Application for a §1915(c) Home and Community-Based Services Waiver

PURPOSE OF THE HCBS WAIVER PROGRAM

The Medicaid Home and Community-Based Services (HCBS) waiver program is authorized in §1915(c) of the Social Security Act. The program permits a state to furnish an array of home and community-based services that assist Medicaid beneficiaries to live in the community and avoid institutionalization. The Centers for Medicare & Medicaid Services (CMS) recognizes that the design and operational features of a waiver program will vary depending on the specific needs of the target population, the resources available to the state, service delivery system structure, state goals and objectives, and other factors.

Application: 1

State:	
Effective Date	

1. Request Information

A. The State of Utah requests approval for a Medicaid home and community-based services (HCBS) waiver under the authority of §1915(c) of the Social Security Act (the Act).

B. **Program Title** (optional – this title will be used to locate this waiver in the finder):

C. **Type of Request:** (the system will automatically populate new, amendment, or renewal)

Requested Approval Period: (For new waivers requesting five year approval periods, the waiver must serve individuals who are dually eligible for Medicaid and Medicare.)

<input type="radio"/>	3 years
<input checked="" type="radio"/>	5 years

<input type="checkbox"/>	New to replace waiver		
	Replacing Waiver Number:		
	Base Waiver Number:	UT.0158.R07	
	Amendment Number (if applicable):	.08	
	Effective Date: (mm/dd/yy)	07/01/2025	

D. **Type of Waiver** (select only one):

<input type="radio"/>	Model Waiver
<input checked="" type="radio"/>	Regular Waiver

E. **Proposed Effective Date:** 07/01/2025

Approved Effective Date (CMS Use):

F. **Level(s) of Care.** This waiver is requested in order to provide home and community-based waiver services to individuals who, but for the provision of such services, would require the following level(s) of care, the costs of which would be reimbursed under the approved Medicaid state plan (check each that applies):

<input type="checkbox"/>	Hospital (select applicable level of care)
<input type="radio"/>	Hospital as defined in 42 CFR §440.10
	If applicable, specify whether the state additionally limits the waiver to subcategories of the hospital level of care:
	

Application: 2

State:	
Effective Date	

	<input type="radio"/>	Inpatient psychiatric facility for individuals under age 21 as provided in 42 CFR § 440.160
<input type="checkbox"/>	Nursing Facility (<i>select applicable level of care</i>)	
	<input type="radio"/>	Nursing Facility as defined in 42 CFR §440.40 and 42 CFR §440.155 If applicable, specify whether the state additionally limits the waiver to subcategories of the nursing facility level of care:
	<input type="radio"/>	Institution for Mental Disease for persons with mental illnesses aged 65 and older as provided in 42 CFR §440.140
<input checked="" type="checkbox"/>	Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID) (as defined in 42 CFR §440.150) If applicable, specify whether the state additionally limits the waiver to subcategories of the ICF/IID facility level of care:	

Application: 3

State:	
Effective Date	

G. Concurrent Operation with Other Programs. This waiver operates concurrently with another program (or programs) approved under the following authorities

Select one:

<input checked="" type="checkbox"/>	Not applicable		
<input type="checkbox"/>	Applicable		
Check the applicable authority or authorities:			
<input type="checkbox"/>	Services furnished under the provisions of §1915(a)(1)(a) of the Act and described in Appendix I		
<input type="checkbox"/>	Waiver(s) authorized under §1915(b) of the Act. <i>Specify the §1915(b) waiver program and indicate whether a §1915(b) waiver application has been submitted or previously approved:</i>		
Specify the §1915(b) authorities under which this program operates (<i>check each that applies</i>):			
<input type="checkbox"/>	§1915(b)(1) (mandated enrollment to managed care)	<input type="checkbox"/>	§1915(b)(3) (employ cost savings to furnish additional services)
<input type="checkbox"/>	§1915(b)(2) (central broker)	<input type="checkbox"/>	§1915(b)(4) (selective contracting/limit number of providers)
<input type="checkbox"/>	A program operated under §1932(a) of the Act. <i>Specify the nature of the state plan benefit and indicate whether the state plan amendment has been submitted or previously approved:</i>		
<input type="checkbox"/>	A program authorized under §1915(i) of the Act.		
<input type="checkbox"/>	A program authorized under §1915(j) of the Act.		
<input type="checkbox"/>	A program authorized under §1115 of the Act. <i>Specify the program:</i>		

H. Dual Eligibility for Medicaid and Medicare.

Check if applicable:

<input checked="" type="checkbox"/>	This waiver provides services for individuals who are eligible for both Medicare and Medicaid.

Application: 4

State:	
Effective Date	

2. Brief Waiver Description

Brief Waiver Description. *In one page or less*, briefly describe the purpose of the waiver, including its goals, objectives, organizational structure (e.g., the roles of state, local and other entities), and service delivery methods.

The purpose of the Community Supports Waiver (CSW) for Individuals with Intellectual Disabilities and Other Related Conditions is to offer supportive services statewide to individuals who satisfy the eligibility criteria of the waiver and to assist these participants to live as independently and productively as possible while living in a community setting of their choice.

The Department of Health, Division of Medicaid and Health Financing is the administrative agency for this waiver, while the Department of Human Services, Division of Services for People with Disabilities (DSPD) is the operating agency. The functions of the both of these agencies are specified in Appendix A of this application. DSPD utilizes an array of service providers in the community that comprise the direct service workforce for this population.

The CSW offers both the agency-based provider model, as well as the self-administered model as the service delivery methods.

Application: 5

State:	
Effective Date	

3. Components of the Waiver Request

The waiver application consists of the following components. *Note: Item 3-E must be completed.*

- A. Waiver Administration and Operation.** Appendix A specifies the administrative and operational structure of this waiver.
- B. Participant Access and Eligibility.** Appendix B specifies the target group(s) of individuals who are served in this waiver, the number of participants that the state expects to serve during each year that the waiver is in effect, applicable Medicaid eligibility and post-eligibility (if applicable) requirements, and procedures for the evaluation and reevaluation of level of care.
- C. Participant Services.** Appendix C specifies the home and community-based waiver services that are furnished through the waiver, including applicable limitations on such services.
- D. Participant-Centered Service Planning and Delivery.** Appendix D specifies the procedures and methods that the state uses to develop, implement and monitor the participant-centered service plan (of care).
- E. Participant-Direction of Services.** When the state provides for participant direction of services, Appendix E specifies the participant direction opportunities that are offered in the waiver and the supports that are available to participants who direct their services. (*Select one*):

<input checked="" type="checkbox"/>	Yes. This waiver provides participant direction opportunities. <i>Appendix E is required.</i>
<input type="checkbox"/>	No. This waiver does not provide participant direction opportunities. <i>Appendix E is not required.</i>

- F. Participant Rights.** Appendix F specifies how the state informs participants of their Medicaid Fair Hearing rights and other procedures to address participant grievances and complaints.
- G. Participant Safeguards.** Appendix G describes the safeguards that the state has established to assure the health and welfare of waiver participants in specified areas.
- H. Quality Improvement Strategy.** Appendix H contains the Quality Improvement Strategy for this waiver.
- I. Financial Accountability.** Appendix I describes the methods by which the state makes payments for waiver services, ensures the integrity of these payments, and complies with applicable federal requirements concerning payments and federal financial participation.
- J. Cost-Neutrality Demonstration.** Appendix J contains the state’s demonstration that the waiver is cost-neutral.

Application: 6

State:	
Effective Date	

4. Waiver(s) Requested

- A. Comparability.** The state requests a waiver of the requirements contained in §1902(a)(10)(B) of the Act in order to provide the services specified in **Appendix C** that are not otherwise available under the approved Medicaid state plan to individuals who: (a) require the level(s) of care specified in Item 1.F and (b) meet the target group criteria specified in **Appendix B**.
- B. Income and Resources for the Medically Needy.** Indicate whether the state requests a waiver of §1902(a)(10)(C)(i)(III) of the Act in order to use institutional income and resource rules for the medically needy (*select one*):

<input type="radio"/>	Not Applicable
<input type="radio"/>	No
<input checked="" type="radio"/>	Yes

- C. Statewide.** Indicate whether the state requests a waiver of the statewide requirements in §1902(a)(1) of the Act (*select one*):

<input checked="" type="radio"/>	No
<input type="radio"/>	Yes

If yes, specify the waiver of statewide that is requested (*check each that applies*):

<input type="checkbox"/>	<p>Geographic Limitation. A waiver of statewide is requested in order to furnish services under this waiver only to individuals who reside in the following geographic areas or political subdivisions of the state.</p> <p><i>Specify the areas to which this waiver applies and, as applicable, the phase-in schedule of the waiver by geographic area:</i></p>
<input type="checkbox"/>	<p>Limited Implementation of Participant-Direction. A waiver of statewide is requested in order to make <i>participant direction of services</i> as specified in Appendix E available only to individuals who reside in the following geographic areas or political subdivisions of the state. Participants who reside in these areas may elect to direct their services as provided by the state or receive comparable services through the service delivery methods that are in effect elsewhere in the state.</p> <p><i>Specify the areas of the state affected by this waiver and, as applicable, the phase-in schedule of the waiver by geographic area:</i></p>

Application: 7

State:	
Effective Date	

5. Assurances

In accordance with 42 CFR §441.302, the state provides the following assurances to CMS:

