

**Food Stamp, Financial and Medicaid Information for Immigrants:**

- You can apply for and receive Food Stamp, Financial and Medicaid benefits for eligible family members, even if your family includes other members who are not eligible because of immigration status. For example, immigrant parents may apply for Food Stamp benefits for their U.S. citizen or qualified immigrant children, even though the parents may not be eligible for benefits.
- You do not have to provide immigration status information, Social Security numbers, or documents for any family members who are not eligible for Food Stamp benefits because of immigrant status and who are not asking for Food Stamp benefits. Family members who are not eligible for Food Stamp, Financial or Medicaid benefits will still need to answer other questions about their name, relationship, income, assets, etc.
- Using Food Stamp, Medicaid and Financial benefits will not affect your immigration status or the immigration status of your family. Immigration information is private and confidential.
- Use of Medical benefits by you or your family members should not affect your ability to apply for permanent resident status unless you use Medicaid to pay for long-term care (nursing home or other institutionalized care). Use of Medicaid benefits will not affect your ability to apply for citizenship unless you committed fraud in getting those services.

**Medical Only Information**

- Who do you need to include on this application?
  - Tell us about all the family members who live with you. If you file taxes, we need to know about everyone on your tax return. (You don't need to file taxes to get health coverage). The amount of assistance or type of program you qualify for depends on the number of people in your family and their incomes. This information helps us make sure everyone gets the best coverage they can.
- Affordable Private Health Insurance and Advanced Premium Tax Credits (APTC)
  - Information obtained from this application could also be used to determine your eligibility for affordable private health insurance plans and APTC, which could immediately help you pay your premiums for health coverage.
- Assets and Expenses (Questions 24 – 33)
  - You are only required to answer these questions if there is anyone in your household who is applying for Aged (65+), Blind or Disabled Medicaid, Spenddown Medicaid, Nursing Home, Waiver, Medicare Cost Sharing, and/or Refugee Medical.

Child Care assistance is a subsidy program that helps parents pay an approved child care provider for watching their children while the parent is at work or in school. DWS has a maximum subsidy amount that can be covered per month.

- You will have to pay a co-payment based on your household size and income. DWS determines the amount of subsidy you are eligible for and the amount of your co-payment.
- Since providers may charge more than the subsidy rate, you may have additional out-of-pocket expenses you will owe to your provider above the co-payment. You are responsible to pay your provider the difference between what they charge you and what DWS pays.
- For example:
  - Your provider charges \$530 per month for services.
  - DWS determines your child care payment at \$510 minus a \$77 co-payment. The subsidy amount DWS will pay to your provider is \$433. ( $\$510 - \$77 = \$433$ )
  - You will need to pay your co-payment of \$77 plus an additional \$20 charged by the provider. ( $\$530 - \$433 = \$97$ )

- The total cost you owe to your provider is \$97.
- Households earning at or less than 100% of the federal poverty limit are not subject to the co-payment requirements. However, these families may still have out-of-pocket expenses that they are responsible to pay to their provider.
- If you are using more than one provider, there is no guarantee more than one provider will receive a payment.
- Once approved for Child Care, the payment will be paid directly to the provider you have selected.

### **Eligibility for Child Care Assistance**

Your household must include an eligible child under the age of 12 and/or a special needs child under the age of 18.

- Working parents must be earning minimum wage for the number of hours they work.
- A single parent must be working an average of 15 hours per week.
- In a two-parent family: one parent must work an average of 15 hours per week, and the other parent must work an average of 30 hours per week.
- Child Care may also be approved for training if the parent(s) meet the minimum work requirements and can complete the training within 24 months. Post graduate work, or obtaining a second degree is not supported.
- Self-employed parents must have been self-employed for at least three months. Expenses can be deducted from the gross income. The net income must equal minimum wage for the number of hours working each month.

### **Selecting a Child Care Provider**

You have the right to select the type of child care provider which best meets your family needs.

- Go to [careaboutchildcare.utah.gov](http://careaboutchildcare.utah.gov) to search online for providers in your area and learn more about child care and what to look for in a child care setting.
- You may also contact your local Care About Childcare agency for help finding a provider.
  - Call the Child Care Professional Development Institute toll free at 855-531-2468 to find your local Care About Childcare agency.
- Report your selection of a child care provider if you have already met with the provider, have negotiated a start date and-provider charge. There may be a delay in processing your application if you have not selected a child care provider at the time you apply.
- If you have not selected a child care provider, changes may be reported on [jobs.utah.gov/mycase](http://jobs.utah.gov/mycase) or by contacting the Eligibility Service Center, 801-526-0950 or 1-866-435-7414 (toll free).

If you select a Family, Friend, or Neighbor (FFN) as your provider:

- They must apply with Child Care Licensing (CCL) to become a DWS-FFN approved provider prior to any Child Care assistance being approved.
- Your provider may submit an application online at [childcarelicensing.utah.gov](http://childcarelicensing.utah.gov) or call 800-883-9375 to apply.
- If your FFN provider has not completed the application process, an information notice will be sent to you to give to your provider. Your Child Care application will start the day your FFN provider becomes approved.
- Your provider and their household members age 12 and older must pass a criminal background check and complete all Health and Safety requirements administered by Child Care Licensing.
- If you select a provider who lives with you an exemption will be considered only if a child in the home has special needs.
- If you have selected a provider who is currently DWS FFN Approved, make sure your provider contacts CCL to report they will be providing care for your children. They will need your DWS case number. They are limited to the number of children they may provide care for. If they are over the limit, you may need to choose another provider.

### **Provider Payments**

Payments will be made directly to your chosen provider each month. Your provider will receive the child care payment by either direct deposit to a financial institution of their choice or by check. Your provider will need to contact the Office of Child Care at [occ@utah.gov](mailto:occ@utah.gov) to set up an account in the DWS Provider Portal for direct deposit.

Note: It is important to report promptly when your provider is no longer caring for your child, you change providers, or the amount your provider charges you for care changes. Always check *myCase* to see when the payment was issued and how much money has been authorized for your child care provider(s). It is your responsibility to ensure the Child Care payment was issued to the correct provider for the approved month of service. If you change providers after your current provider is paid for the month and they provide care, you will be responsible to pay your new provider for the month of change. DWS will not make the provider change until the following month.

### **Job Search Child Care Assistance**

Up to two additional months of Child Care assistance will be available for eligible parents to look for a new job while their children can remain in a stable child care setting. Job Search resources are also available from the Office of Child Care for those who request it.

### **Eligibility Requirements:**

- Must have received Employment Support or Transitional Child Care in the month of job loss.
- Must have been working at least 32 hours per week and have a complete loss of employment.
- Be a single parent head of household.
- Report the job loss within 10 days of the job ending to DWS and request Job Search Child Care. Changes may be reported on [jobs.utah.gov/mycase](http://jobs.utah.gov/mycase) or by contacting the Eligibility Service Center, 801-526-0950 or 1-866-435-7414 (toll free).

- Meet all other Child Care program eligibility requirements.
- Job Search Child Care is limited to one time in a 12-month period. Job termination must be verified to receive a second month of Job Search Child Care. The number of hours approved for job search will match the hours approved for the last month of employment.
