in Demonstration

Eligible members will be enrolled in the Demonstration as of the implementation date of this amendment.

Section VI. Demonstration Financing and Budget Neutrality

Refer to Budget Neutrality Attachment 1 for the state's historical and projected expenditures for the requested period of the Demonstration.

Below is the projected enrollment and expenditures for each remaining demonstration year.

	DY23 (SFY 25) Jan-Jun	DY 24 (SFY 27) Jul-Jun	DY 25 (SFY 27) Jul-Jun	DY 26 (SFY 28) Jul-Dec
Enrollment	805	1,610	1,610	805
Expenditures	\$1,738,800	\$3,477,600	\$3,477,600	\$1,738,800

Section VII. Proposed Waiver and Expenditure Authority

The state requests the following proposed waivers and expenditure authorities to operate the Demonstration.

Waiver and Expenditure Authority	Reason and Use of Waiver
Section 1902(a)(10)(B)- Amount, Duration, and Scope of Services and Comparability	To enable the state to provide benefit packages to the Demonstration population that differs from the state plan benefit package.
Section 1902(a)(23)(A)- Freedom of Choice	To enable the state to restrict freedom of choice of providers for Title XIX populations affected by this Demonstration.

Expenditure Authority

The state requests expenditure authority to provide additional Medicaid services to fee for service individuals in the state with certain qualified chronic health conditions.

Section VIII. Compliance with Public Notice and Tribal Consultation *Public Notice Process*

Public notice of the State's request for this demonstration amendment, and notice of public hearing was advertised in the newspaper of widest circulation and sent to an electronic mailing list. In addition, the abbreviated public notice was posted to the State's Medicaid website at https://medicaid.utah.gov/1115-waiver.

Two public hearings to take public comment on this request were held. The first public hearing was held on June 15, 2023, from 2:00 to 4:00 pm during the Medical Care Advisory Committee (MCAC) meeting. The second public hearing was held on June 26, 2023, from 4:00 to 5:00 pm. Both public hearings were held via video and teleconferencing.

Public Comment

The state accepted public comment during a 30-day public comment period, which was held June 7, 2023 through July 7, 2023. The state received comments from two individuals from the same agency. This included comments provided during both public hearings, email and online portal comments, and mailed comments. The state reviewed and considered all public comments received. A summary of the comments and state responses are outlined below.

Primary or secondary provider

One commenter asked if the patients would be in contact with their provider or if it would be a secondary provider.

Response:

The state explained that this would not necessarily remove them from provider choice outside their normal provider but would allow additional services/benefits beyond what is already covered.

Concerns with multiple aspects of the amendment

One commenter expressed concern with the following aspects of the amendment: concerns with the technical set up, questioning the ability of a single entity contract to: provide in-home initial visits and delivery medication to all members (specifically duplicative or contraindicated prescriptions and deliveries for members, especially if medications are started or discontinued without a primary care provider's knowledge); being able to share information or medical records with the member's primary provider; have the most up to date information on the member's conditions. The commenter also stated that health centers would not be aware of any care that was provided, thereby disrupting continuity of care and that patient-provider relationships could be disrupted. Both commenters were concerned with equity of access, especially for members living in rural areas as they often lack broadband access. Lastly, the commenter believes that the request for proposal process is not truly competitive and that the state is already aware of what entity it will select.

Response:

The state agrees with the submitter on the importance of coordination of care and information sharing. The goal of the amendment is to enhance existing care, not replace it. Any implemented telehealth platform will have provisions for information sharing with primary care providers. The state acknowledges the submitter's concerns regarding the feasibility of one entity managing all services. The state assures that the chosen entity will be expected to demonstrate their capacity to fulfill these obligations across Utah. The state understands the submitter's concerns about patient safety in relation to medication management. It will be a requirement for the selected entity to coordinate effectively with a member's primary care provider to ensure safe and accurate medication delivery. The state shares the submitter's concerns about information sharing with primary providers. The state will require the selected entity to share patient information with primary providers in a manner consistent with HIPAA as part of their contractual obligations. The state is aligned with the submitter's concerns about equitable access to services. The selected entity will be required to demonstrate their ability to ensure accessibility across different regions and for members with varying technological capabilities. The state understands the submitter's concerns about potential disruption to patient-provider relationships. The state will consider making it a requirement for the selected entity to inquire about and respect these relationships. The state maintains its commitment to a transparent and competitive bidding process. The selection of the contracted entity will be based purely on the entity's ability to meet the program's requirements and objectives.

Tribal Consultation

In accordance with the Utah Medicaid State Plan, and section 1902(a)(73) of the Social Security Act and the DHHS Intergovernmental Policy 01.19 Formal DHHS <u>Tribal</u> Consultation and <u>Urban Indian Organization Conferment Process Policy</u>, the state ensures that a meaningful consultation process occurs in a timely manner on program decisions or policy impacting Indian Tribes and the Urban Indian Organization (UIO) in the State of Utah. DIH has notified the DHHS Tribal Health Liaison of the waiver amendment. As a result of this notification, DIH began to engage in the tribal consultation process by attending the Utah Indian Health Advisory Board (UIHAB) meeting on June 9, 2023 to present this demonstration amendment. During this meeting, UIHAB made the motion to support this amendment.