- A. Health & Welfare:** The state assures that necessary safeguards have been taken to protect the health and welfare of persons receiving services under this waiver. These safeguards include:
1. As specified in **Appendix C**, adequate standards for all types of providers that provide services under this waiver;
 2. Assurance that the standards of any state licensure or certification requirements specified in **Appendix C** are met for services or for individuals furnishing services that are provided under the waiver. The state assures that these requirements are met on the date that the services are furnished; and,
 3. Assurance that all facilities subject to §1616(e) of the Act where home and community-based waiver services are provided comply with the applicable state standards for board and care facilities as specified in **Appendix C**.
- B. Financial Accountability.** The state assures financial accountability for funds expended for home and community-based services and maintains and makes available to the Department of Health and Human Services (including the Office of the Inspector General), the Comptroller General, or other designees, appropriate financial records documenting the cost of services provided under the waiver. Methods of financial accountability are specified in **Appendix I**.
- C. Evaluation of Need:** The state assures that it provides for an initial evaluation (and periodic reevaluations, at least annually) of the need for a level of care specified for this waiver, when there is a reasonable indication that an individual might need such services in the near future (one month or less) but for the receipt of home and community-based services under this waiver. The procedures for evaluation and reevaluation of level of care are specified in **Appendix B**.
- D. Choice of Alternatives:** The state assures that when an individual is determined to be likely to require the level of care specified for this waiver and is in a target group specified in **Appendix B**, the individual (or, legal representative, if applicable) is:
1. Informed of any feasible alternatives under the waiver; and,
 2. Given the choice of either institutional or home and community-based waiver services.
- Appendix B** specifies the procedures that the state employs to ensure that individuals are informed of feasible alternatives under the waiver and given the choice of institutional or home and community-based waiver services.
- E. Average Per Capita Expenditures:** The state assures that, for any year that the waiver is in effect, the average per capita expenditures under the waiver will not exceed 100 percent of the average per capita expenditures that would have been made under the Medicaid state plan for the level(s) of care specified for this waiver had the waiver not been granted. Cost-neutrality is demonstrated in **Appendix J**.
- F. Actual Total Expenditures:** The state assures that the actual total expenditures for home and community-based waiver and other Medicaid services and its claim for FFP in expenditures for the services provided to individuals under the waiver will not, in any year of the waiver period, exceed 100 percent of the amount that would be incurred in the absence of the waiver by the state's Medicaid program for these individuals in the institutional setting(s) specified for this waiver.
- G. Institutionalization Absent Waiver:** The state assures that, absent the waiver, individuals served in the waiver would receive the appropriate type of Medicaid-funded institutional care for the level of care specified for this waiver.
- H. Reporting:** The state assures that annually it will provide CMS with information concerning the impact of the waiver on the type, amount and cost of services provided under the Medicaid state plan and on the health and welfare of waiver participants. This information will be consistent with a data collection plan designed by CMS.

Application: 8

State:	
Effective Date	

- I. Habilitation Services.** The state assures that prevocational, educational, or supported employment services, or a combination of these services, if provided as habilitation services under the waiver are: (1) not otherwise available to the individual through a local educational agency under the Individuals with Disabilities Education Improvement Act of 2004 (IDEA) or the Rehabilitation Act of 1973; and, (2) furnished as part of expanded habilitation services.
- J. Services for Individuals with Chronic Mental Illness.** The state assures that federal financial participation (FFP) will not be claimed in expenditures for waiver services including, but not limited to, day treatment or partial hospitalization, psychosocial rehabilitation services, and clinic services provided as home and community-based services to individuals with chronic mental illnesses if these individuals, in the absence of a waiver, would be placed in an IMD and are: (1) age 22 to 64; (2) age 65 and older and the state has not included the optional Medicaid benefit cited in 42 CFR §440.140; or (3) age 21 and under and the state has not included the optional Medicaid benefit cited in 42 CFR §440.160.

Application: 9

State:	
Effective Date	

6. Additional Requirements

Note: Item 6-I must be completed.

- A. Service Plan.** In accordance with 42 CFR §441.301(b)(1)(i), a participant-centered service plan (of care) is developed for each participant employing the procedures specified in **Appendix D**. All waiver services are furnished pursuant to the service plan. The service plan describes: (a) the waiver services that are furnished to the participant, their projected frequency and the type of provider that furnishes each service and (b) the other services (regardless of funding source, including state plan services) and informal supports that complement waiver services in meeting the needs of the participant. The service plan is subject to the approval of the Medicaid agency. Federal financial participation (FFP) is not claimed for waiver services furnished prior to the development of the service plan or for services that are not included in the service plan.
- B. Inpatients.** In accordance with 42 CFR §441.301(b)(1)(ii), waiver services are not furnished to individuals who are in-patients of a hospital, nursing facility or ICF/IID.
- C. Room and Board.** In accordance with 42 CFR §441.310(a)(2), FFP is not claimed for the cost of room and board except when: (a) provided as part of respite services in a facility approved by the state that is not a private residence or (b) claimed as a portion of the rent and food that may be reasonably attributed to an unrelated caregiver who resides in the same household as the participant, as provided in **Appendix I**.
- D. Access to Services.** The state does not limit or restrict participant access to waiver services except as provided in **Appendix C**.
- E. Free Choice of Provider.** In accordance with 42 CFR §431.151, a participant may select any willing and qualified provider to furnish waiver services included in the service plan unless the state has received approval to limit the number of providers under the provisions of §1915(b) or another provision of the Act.
- F. FFP Limitation.** In accordance with 42 CFR §433 Subpart D, FFP is not claimed for services when another third-party (e.g., another third party health insurer or other federal or state program) is legally liable and responsible for the provision and payment of the service. FFP also may not be claimed for services that are available without charge, or as free care to the community. Services will not be considered to be without charge, or free care, when (1) the provider establishes a fee schedule for each service available and (2) collects insurance information from all those served (Medicaid, and non-Medicaid), and bills other legally liable third party insurers. Alternatively, if a provider certifies that a particular legally liable third party insurer does not pay for the service(s), the provider may not generate further bills for that insurer for that annual period.
- G. Fair Hearing:** The state provides the opportunity to request a Fair Hearing under 42 CFR §431 Subpart E, to individuals: (a) who are not given the choice of home and community-based waiver services as an alternative to institutional level of care specified for this waiver; (b) who are denied the service(s) of their choice or the provider(s) of their choice; or (c) whose services are denied, suspended, reduced or terminated. **Appendix F** specifies the state's procedures to provide individuals the opportunity to request a Fair Hearing, including providing notice of action as required in 42 CFR §431.210.
- H. Quality Improvement.** The state operates a formal, comprehensive system to ensure that the waiver meets the assurances and other requirements contained in this application. Through an ongoing process of discovery, remediation and improvement, the state assures the health and welfare of participants by monitoring: (a) level of care determinations; (b) individual plans and services delivery; (c) provider qualifications; (d) participant health and welfare; (e) financial oversight and (f) administrative oversight of the waiver. The state further assures that all problems identified through its discovery processes are addressed in an appropriate and timely manner, consistent with the severity and nature of the problem.

Application: 10

State:	
Effective Date	

During the period that the waiver is in effect, the state will implement the Quality Improvement Strategy specified throughout the application and in **Appendix H**.

I. Public Input. Describe how the state secures public input into the development of the waiver:

Will input at a later time

J. Notice to Tribal Governments. The state assures that it has notified in writing all federally-recognized Tribal Governments that maintain a primary office and/or majority population within the State of the State’s intent to submit a Medicaid waiver request or renewal request to CMS at least 60 days before the anticipated submission date as provided by Presidential Executive Order 13175 of November 6, 2000. Evidence of the applicable notice is available through the Medicaid Agency.

K. Limited English Proficient Persons. The state assures that it provides meaningful access to waiver services by Limited English Proficient persons in accordance with: (a) Presidential Executive Order 13166 of August 11, 2000 (65 FR 50121) and (b) Department of Health and Human Services “Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons” (68 FR 47311 - August 8, 2003). **Appendix B** describes how the state assures meaningful access to waiver services by Limited English Proficient persons.

8. Authorizing Signature

This document, together with Appendices A through J, constitutes the state's request for a waiver under §1915(c) of the Social Security Act. The state assures that all materials referenced in this waiver application (including standards, licensure and certification requirements) are *readily* available in print or electronic form upon request to CMS through the Medicaid agency or, if applicable, from the operating agency specified in Appendix A. Any proposed changes to the waiver will be submitted by the Medicaid agency to CMS in the form of waiver amendments.

Upon approval by CMS, the waiver application serves as the state's authority to provide home and community-based waiver services to the specified target groups. The state attests that it will abide by all provisions of the approved waiver and will continuously operate the waiver in accordance with the assurances specified in Section 5 and the additional requirements specified in Section 6 of the request.

Signature:

 State Medicaid Director or Designee

Application: 13

State:	
Effective Date	

Attachment #1: Transition Plan

Specify the transition plan for the waiver:

--

Attachments to Application: 1

State:	
Effective Date	

Attachment #2: Home and Community-Based Settings Waiver Transition Plan

Specify the state's process to bring this waiver into compliance with federal home and community-based (HCB) settings requirements at 42 CFR 441.301(c)(4)-(5), and associated CMS guidance.

Consult with CMS for instructions before completing this item. This field describes the status of a transition process at the point in time of submission. Relevant information in the planning phase will differ from information required to describe attainment of milestones.

To the extent that the state has submitted a statewide HCB settings transition plan to CMS, the description in this field may reference that statewide plan. The narrative in this field must include enough information to demonstrate that this waiver complies with federal HCB settings requirements, including the compliance and transition requirements at 42 CFR 441.301(c)(6), and that this submission is consistent with the portions of the statewide HCB settings transition plan that are germane to this waiver. Quote or summarize germane portions of the statewide HCB settings transition plan as required.

Note that Appendix C-5 HCB Settings describes settings that do not require transition; the settings listed there meet federal HCB setting requirements as of the date of submission. Do not duplicate that information here.

Update this field and Appendix C-5 when submitting a renewal or amendment to this waiver for other purposes. It is not necessary for the state to amend the waiver solely for the purpose of updating this field and Appendix C-5. At the end of the state's HCB settings transition process for this waiver, when all waiver settings meet federal HCB setting requirements, enter "Completed" in this field, and include in Section C-5 the information on all HCB settings in the waiver.

The state assures that this waiver renewal will be subject to any provisions or requirements included in the state's most recent and/or approved home and community-based settings Statewide Transition Plan. The state will implement any CMS required changes by the end of the transition period as outlines in the home and community-based settings Statewide Transition Plan.

Appendix A: Waiver Administration and Operation

1. State Line of Authority for Waiver Operation. Specify the state line of authority for the operation of the waiver (*select one*):

<input type="radio"/>	The waiver is operated by the state Medicaid agency. Specify the Medicaid agency division/unit that has line authority for the operation of the waiver program (<i>select one</i>):
<input type="radio"/>	The Medical Assistance Unit (<i>specify the unit name</i>) (<i>Do not complete Item A-2</i>)
<input type="radio"/>	Another division/unit within the state Medicaid agency that is separate from the Medical Assistance Unit. Specify the division/unit name. This includes administrations/divisions under the umbrella agency that has been identified as the Single State Medicaid Agency. (<i>Complete item A-2-a</i>)
<input checked="" type="checkbox"/>	The waiver is operated by a separate agency of the state that is not a division/unit of the Medicaid agency. Specify the division/unit name:
	Utah Department of Health and Human Services, Division of Services for People with Disabilities
	In accordance with 42 CFR §431.10, the Medicaid agency exercises administrative discretion in the administration and supervision of the waiver and issues policies, rules and regulations related to the waiver. The interagency agreement or memorandum of understanding that sets forth the authority and arrangements for this policy is available through the Medicaid agency to CMS upon request. (<i>Complete item A-2-b</i>).

2. Oversight of Performance.

a. Medicaid Director Oversight of Performance When the Waiver is Operated by another Division/Unit within the State Medicaid Agency. When the waiver is operated by another division/administration within the umbrella agency designated as the Single State Medicaid Agency. Specify (a) the functions performed by that division/administration (i.e., the Developmental Disabilities Administration within the Single State Medicaid Agency), (b) the document utilized to outline the roles and responsibilities related to waiver operation, and (c) the methods that are employed by the designated State Medicaid Director (in some instances, the head of umbrella agency) in the oversight of these activities.

Appendix B-1: 1

State:	
Effective Date	

b. Medicaid Agency Oversight of Operating Agency Performance. When the waiver is not operated by the Medicaid agency, specify the functions that are expressly delegated through a memorandum of understanding (MOU) or other written document, and indicate the frequency of review and update for that document. Specify the methods that the Medicaid agency uses to ensure that the operating agency performs its assigned waiver operational and administrative functions in accordance with waiver requirements. Also specify the frequency of Medicaid agency assessment of operating agency performance:

An interagency agreement between the State Medicaid Agency (SMA) and the Division of Services for People with Disabilities (DSPD) sets forth the respective responsibilities for the administration and operation of this waiver. This agreement runs for five year periods, but can be amended as needed.

The agreement delineates the SMA's overall responsibility to provide management and oversight of the waiver, as well as DSPD's operational and administrative functions.

3. Use of Contracted Entities. Specify whether contracted entities perform waiver operational and administrative functions on behalf of the Medicaid agency and/or the operating agency (if applicable) (*select one*):

<input type="radio"/>	Yes. Contracted entities perform waiver operational and administrative functions on behalf of the Medicaid agency and/or operating agency (if applicable). Specify the types of contracted entities and briefly describe the functions that they perform. <i>Complete Items A-5 and A-6.</i>
<input checked="" type="radio"/>	No. Contracted entities do not perform waiver operational and administrative functions on behalf of the Medicaid agency and/or the operating agency (if applicable).

Appendix B-1: 2

State:	
Effective Date	

4. Role of Local/Regional Non-State Entities. Indicate whether local or regional non-state entities perform waiver operational and administrative functions and, if so, specify the type of entity (*Select one*):

<input checked="" type="checkbox"/>	Not applicable
<input type="checkbox"/>	Applicable - Local/regional non-state agencies perform waiver operational and administrative functions. Check each that applies:
<input type="checkbox"/>	<p>Local/Regional non-state public agencies conduct waiver operational and administrative functions at the local or regional level. There is an interagency agreement or memorandum of understanding between the Medicaid agency and/or the operating agency (when authorized by the Medicaid agency) and each local/regional non-state agency that sets forth the responsibilities and performance requirements of the local/regional agency. The interagency agreement or memorandum of understanding is available through the Medicaid agency or the operating agency (if applicable). <i>Specify the nature of these agencies and complete items A-5 and A-6:</i></p>
<input type="checkbox"/>	<p>Local/Regional non-governmental non-state entities conduct waiver operational and administrative functions at the local or regional level. There is a contract between the Medicaid agency and/or the operating agency (when authorized by the Medicaid agency) and each local/regional non-state entity that sets forth the responsibilities and performance requirements of the local/regional entity. The contract(s) under which private entities conduct waiver operational functions are available to CMS upon request through the Medicaid agency or the operating agency (if applicable). <i>Specify the nature of these entities and complete items A-5 and A-6:</i></p>

5. Responsibility for Assessment of Performance of Contracted and/or Local/Regional Non-State Entities. Specify the state agency or agencies responsible for assessing the performance of contracted and/or local/regional non-state entities in conducting waiver operational and administrative functions:

6. Assessment Methods and Frequency. Describe the methods that are used to assess the performance of contracted and/or local/regional non-state entities to ensure that they perform assigned waiver operational and administrative functions in accordance with waiver requirements. Also specify how frequently the performance of contracted and/or local/regional non-state entities is assessed:

Appendix B-1: 3

State:	
Effective Date	

Appendix B: Participant Access and Eligibility

HCBS Waiver Application Version 3.6

- 7. Distribution of Waiver Operational and Administrative Functions.** In the following table, specify the entity or entities that have responsibility for conducting each of the waiver operational and administrative functions listed (*check each that applies*):

In accordance with 42 CFR §431.10, when the Medicaid agency does not directly conduct a function, it supervises the performance of the function and establishes and/or approves policies that affect the function. All functions not performed directly by the Medicaid agency must be delegated in writing and monitored by the Medicaid Agency. *Note: More than one box may be checked per item. Ensure that Medicaid is checked when the Single State Medicaid Agency (1) conducts the function directly; (2) supervises the delegated function; and/or (3) establishes and/or approves policies related to the function.*

Function	Medicaid Agency	Other State Operating Agency	Contracted Entity	Local Non-State Entity
Participant waiver enrollment	X	X	<input type="checkbox"/>	<input type="checkbox"/>
Waiver enrollment managed against approved limits	X	X	<input type="checkbox"/>	<input type="checkbox"/>

Quality Improvement: Administrative Authority of the Single State Medicaid Agency

As a distinct component of the state’s quality improvement strategy, provide information in the following fields to detail the state’s methods for discovery and remediation.

a. Methods for Discovery: Administrative Authority

The Medicaid Agency retains ultimate administrative authority and responsibility for the operation of the waiver program by exercising oversight of the performance of waiver functions by other state and local/regional non-state agencies (if appropriate) and contracted entities..

i Performance Measures

For each performance measure the state will use to assess compliance with the statutory assurance complete the following. Performance measures for administrative authority should not duplicate measures found in other appendices of the waiver application. As necessary and applicable, performance measures should focus on:

- *Uniformity of development/execution of provider agreements throughout all geographic areas covered by the waiver*
- *Equitable distribution of waiver openings in all geographic areas covered by the waiver*
- *Compliance with HCB settings requirements and other new regulatory components (for waiver actions submitted on or after March 17, 2014).*

Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the state to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:	# & % of applicants denied access to the waiver following the initial LoC eval who were provided timely notice of appeal rights. Numerator is the total # of applicants who were denied waiver access after the initial LoC and received a timely notice of appeal rights at least 10 days before the date of action; denominator is the total # of applicants denied waiver access after the initial LoC

Add another Performance measure (button to prompt another performance measure)

- ii If applicable, in the textbox below provide any necessary additional information on the strategies employed by the state to discover/identify problems/issues within the waiver program, including frequency and parties responsible.*

The SMA demonstrates ultimate administrative authority and responsibility for the operation of the Community Transitions Waiver program through numerous activities including the issuance of Community Transitions Waiver provider agreement approvals as well as the review of the following: applicants denied entry to the Community Transitions Waiver to determine if timely appeal rights were provided and participants who have had a reduction/denial of a waiver service, been denied choice of provider if more than one was available or been determined ineligible when previously receiving services to determine if timely notice of appeal rights were provided. The SMA also conducts quarterly meetings with staff from DSPD, monitors compliance with the interagency Memorandum of Agreement, conducts annual quality assurance reviews of the Community Transitions Waiver program and provides technical assistance to DSPD and other entities within the state that affect the operation of the waiver program.

In Addition, waiver participants, members of the public, and stakeholders may submit concerns to SMA or OA, both of which have representatives designated to respond to concerns.

Appendix B-1: 10

Effective Date	

b. Methods for Remediation/Fixing Individual Problems

- i. Describe the state’s method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the state to document these items.