Tribal Consultation & Conferment Policy Process

In the event that a grant, project, policy, waiver renewal or amendment is requested, the Office of Al/AN Health Affairs is contacted. If the request is within the 90 days of

submission, the Office's AI/AN Health Liaison will provide an opportunity for presentation to the Utah Indian Health Advisory Board (UIHAB) Tribal and UIO representatives. The Liaison will request an executive summary of the materials to be included in the distribution of the meeting agenda and materials to the UIHAB representatives and Tribal leadership. The information is disseminated to the UIHAB representatives and leadership at least 10 days prior to the meeting for review. During the UIHAB meeting, presenters will address any questions or concerns raised by the representatives. If the UIHAB representatives provide resolutions to or are in agreement with the changes, they will make a motion to pass or support by a majority. If additional Consultation is required, the UIHAB will inform the presenters of that need at that time. If a Tribal or UIO representative would like to have the presentation provided to their leadership, they can also make a formal request at that time. The Office of AI/AN Health Affairs will coordinate with the presenter and the UIHAB representatives or the Tribe or UIO to schedule an additional Consultation or Conferment meeting on the issue(s) or concern(s) raised.

Description/Agenda

Dental Services for Medicaid-eligible Adults, Family Planning Services, and Chronic Conditions Support Public Hearings

The Utah Department of Health and Human Services, Division of Integrated Healthcare will hold public hearings to discuss three amendments to Utah's Medicaid Reform 1115 Demonstration. The Department will also accept public comment regarding the amendments online, by email, or mail during the public comment period from June 7, 2023, through July 7, 2023.

The Dental Services for Medicaid-eligible Adults amendment seeks authority from the Centers for Medicare & Medicaid Services (CMS) to provide dental services to Medicaid-eligible adults ages 21 and older who are not already eligible for dental services.

The Family Planning Services amendment seeks authority from CMS to provide family planning services to a specific population that is otherwise ineligible for Medicaid.

The Chronic Conditions Support amendment seeks authority from CMS to provide additional Medicaid services to individuals in rural areas of the state with qualified chronic health conditions.

Public Hearings:

The Department will conduct two public hearings to discuss the demonstration amendments. The dates and times are listed below. Both public hearings will be held via video and teleconferencing.

Thursday, June 15, 2023, from 2:00 to 4:00 pm, during the Medical Care Advisory Committee (MCAC) meeting

Video Conference: Google Meet Meeting meet.google.com/ppd-afmv-vnw

Or join by phone: (US) +1 401-552-4511 PIN: 955 386 753 #

Monday, June 26, 2023, from 4:00 pm to 5:00 pm.

Video Conference: Google Meet Meeting meet.google.com/vvm-yxkz-eah

Or join by phone: (US) +1 650-466-0974 PIN: 714 775 327 #

Individuals requiring an accommodation to fully participate in either meeting may contact Laura Belgique at lbelgique@utah.gov or 1 (801) 538-6241 by June 9, 2023, at 5:00 p.m.

Public Comment:

A copy of the public notice and proposed amendments are available online at:

https://medicaid.utah.gov/1115-waiver/

The public may comment on the proposed amendment requests during the public comment period from June 7, 2023, through July 7, 2023.

Comments may be submitted using the following methods:

Online: https://medicaid.utah.gov/1115-waiver/

Email: Medicaid1115waiver@utah.gov

Mail: Utah Department of Health and Human Services

Division of Integrated Healthcare

PO Box 143106

Dental Services for Medicaid-eligible Adults, Family Planning Services, and Chronic Conditions Support Public Hearings

The Utah Department of Health and Human Services, Division of Integrated Healthcare will hold public hearings to discuss three amendments to Utah's Medicaid Reform 1115 Demonstration. The Department will also accept public comment regarding the amendments online, by email, or mail during the public comment period from June 7, 2023, through July 7, 2023.

The Dental Services for Medicaid-eligible Adults amendment seeks authority from the Centers for Medicare & Medicaid Services (CMS) to provide dental services to Medicaid-eligible adults ages 21 and older who are not already eligible for dental services

The Family Planning Services amendment seeks authority from CMS to provide family planning services to a specific population that is otherwise ineli-gible for Medicaid.

The Chronic Conditions Support amendment seeks authority from CMS to provide additional Medicaid services to individuals in rural areas of the state with qualified chronic health conditions.

Public Hearings:

The Department will conduct two public hearings to discuss the demonstration amendments. The dates and times are listed below. Both public hear-

- ings will be held via video and teleconferencing.