Individual issues identified that affect the health and welfare of individual recipients are addressed immediately. These issues are addressed in a variety of ways, and may include: a) direct contact for additional information if any, and b) informal discussion or formal (written) notice of adverse findings. The SMA will use discretion in determining notice requirements depending on the findings. Examples of issues requiring intervention by the SMA would include: overpayments; allegations or substantiated violations of health and safety; necessary involvement of APS and/or local law enforcement; or issues involving the State’s Medicaid Fraud Control Unit.

Appendix B-1: Specification of the Waiver Target Group(s)

a. Target Group(s). Under the waiver of Section 1902(a)(10)(B) of the Act, the state limits waiver services to a group or subgroups of individuals. *In accordance with 42 CFR §441.301(b)(6), select one waiver target group, check each subgroup in the selected target group that may receive services under the waiver, and specify the minimum and maximum (if any) age of individuals served in each subgroup:*

SELECT ONE WAIVER TARGET GROUP	TARGET GROUP/SUBGROUP	MINIMUM AGE	MAXIMUM AGE	
			MAXIMUM AGE LIMIT: THROUGH AGE –	NO MAXIMUM AGE LIMIT
<input type="checkbox"/>	Aged or Disabled, or Both - General			
	<input type="checkbox"/> Aged (age 65 and older)			<input type="checkbox"/>
	<input type="checkbox"/> Disabled (Physical)			
	<input type="checkbox"/> Disabled (Other)			
<input type="checkbox"/>	Aged or Disabled, or Both - Specific Recognized Subgroups			
	<input type="checkbox"/> Brain Injury			<input type="checkbox"/>
	<input type="checkbox"/> HIV/AIDS			<input type="checkbox"/>
	<input type="checkbox"/> Medically Fragile			<input type="checkbox"/>
	<input type="checkbox"/> Technology Dependent			<input type="checkbox"/>
<input checked="" type="checkbox"/>	Intellectual Disability or Developmental Disability, or Both			
	<input checked="" type="checkbox"/> Autism	0		<input checked="" type="checkbox"/>
	<input checked="" type="checkbox"/> Developmental Disability	0		<input checked="" type="checkbox"/>
	<input checked="" type="checkbox"/> Intellectual Disability	0		<input checked="" type="checkbox"/>
<input type="checkbox"/>	Mental Illness (check each that applies)			
	<input type="checkbox"/> Mental Illness			<input type="checkbox"/>
	<input type="checkbox"/> Serious Emotional Disturbance			

b. Additional Criteria. The state further specifies its target group(s) as follows:

Waiver services are limited to individuals with the following disease(s) or condition(s)

1. Must have a diagnosis of intellectual disability as per 42CFR483.102(b)(3) or a condition closely related to intellectual disability as per 42CFR435.1010.
2. In addition, individuals served in this waiver program must also demonstrate substantial functional limitations in three or more areas of major life activity as described in R414-502-8.
3. Conditions closely related to intellectual disabilities do not include individuals whose functional limitations are due solely to mental illness, substance abuse, personality disorder, hearing impairment, visual impairment, learning disabilities, behavior disorders, physical problems, borderline intellectual functioning, communication or language disorders, aging process, terminal illnesses, or developmental disabilities that do not result in an intellectual impairment.
4. This waiver is limited to persons with disabilities who have established eligibility for State matching funds through the Utah Department of Health and Human Services in accordance with UCA 62A-5.

Appendix B-2: Individual Cost Limit

- a. Individual Cost Limit.** The following individual cost limit applies when determining whether to deny home and community-based services or entrance to the waiver to an otherwise eligible individual (*select one*). Please note that a state may have only ONE individual cost limit for the purposes of determining eligibility for the waiver:

<input checked="" type="checkbox"/>	No Cost Limit.	The state does not apply an individual cost limit. <i>Do not complete Item B-2-b or Item B-2-c.</i>
<input type="checkbox"/>	Cost Limit in Excess of Institutional Costs.	The state refuses entrance to the waiver to any otherwise eligible individual when the state reasonably expects that the cost of the home and community-based services furnished to that individual would exceed the cost of a level of care specified for the waiver up to an amount specified by the state. <i>Complete Items B-2-b and B-2-c.</i> The limit specified by the state is (<i>select one</i>):
<input type="checkbox"/>	%	A level higher than 100% of the institutional average Specify the percentage:
<input type="checkbox"/>	Other (<i>specify</i>):	
<input type="checkbox"/>	Institutional Cost Limit. Pursuant to 42 CFR 441.301(a)(3), the state refuses entrance to the waiver to any otherwise eligible individual when the state reasonably expects that the cost of the home and community-based services furnished to that individual would exceed 100% of the cost of the level of care specified for the waiver. <i>Complete Items B-2-b and B-2-c.</i>	
<input type="checkbox"/>	Cost Limit Lower Than Institutional Costs. The state refuses entrance to the waiver to any otherwise qualified individual when the state reasonably expects that the cost of home and community-based services furnished to that individual would exceed the following amount specified by the state that is less than the cost of a level of care specified for the waiver. <i>Specify the basis of the limit, including evidence that the limit is sufficient to assure the health and welfare of waiver participants. Complete Items B-2-b and B-2-c.</i>	
The cost limit specified by the state is (<i>select one</i>):		
<input type="checkbox"/>	The following dollar amount: Specify dollar amount:	
The dollar amount (<i>select one</i>):		
<input type="checkbox"/>	Is adjusted each year that the waiver is in effect by applying the following formula: Specify the formula:	
<input type="checkbox"/>	May be adjusted during the period the waiver is in effect. The state will submit a waiver amendment to CMS to adjust the dollar amount.	

Appendix B-2: 1

State:	
Effective Date	

<input type="radio"/>	The following percentage that is less than 100% of the institutional average:		
<input type="radio"/>	Other: Specify:		

b. Method of Implementation of the Individual Cost Limit. When an individual cost limit is specified in Item B-2-a, specify the procedures that are followed to determine in advance of waiver entrance that the individual's health and welfare can be assured within the cost limit:

--

c. Participant Safeguards. When the state specifies an individual cost limit in Item B-2-a and there is a change in the participant's condition or circumstances post-entrance to the waiver that requires the provision of services in an amount that exceeds the cost limit in order to assure the participant's health and welfare, the state has established the following safeguards to avoid an adverse impact on the participant (*check each that applies*):

<input type="checkbox"/>	The participant is referred to another waiver that can accommodate the individual's needs.
<input type="checkbox"/>	Additional services in excess of the individual cost limit may be authorized. Specify the procedures for authorizing additional services, including the amount that may be authorized:
<input type="checkbox"/>	Other safeguard(s) <i>(Specify):</i>

Appendix B-2: 2

State:	
Effective Date	

Appendix B-3: Number of Individuals Served

- a. **Unduplicated Number of Participants.** The following table specifies the maximum number of unduplicated participants who are served in each year that the waiver is in effect. The state will submit a waiver amendment to CMS to modify the number of participants specified for any year(s), including when a modification is necessary due to legislative appropriation or another reason. The number of unduplicated participants specified in this table is basis for the cost-neutrality calculations in Appendix J:

Table: B-3-a	
Waiver Year	Unduplicated Number of Participants
Year 1	6200
Year 2	6200
Year 3	6200
Year 4 (only appears if applicable based on Item 1-C)	6200
Year 5 (only appears if applicable based on Item 1-C)	6200

- b. **Limitation on the Number of Participants Served at Any Point in Time.** Consistent with the unduplicated number of participants specified in Item B-3-a, the state may limit to a lesser number the number of participants who will be served at any point in time during a waiver year. Indicate whether the state limits the number of participants in this way: (*select one*):

<input type="radio"/>	The state does not limit the number of participants that it serves at any point in time during a waiver year.
<input checked="" type="radio"/>	The state limits the number of participants that it serves at any point in time during a waiver year.

The limit that applies to each year of the waiver period is specified in the following table:

Table B-3-b	
Waiver Year	Maximum Number of Participants Served At Any Point During the Year
Year 1	5700
Year 2	5700
Year 3	5700
Year 4 (only appears if applicable based on Item 1-C)	5700
Year 5 (only appears if applicable based on Item 1-C)	5700

Appendix B-3: 1

- c. **Reserved Waiver Capacity.** The state may reserve a portion of the participant capacity of the waiver for specified purposes (e.g., provide for the community transition of institutionalized persons or furnish waiver services to individuals experiencing a crisis) subject to CMS review and approval. The State (*select one*):

<input checked="" type="checkbox"/>	Not applicable. The state does not reserve capacity.		
<input type="checkbox"/>	The state reserves capacity for the following purpose(s). Purpose(s) the state reserves capacity for:		
Table B-3-c			
		Purpose (provide a title or short description to use for lookup):	Purpose (provide a title or short description to use for lookup):
		Purpose (describe):	Purpose (describe):
		Describe how the amount of reserved capacity was determined:	Describe how the amount of reserved capacity was determined:
	Waiver Year	Capacity Reserved	Capacity Reserved
	Year 1		
	Year 2		
	Year 3		
	Year 4 (only if applicable based on Item 1-C)		
	Year 5 (only if applicable based on Item 1-C)		

- d. **Scheduled Phase-In or Phase-Out.** Within a waiver year, the state may make the number of participants who are served subject to a phase-in or phase-out schedule (*select one*):

<input checked="" type="checkbox"/>	The waiver is not subject to a phase-in or a phase-out schedule.
<input type="checkbox"/>	The waiver is subject to a phase-in or phase-out schedule that is included in Attachment #1 to Appendix B-3. This schedule constitutes an <i>intra-year</i> limitation on the number of participants who are served in the waiver.

Appendix B-3: 2

State:	
Effective Date	

e. Allocation of Waiver Capacity.

Select one:

<input checked="" type="checkbox"/>	Waiver capacity is allocated/managed on a statewide basis.
<input type="checkbox"/>	Waiver capacity is allocated to local/regional non-state entities. Specify: (a) the entities to which waiver capacity is allocated; (b) the methodology that is used to allocate capacity and +how often the methodology is reevaluated; and, (c) policies for the reallocation of unused capacity among local/regional non-state entities:

f. Selection of Entrants to the Waiver. Specify the policies that apply to the selection of individuals for entrance to the waiver:

Medicaid recipients who meet the programmatic eligibility requirements as defined in Appendix B-1 are given a choice (in writing) to either receive services to meet the identified needs in an ICF/ID, or through the CSW. If the individual chooses to receive services through the waiver, available capacity is determined.

If available capacity exists, the individual is enrolled in the waiver.

If available capacity does not exist, the applicant will be advised in writing that he or she may access services through an ICF/ID, or may wait for available capacity in the CSW.

If the individual chooses to wait for available capacity, the operating agency provides information about community resources to assist the individual in the interim. If the individual is not a Medicaid recipient at the time of application, information will be given on applying for Medicaid. However, eligibility for Medicaid is not determined at this time.

While awaiting the availability of CSW services, the operating agency may offer applicants State-funded services such as ~~community supports brokering~~, referral to other available community resources, ~~and has in the past offered family preservation~~ family support funding through respite when available, and supported employment programs f.

In all cases, the applicant’s choice will be documented in writing, signed by the applicant, and maintained as part of the individual record.

As directed by State law, DSPD has established a Critical Needs Assessment process by which individuals are ranked on a waiting list to prioritize access to services. A significant component of the Critical Needs Assessment tool addresses the immediacy of the need for services and the individual’s risk in not gaining access to services. The applicant is placed on a waiting list according to their critical need ranking. The waiting list includes applicants who are seeking to receive services through DSPD.

Appendix B-5: Post-Eligibility Treatment of Income

In accordance with 42 CFR §441.303(e), Appendix B-5 must be completed when the state furnishes waiver services to individuals in the special home and community-based waiver group under 42 CFR §435.217, as indicated in Appendix B-4. Post-eligibility applies only to the 42 CFR §435.217 group.

a. Use of Spousal Impoverishment Rules. Indicate whether spousal impoverishment rules are used to determine eligibility for the special home and community-based waiver group under 42 CFR §435.217.

Note: For the five-year period beginning January 1, 2014, the following instructions are mandatory. The following box should be checked for all waivers that furnish waiver services to the 42 CFR §435.217 group effective at any point during this time period.

<input checked="" type="checkbox"/>	Spousal impoverishment rules under §1924 of the Act are used to determine the eligibility of individuals with a community spouse for the special home and community-based waiver group. In the case of a participant with a community spouse, the state uses <i>spousal</i> post-eligibility rules under §1924 of the Act. <i>Complete Items B-5-e (if the selection for B-4-a-i is SSI State or §1634) or B-5-f (if the selection for B-4-a-i is 209b State) and Item B-5-g unless the state indicates that it also uses spousal post-eligibility rules for the time periods before January 1, 2014 or after December 31, 2018.</i>
-------------------------------------	--

Note: The following selections apply for the time periods before January 1, 2014 or after December 31, 2018 (select one).

<input checked="" type="checkbox"/>	Spousal impoverishment rules under §1924 of the Act are used to determine the eligibility of individuals with a community spouse for the special home and community-based waiver group. In the case of a participant with a community spouse, the state elects to (<i>select one</i>):
<input checked="" type="checkbox"/>	Use <i>spousal</i> post-eligibility rules under §1924 of the Act. <i>Complete Items B-5-b-2 (SSI State and §1634) or B-5-c-2 (209b State) and Item B-5-d.</i>
<input type="checkbox"/>	Use <i>regular</i> post-eligibility rules under 42 CFR §435.726 (SSI State and §1634) (<i>Complete Item B-5-b-1</i>) or under §435.735 (209b State) (<i>Complete Item B-5-c-1</i>). <i>Do not complete Item B-5-d.</i>
<input type="checkbox"/>	Spousal impoverishment rules under §1924 of the Act are not used to determine eligibility of individuals with a community spouse for the special home and community-based waiver group. The state uses regular post-eligibility rules for individuals with a community spouse. <i>Complete Item B-5-c-1 (SSI State and §1634) or Item B-5-d-1 (209b State). Do not complete Item B-5-d.</i>

NOTE: Items B-5-b-1 and B-5-c-1 are for use by states that do not use spousal eligibility rules or use spousal impoverishment eligibility rules but elect to use regular post-eligibility rules. However, for the five-year period beginning on January 1, 2014, post-eligibility treatment-of-income rules may not be determined in accordance with B-5-b-1 and B-5-c-1, because use of spousal eligibility and post-eligibility rules are mandatory during this time period.

Appendix B-5: 1

State:	
Effective Date	

Note: The following selections apply for the time periods before January 1, 2014 or after December 31, 2018.

b-1. Regular Post-Eligibility Treatment of Income: SSI State. The state uses the post-eligibility rules at 42 CFR §435.726. Payment for home and community-based waiver services is reduced by the amount remaining after deducting the following allowances and expenses from the waiver participant's income:

i. Allowance for the needs of the waiver participant (select one):		
<input type="radio"/>	The following standard included under the state plan (Select one):	
<input type="radio"/>	SSI standard	
<input type="radio"/>	Optional state supplement standard	
<input type="radio"/>	Medically needy income standard	
<input type="radio"/>	The special income level for institutionalized persons (select one):	
<input type="radio"/>	300% of the SSI Federal Benefit Rate (FBR)	
<input type="radio"/>	%	A percentage of the FBR, which is less than 300% Specify the percentage:
<input type="radio"/>	\$	A dollar amount which is less than 300%. Specify dollar amount:
<input type="radio"/>	%	A percentage of the Federal poverty level Specify percentage:
<input type="radio"/>	Other standard included under the state Plan Specify:	
<input type="radio"/>	The following dollar amount Specify dollar amount:	\$ _____ If this amount changes, this item will be revised.
<input checked="" type="radio"/>	The following formula is used to determine the needs allowance: Specify: In order to determine total income, the allowance for the needs of the waiver participant is 100% of the HHS Poverty Guidelines for one person plus an amount of earned income up to the substantial gainful activity level of earnings defined in Section 223(d)(4) of the Compilation of the Social Security Laws.	
<input type="radio"/>	Other Specify:	
ii. Allowance for the spouse only (select one):		
<input checked="" type="radio"/>	Not Applicable	
Specify the amount of the allowance (select one):		
<input type="radio"/>	SSI standard	
<input type="radio"/>	Optional state supplement standard	

Appendix B-5: 2

State:	
Effective Date	

<input type="radio"/>	Medically needy income standard	
<input type="radio"/>	The following dollar amount: Specify dollar amount:	\$ <input type="text"/> If this amount changes, this item will be revised.
<input type="radio"/>	The amount is determined using the following formula: <i>Specify:</i>	
	<input type="text"/>	
iii. Allowance for the family (select one):		
<input type="radio"/>	Not Applicable (see instructions)	
<input type="radio"/>	AFDC need standard	
<input checked="" type="radio"/>	Medically needy income standard	
<input type="radio"/>	The following dollar amount: Specify dollar amount:	\$ <input type="text"/> The amount specified cannot exceed the higher of the need standard for a family of the same size used to determine eligibility under the state's approved AFDC plan or the medically needy income standard established under 42 CFR §435.811 for a family of the same size. If this amount changes, this item will be revised.
<input type="radio"/>	The amount is determined using the following formula: <i>Specify:</i>	
	<input type="text"/>	
<input type="radio"/>	Other <i>Specify:</i>	
	<input type="text"/>	
iv. Amounts for incurred medical or remedial care expenses not subject to payment by a third party, specified in 42 §CFR 435.726:		
a. Health insurance premiums, deductibles and co-insurance charges		
b. Necessary medical or remedial care expenses recognized under state law but not covered under the state's Medicaid plan, subject to reasonable limits that the state may establish on the amounts of these expenses.		
Select one:		
<input type="radio"/>	Not applicable (see instructions) Note: If the state protects the maximum amount for the waiver participant, not applicable must be selected.	
<input type="radio"/>	The state does not establish reasonable limits.	
<input checked="" type="radio"/>	The state establishes the following reasonable limits <i>Specify:</i>	
	The limits specified in Utah's Title XIX state plan for post-eligibility income deductions under 42 CFR 435.725, 435.726, 435. 832 and Sec. 1924 of the Social Security Act. The limits are defined on supplement 3 to attachment 2.6A.

		The amount specified cannot exceed the higher of the need standard for a family of the same size used to determine eligibility under the state's approved AFDC plan or the medically needy income standard established under 42 CFR §435.811 for a family of the same size. If this amount changes, this item will be revised.
<input type="radio"/>	The amount is determined using the following formula: <i>Specify:</i>	
<input type="radio"/>	Other <i>Specify:</i>	
iv. Amounts for incurred medical or remedial care expenses not subject to payment by a third party, specified in 42 §CFR 435.726:		
a. Health insurance premiums, deductibles and co-insurance charges b. Necessary medical or remedial care expenses recognized under state law but not covered under the state's Medicaid plan, subject to reasonable limits that the state may establish on the amounts of these expenses. Select one:		

Appendix B-5: 12

State:	
Effective Date	

<input type="radio"/>	Not applicable (<i>see instructions</i>) <i>Note: If the state protects the maximum amount for the waiver participant, not applicable must be selected.</i>
<input type="radio"/>	The state does not establish reasonable limits.
<input type="radio"/>	The state establishes the following reasonable limits <i>Specify:</i>

Appendix B-5: 13

State:	
Effective Date	

Note: The following selections apply for the time periods before January 1, 2014 or after December 31, 2018.

d. Post-Eligibility Treatment of Income Using Spousal Impoverishment Rules

The state uses the post-eligibility rules of §1924(d) of the Act (spousal impoverishment protection) to determine the contribution of a participant with a community spouse toward the cost of home and community-based care if it determines the individual's eligibility under §1924 of the Act. There is deducted from the participant's monthly income a personal needs allowance (as specified below), a community spouse's allowance and a family allowance as specified in the state Medicaid Plan. The state must also protect amounts for incurred expenses for medical or remedial care (as specified below).

i. Allowance for the personal needs of the waiver participant			
<i>(select one):</i>			
<input type="radio"/>	SSI Standard		
<input type="radio"/>	Optional state supplement standard		
<input type="radio"/>	Medically needy income standard		
<input type="radio"/>	The special income level for institutionalized persons		
<input type="radio"/>	%	Specify percentage:	
<input type="radio"/>	The following dollar amount:	\$	If this amount changes, this item will be revised
<input checked="" type="radio"/>	The following formula is used to determine the needs allowance:		
	<i>Specify formula:</i>		
	The allowance for the personal needs of the waiver participant is: 100% of the HHS Poverty Guidelines for one person plus an amount of earned income up to the substantial gainful activity level of earnings defined in Section 223(d)(4) of the Compilation of the Social Security Laws.		
<input type="radio"/>	Other		
	<i>Specify:</i>		
ii. If the allowance for the personal needs of a waiver participant with a community spouse is different from the amount used for the individual's maintenance allowance under 42 CFR §435.726 or 42 CFR §435.735, explain why this amount is reasonable to meet the individual's maintenance needs in the community.			
Select one:			
<input checked="" type="radio"/>	Allowance is the same		
<input type="radio"/>	Allowance is different.		
	<i>Explanation of difference:</i>		
iii. Amounts for incurred medical or remedial care expenses not subject to payment by a third party, specified in 42 CFR §435.726:			
a. Health insurance premiums, deductibles and co-insurance charges			
b. Necessary medical or remedial care expenses recognized under state law but not covered under the State's Medicaid plan, subject to reasonable limits that the state may establish on the amounts of these expenses.			
<i>Select one:</i>			

Appendix B-5: 14

State:	
Effective Date	

<input type="radio"/>	Not applicable (see instructions) <i>Note: If the state protects the maximum amount for the waiver participant, not applicable must be selected.</i>
<input type="radio"/>	The state does not establish reasonable limits.
<input checked="" type="radio"/>	The state uses the same reasonable limits as are used for regular (non-spousal) post-eligibility.

NOTE: Items B-5-e, B-5-f and B-5-g only apply for the five-year period beginning January 1, 2014. If the waiver is effective during the five-year period beginning January 1, 2014, and if the state indicated in B-5-a that it uses spousal post-eligibility rules under §1924 of the Act before January 1, 2014 or after December 31, 2018, then Items B-5-e, B-5-f and/or B-5-g are not necessary. The state's entries in B-5-b-2, B-5-c-2, and B-5-d, respectively, will apply.

Appendix B-5: 15

State:	
Effective Date	

Note: The following selections apply for the five-year period beginning January 1, 2014.

- e. **Regular Post-Eligibility Treatment of Income: SSI State and §1634 State – 2014 through 2018.** The state uses the post-eligibility rules at 42 CFR §435.726 for individuals who do not have a spouse or have a spouse who is not a community spouse as specified in §1924 of the Act. Payment for home and community-based waiver services is reduced by the amount remaining after deducting the following allowances and expenses from the waiver participant’s income:

i. Allowance for the needs of the waiver participant (select one):		
<input type="radio"/>	The following standard included under the state plan (Select one):	
<input type="radio"/>	SSI standard	
<input type="radio"/>	Optional state supplement standard	
<input type="radio"/>	Medically needy income standard

<input type="radio"/>	The amount is determined using the following formula: <i>Specify:</i>	
	<input type="text"/>	
iii. Allowance for the family (select one):		
<input type="radio"/>	Not Applicable (see instructions)	
<input type="radio"/>	AFDC need standard	
<input type="radio"/>	Medically needy income standard	
<input type="radio"/>	The following dollar amount: Specify dollar amount:	\$ <input type="text"/> The amount specified cannot exceed the higher of the need standard for a family of the same size used to determine eligibility under the state's approved AFDC plan or the medically needy income standard established under 42 CFR §435.811 for a family of the same size. If this amount changes, this item will be revised.
<input type="radio"/>	The amount is determined using the following formula: <i>Specify:</i>	
	<input type="text"/>	
<input type="radio"/>	Other <i>Specify:</i>	
	<input type="text"/>	
iv. Amounts for incurred medical or remedial care expenses not subject to payment by a third party, specified in 42 §CFR 435.726:		
a. Health insurance premiums, deductibles and co-insurance charges		
b. Necessary medical or remedial care expenses recognized under state law but not covered under the state's Medicaid plan, subject to reasonable limits that the state may establish on the amounts of these expenses.		
Select one:		
<input type="radio"/>	Not applicable (see instructions) Note: If the state protects the maximum amount for the waiver participant, not applicable must be selected.	
<input type="radio"/>	The state does not establish reasonable limits.	
<input type="radio"/>	The state establishes the following reasonable limits <i>Specify:</i>	
	<input type="text"/>	

Appendix B-5: 17

State:	<input type="text"/>
Effective Date	<input type="text"/>

Appendix B-5: 18

State:	
Effective Date	

Note: The following selections apply for the five-year period beginning January 1, 2014.

- f. **Regular Post-Eligibility: 209(b) State – 2014 through 2018.** The state uses more restrictive eligibility requirements than SSI and uses the post-eligibility rules at 42 CFR §435.735 for individuals who do not have a spouse or have a spouse who is not a community spouse as specified in §1924 of the Act. Payment for home and community-based waiver services is reduced by the amount remaining after deducting the following amounts and expenses from the waiver participant’s income:

i. Allowance for the needs of the waiver participant (select one):		
<input type="radio"/>	The following standard included under the state plan (Select one):	
<input type="radio"/>	The following standard under 42 CFR §435.121: Specify:	
<input type="radio"/>	Optional state supplement standard	
<input type="radio"/>	Medically needy income standard	
<input type="radio"/>	The special income level for institutionalized persons (select one):	
<input type="radio"/>	300% of the SSI Federal Benefit Rate (FBR)	
<input type="radio"/>	%	A percentage of the FBR, which is less than 300% Specify the percentage:
<input type="radio"/>	\$	A dollar amount which is less than 300%. Specify dollar amount:
<input type="radio"/>	%	A percentage of the Federal poverty level Specify percentage:
<input type="radio"/>	Other standard included under the state Plan Specify:

<input type="radio"/>	The state does not establish reasonable limits.
<input type="radio"/>	The state establishes the following reasonable limits <i>Specify:</i>

Appendix B-5: 21

State:	
Effective Date	

Note: The following selections apply for the five-year period beginning January 1, 2014.

g. Post-Eligibility Treatment of Income Using Spousal Impoverishment Rules – 2014 through 2018

The state uses the post-eligibility rules of §1924(d) of the Act (spousal impoverishment protection) to determine the contribution of a participant with a community spouse toward the cost of home and community-based care. There is deducted from the participant’s monthly income a personal needs allowance (as specified below), a community spouse's allowance and a family allowance as specified in the state Medicaid Plan. The state must also protect amounts for incurred expenses for medical or remedial care (as specified below).

i. Allowance for the personal needs of the waiver participant			
<i>(select one):</i>			
<input type="radio"/>	SSI Standard		
<input type="radio"/>	Optional state supplement standard		
<input type="radio"/>	Medically needy income standard		
<input type="radio"/>	The special income level for institutionalized persons		
<input type="radio"/>	%	Specify percentage:	
<input type="radio"/>	The following dollar amount:	\$	If this amount changes, this item will be revised
<input type="radio"/>	The following formula is used to determine the needs allowance:		
	<i>Specify formula:</i>		
<input type="radio"/>	Other		
	<i>Specify:</i>		
ii. If the allowance for the personal needs of a waiver participant with a community spouse is different from the amount used for the individual’s maintenance allowance under 42 CFR §435.726 or 42 CFR §435.735, explain why this amount is reasonable to meet the individual’s maintenance needs in the community.			
Select one:			
<input type="radio"/>	Allowance is the same		
<input type="radio"/>	Allowance is different.		
	<i>Explanation of difference:</i>		
iii. Amounts for incurred medical or remedial care expenses not subject to payment by a third party, specified in 42 CFR §435.726:			
a. Health insurance premiums, deductibles and co-insurance charges			
b. Necessary medical or remedial care expenses recognized under state law but not covered under the state’s Medicaid plan, subject to reasonable limits that the state may establish on the amounts of these expenses.			
<i>Select one:</i>			
<input type="radio"/>	Not applicable (see instructions) Note: If the state protects the maximum amount for the waiver participant, not applicable must be selected.		

Appendix B-5: 22

State:	
Effective Date	

<input type="radio"/>	The state does not establish reasonable limits.
<input type="radio"/>	The state uses the same reasonable limits as are used for regular (non-spousal) post-eligibility.

Appendix B-5: 23

State:	
Effective Date	

Appendix B-6: Evaluation / Reevaluation of Level of Care

As specified in 42 CFR §441.302(c), the state provides for an evaluation (and periodic reevaluations) of the need for the level(s) of care specified for this waiver, when there is a reasonable indication that an individual may need such services in the near future (one month or less), but for the availability of home and community-based waiver services.

- a. Reasonable Indication of Need for Services.** In order for an individual to be determined to need waiver services, an individual must require: (a) the provision of at least one waiver service, as documented in the service plan, and (b) the provision of waiver services at least monthly or, if the need for services is less than monthly, the participant requires regular monthly monitoring which must be documented in the service plan. Specify the state's policies concerning the reasonable indication of the need for waiver services:

i.	Minimum number of services.	The minimum number of waiver services (one or more) that an individual must require in order to be determined to need waiver services is:
		1
ii.	Frequency of services.	The state requires (select one):
	<input type="radio"/>	The provision of waiver services at least monthly
	<input checked="" type="radio"/>	Monthly monitoring of the individual when services are furnished on a less than monthly basis
		If the state also requires a minimum frequency for the provision of waiver services other than monthly (e.g., quarterly), specify the frequency:

- b. Responsibility for Performing Evaluations and Reevaluations.** Level of care evaluations and reevaluations are performed (*select one*):

<input type="radio"/>	Directly by the Medicaid agency
<input checked="" type="radio"/>	By the operating agency specified in Appendix A
<input type="radio"/>	By a government agency under contract with the Medicaid agency.
	<i>Specify the entity:</i>
<input type="radio"/>	Other
	<i>Specify:</i>

- c. Qualifications of Individuals Performing Initial Evaluation:** Per 42 CFR §441.303(c)(1), specify the educational/professional qualifications of individuals who perform the initial evaluation of level of care for waiver applicants:

State Support Coordinator– Certified by DSPD that the person is a Qualified Intellectual Disabilities Professional Professiona (QIDP). Qualified support coordinators shall possess at least a Bachelor's degree in nursing, behavioral science, or a human services related field such as social

Appendix B-6: 1

State:	
Effective Date	

work, sociology, special education, rehabilitation counseling, or psychology and have at least one year of experience working directly with persons with intellectual disabilities or other developmental disabilities. Support Coordinators must also demonstrate competency relating to the planning and delivery of health services to the waiver population through successful completion of a training program approved by the State Medicaid Agency (SMA). At a minimum, the program includes certifications in Utah Comprehensive Assessment of Needs and Strengths (UCANS) assessment, and training on supporting individuals with intellectual or developmental disabilities and related conditions, support coordination requirements, self-administered and agency services, employment, person-centered planning, eligibility and level of care requirements, medication, critical incidents, mandatory reporting for abuse, neglect, exploitation; fatalities, Medicaid eligibility, human rights, housing, the Health Insurance Portability and Accountability Act, and the Settings Rule. The training program must be completed prior to acting as a ~~State~~ support coordinator.

~~State~~ Support coordinators must also complete at least 30 hours of training annually to maintain their Qualified Intellectual Disabilities Professional (QIDP) credential, and must meet Division requirements to maintain their UCANS certification which include annual recertification training and interrater reliability reviews.

An individual with a “Bachelor’s degree in a human services related field” means an individual who has received: at least a Bachelor’s degree from a college or university (master and doctorate degrees are also acceptable) and academic credit for a minimum of 20 credit hours of coursework concentration in a human services field, as defined above. ~~Although a variety of degrees may satisfy the requirements, majors such as geology and chemical engineering are not acceptable.~~

~~The State confirms that its adoption of the UCANS assessment in replacement of the SIS will not lead to denial of level of care for current or prospective waiver participants. Should level of care be denied, the SIS will be administered to confirm the level of care decision is accurate. Should the SIS demonstrate that the individual is eligible for the waiver, the application will be approved or continued participation be provided for those already enrolled in the waiver. The State also confirms that should the UCANS assessment recommend a lesser amount of service than an individual’s authorization will not be decreased. The SIS will be administered to confirm the service reduction, and the amount of the reduction will be in accordance with the SIS should the assessments be in dispute.~~

- d. Level of Care Criteria.** Fully specify the level of care criteria that are used to evaluate and reevaluate whether an individual needs services through the waiver and that serve as the basis of the state’s level of care instrument/tool. Specify the level of care instrument/tool that is employed. State laws, regulations, and policies concerning level of care criteria and the level of care instrument/tool are available to CMS upon request through the Medicaid agency or the operating agency (if applicable), including the instrument/tool utilized.

Utah Administrative Rule 414-502-8 defines the State’s level of care criteria for intermediate care facilities for persons with intellectual disabilities. The rule defines that a client must:

- (1) Have a diagnosis of intellectual disability (42 CFR 483.102(b)(3) or a condition closely related to intellectual disability (42 CFR 435.1010) and
- (2) For people seven years old and older, have documented substantial functional limitations in at least three areas of major life activity (self care, receptive and expressive language, learning, mobility, self direction, capacity for independent living, and economic self-sufficiency (applicable to those 18

Appendix B-6: 2

State:	
Effective Date	

and older). Children under the age of seven years old are considered “at risk” for substantial functional limitations due to simply having a diagnosis as described in item (1). Separate documentation to indicate substantial functional limitations in at least three areas of major life activity is not required until a child turns seven years of age.

A variety of histories and evaluations are required for determination of level of care:

- (1) Assessments that document functional limitations in three of the major areas of life activity. Assessments may include psychological evaluations, adaptive testing, State assessments such as the UCANS or the Needs Assessment Questionnaire (NAQ), and other available documentation
- (2) Social History and/or Social Summary which has been completed by the applicant or for the applicant no longer than one year prior to the date of application.
- (3) Psychological or Special Education Evaluation completed no more than 5 years prior to the date of original waiver eligibility determination. The evaluation requirement may be waived if the individual has resided in any Utah ICF/ID continuously for more than 5 years prior to the date of original waiver eligibility determination.
- (4) Medical Nursing Evaluation which has been completed by a physician or registered nurse no longer than one year prior to the date of original eligibility determination. (This information is only required for cases in which the person has specific medical conditions that are complex and/or may require additional services to meet the individual’s specific medical needs.
- (5) Documentation of the developmental disability or related condition as evidenced by the psychological assessment or other medical documentation.
- (6) Documentation of date of onset of disability as evidenced by a psychological assessment or other medical documentation.
- (7) For individuals residing in any Utah ICF/ID who transition directly from the ICF/ID to waiver services, original level of care certification and eligibility documentation from the ICF/ID may be considered to determine initial waiver eligibility.

The level of care determination screen in the Utah Systems for Tracking Eligibility, Planning, and Services (USTEPS) functions as the State’s level of care tool. The QIDP must certify the individual meets all of the following three requirements:

1. Has Intellectual Disability as defined in 42CFR483.102(b)(3)
2. The QIDP has documented that the individual meets the level of care requirements specified in R414-502-8: Criteria for Intermediate Care Facility for the Intellectually Disabled and;
3. The individuals who are determined to require the level of care furnished in an ICF/ID.

- e. **Level of Care Instrument(s).** Per 42 CFR §441.303(c)(2), indicate whether the instrument/tool used to evaluate level of care for the waiver differs from the instrument/tool used to evaluate institutional level of care (*select one*):

<input checked="" type="checkbox"/>	The same instrument is used in determining the level of care for the waiver and for institutional care under the state Plan.
<input type="checkbox"/>	A different instrument is used to determine the level of care for the waiver than for institutional care under the state plan. Describe how and why this instrument differs from the form used to evaluate institutional level of care and explain how the outcome of the determination is reliable, valid, and fully comparable.

- f. **Process for Level of Care Evaluation/Reevaluation.** Per 42 CFR §441.303(c)(1), describe the process for evaluating waiver applicants for their need for the level of care under the waiver. If the reevaluation process differs from the evaluation process, describe the differences:

Appendix B-6: 3

State:	
Effective Date	

A thorough review of available documentation and assessments is conducted initially and annually by specially trained operating agency intake and eligibility personnel who are Qualified Intellectual Disabilities Professionals (QIDP's). State support coordinators determine the initial level of care for new enrollees, other State eligibility personnel certify ongoing level of care for waiver participants. All State staff responsible for initial or ongoing level of care evaluations are trained on level of care requirements including the diagnosis of an intellectual or developmental disability or related condition, the criteria for an Intermediate Care Facility for Persons with Intellectual Disability including substantial functional limitations in three or more of the seven areas of major life activity, and determining when but for the provision of waiver services the individual would otherwise require placement in an ICF/ID to receive needed services. On the level of care determination screen in USTEPS, the QIDP must certify the individual meets all three of the above listed requirements using assessments including adaptive testing and psychological evaluations, medical records, or other documentation that is available to inform their decision. If these personnel determine that the individual meets eligibility criteria for enrollment in a Home and Community Based Services waiver including the CSW, that determination is entered in the Level of Care determination screen in the USTEPS system and is electronically signed by the QIDP making that decision, which certifies the initial and annual level of care determinations.

- g. Reevaluation Schedule.** Per 42 CFR §441.303(c)(4), reevaluations of the level of care required by a participant are conducted no less frequently than annually according to the following schedule (*select one*):

<input type="radio"/>	Every three months
<input type="radio"/>	Every six months
<input type="radio"/>	Every twelve months
<input checked="" type="radio"/>	Other schedule
	<i>Specify the other schedule:</i>
	Every 12 months or more often as needed. To determine whether the participant has an ongoing need for ICF/ID level of care, the Participant's level of care is screened at the time a substantial change in the participant's health status occurs. A substantial change includes evaluating health status at the conclusion of an inpatient stay in a medical institution. A full level of care reevaluation is conducted whenever indicated by a health status change screening and at a minimum within 12 consecutive months of the last recorded level of care determination.
	Health Status changes would speak to any change in physical or mental health which has a direct impact on re-evaluating items specifically listed in Level of Care and Functional Limitations. level of care reevaluation is conducted whenever indicated by a health status change screening and at a minimum within 12 consecutive months.

- h. Qualifications of Individuals Who Perform Reevaluations.** Specify the qualifications of individuals who perform reevaluations (*select one*):

<input checked="" type="radio"/>	The qualifications of individuals who perform reevaluations are the same as individuals who perform initial evaluations.
<input type="radio"/>	The qualifications are different.
	<i>Specify the qualifications:</i>

Appendix B-6: 4

State:	
Effective Date	

--	--

- i. **Procedures to Ensure Timely Reevaluations.** Per 42 CFR §441.303(c)(4), specify the procedures that the state employs to ensure timely reevaluations of level of care (*specify*):

State staff generate a USTEPS report to identify all level of care evaluations that will be required for the month, and to confirm their completion before the start of the next month. A new report with customized date parameters can be generated at any time to obtain the most current information.

- j. **Maintenance of Evaluation/Reevaluation Records.** Per 42 CFR §441.303(c)(3), the state assures that written and/or electronically retrievable documentation of all evaluations and reevaluations are maintained for a minimum period of 3 years as required in 45 CFR §92.42. Specify the location(s) where records of evaluations and reevaluations of level of care are maintained:

Electronically retrievable documentation of all evaluations and reevaluations are maintained within the USTEPS system for a minimum of three years as required.

Quality Improvement: Level of Care

As a distinct component of the state’s quality improvement strategy, provide information in the following fields to detail the state’s methods for discovery and remediation.

- a. Methods for Discovery: **Level of Care Assurance/Sub-assurances**

The state demonstrates that it implements the processes and instrument(s) specified in its approved waiver for evaluating/reevaluating an applicant’s/waiver participant’s level of care consistent with level of care provided in a hospital, NF or ICF/IID.

- i. **Sub-assurances:**

a. Sub-assurance: An evaluation for LOC is provided to all applicants for whom there is reasonable indication that services may be needed in the future.

i. Performance Measures

For each performance measure the state will use to assess compliance with the statutory assurance complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the state to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

State:	
Effective Date	

Performance Measure:	Number and percentage of individuals who had a level of care evaluation completed, within 45 days of submitting a completed intake packet, when seeking waiver services. Numerator is the number of LOC reviews completed within the required time frame; Denominator is the number of individuals requiring review.

- ii *If applicable, in the textbox below provide any necessary additional information on the strategies employed by the state to discover/identify problems/issues within the waiver program, including frequency and parties responsible.*

Appendix B-6: 9

State:	
Effective Date	

Individuals entering DSPD services are evaluated for level of care by a certified QIDP State Support Coordinator and that evaluation is documented in USTEPS. DSPD reviews monthly reports to verify that ongoing ICF/ID level of care evaluations are completed within designated timeframes.

b. Methods for Remediation/Fixing Individual Problems

i. Describe the state’s method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the state to document these items.

Individual issues regarding the accuracy of level of care determination are addressed and corrected immediately by DSPD to assure that all participants meet ICF/ID level of care. Plans of correction such as additional training may be required to assure future compliance. To assure all issues have been addressed, DSPD is required to report back to the SMA on the results of their interventions within the time frame stipulated in standard operating procedures and protocols or are stipulated on a case by case basis depending on the nature of a specific issue. Results of the reviews will be documented in the SMA’s annual Final Reports which are shared with SMA quality assurance staff and operating agency partners including representatives from the Office of Quality and Design, the Division of Services for People with Disabilities, the Division of Licensing, and the waiver manager. The SMA provides these reports following the review of Corrective Action Plans/Quality Improvement Plans when they are utilized. In addition, CMS will receive summaries during 372 reporting, or upon request.

Additionally, State staff run the USTEPS level of care report before the end of the month to identify any level of care recertifications that may have been missed. Eligibility specialists are notified immediately so a level of care determination can be made within the required timeframe. Individuals determined not to meet level of care requirements are given formal written notice of the decision and information about how to request a Fair Hearing to appeal if they choose. An administrative law judge will schedule the hearing, listen to both sides of the dispute, and issue a written decision indicating whether the Division’s decision was right or wrong. The written decision may order the operating agency to correct their case.

ii Remediation Data Aggregation

		<i>Every two years</i>

c. Timelines

When the state does not have all elements of the Quality Improvement Strategy in place, provide timelines to design methods for discovery and remediation related to the assurance of Level of Care that are currently non-operational.

<input checked="" type="radio"/>	No
<input type="radio"/>	Yes

Please provide a detailed strategy for assuring Level of Care, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

Appendix B-7: Freedom of Choice

Freedom of Choice. As provided in 42 CFR §441.302(d), when an individual is determined to be likely to require a level of care for this waiver, the individual or his or her legal representative is:

- i. informed of any feasible alternatives under the waiver; and
 - ii. given the choice of either institutional or home and community-based services.
- a. **Procedures.** Specify the state's procedures for informing eligible individuals (or their legal representatives) of the feasible alternatives available under the waiver and allowing these individuals to choose either institutional or waiver services. Identify the form(s) that are employed to document freedom of choice. The form or forms are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Freedom of Choice is documented on Form 818. Freedom of choice procedures:

1. When an individual is determined eligible for waiver services, the individual and the individual's legal representative, if applicable, will be informed of the alternatives available under the waiver and offered the choice of institutional care (ICF/ID) or home and community-based care by their support coordinator. Individuals are referred to the Division of Services for People with Disabilities (DSPD) website for information which describes the array of services and supports available in Utah including Intermediate Care Facilities for persons with Intellectual Disabilities (ICF/ID) and the HCBS Waiver programs. In addition, during the intake process individuals will be given a 2-sided Informational Fact Sheet (Form IFS-10) which describes the eligibility criteria and services available through both the waiver program and through ICFs/ID, including contact information for DSPD Intake and for each of the ICFs/ID throughout the state.

2. The support coordinator will offer the choice of waiver services only if:

- a. The individual's needs assessment indicates the services the individual requires, including waiver services, are available in the community.
- b. The person-centered support service plan has been agreed to by all parties.
- c. The health and safety of the individual can be adequately protected in relation to the delivery of waiver services and supports.

3. Once the individual has chosen home and community-based waiver services and the choice has been documented by the support coordinator, subsequent review of choice of program will only be required at the time a substantial change in the enrollee's condition results in a change in the Person Centered Support Plan. Health Status changes would speak to any change in physical or mental health which has a direct impact on re-evaluating items specifically listed in Level of Care and Functional Limitations. ~~It is, however, the individual's option to choose institutional (ICF/ID) care at any time during the period they are in the waiver.~~

4. The waiver enrollee, and the individual's legal representative if applicable, will be given the opportunity to choose the CSW providers identified on the individual support plan if more than one qualified provider is available to render the services. The individual's choice of providers will be documented in the individual's support plan.

5. The agency will provide in writing, an opportunity for a fair hearing, under 42 CFR Part 431, subpart E, to Medicaid participants who are not given the choice of home or community-based services as an alternative to the institutional care specified for this request, who are denied the waiver service(s) and/or waiver provider(s) of their choice, who are found ineligible for the waiver program, or who have been notified of actions to suspend, reduce and/or terminate services.

Appendix B-7: 1

State:	
Effective Date	

- b. Maintenance of Forms.** Per 45 CFR § 92.42, written copies or electronically retrievable facsimiles of Freedom of Choice forms are maintained for a minimum of three years. Specify the locations where copies of these forms are maintained.

The Operating Agency maintains the Freedom of Choice Form 818 electronically in USTEPS for a minimum of three years as required.

Appendix B-7: 2

State:

Appendix B-8: Access to Services by Limited English Proficient Persons

Access to Services by Limited English Proficient Persons. Specify the methods that the state uses to provide meaningful access to the waiver by Limited English Proficient persons in accordance with the Department of Health and Human Services “Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons” (68 FR 47311 - August 8, 2003):

Medicaid providers are required to provide foreign language interpreters for Medicaid participants who have limited English proficiency. Individuals participating in the CSW are entitled to the same access to an interpreter to assist in making appointments for qualified procedures and during those visits. Providers must notify participants that interpretive services are available at no charge. The SMA and OA encourage participants to use professional services rather than relying on a family member or friends though the final choice is theirs. Using an interpretive service provider ensures confidentiality as well as the quality of language translation. Waiver participants may be referred to Medicaid interpretive services by providers, their support coordinator, and/or State staff from the OA or SMA.

Information regarding access to Medicaid Translation Services is included in the Medicaid Member Guide distributed to all Utah Medicaid participants. Eligible participants may access translation services by calling the Medicaid Helpline. <https://medicaid.utah.gov/interpreter-services/>

For the full text of the Medicaid Member Guide, go to:

<https://medicaid.utah.gov/Documents/pdfs/MedicaidMemberGuide2024.pdf>http://health.utah.gov/umb/forms/pdf/mg_w_cover.pdf

Additionally, the Division of Services for People with Disabilities provides contracted interpretive services for limited English proficiency persons throughout the waiver entrance process. State staff explore the individual’s preference, if any, for a type of language assistance service.

Bilingual State staff support individuals directly when available and desired by the individual. When interpreting, State staff must meet the following requirements:

- Demonstrate proficiency in and ability to communicate information accurately in both English and in the other language and identify and employ the appropriate mode of interpreting (e.g., consecutive, simultaneous, summarization, or sight translation);
- To the extent necessary for communication between the recipient or its staff and the LEP person, have knowledge in both languages of any specialized terms or concepts peculiar to the recipient's program or activity and of any particularized vocabulary and phraseology used by the LEP person;
- Understand and follow confidentiality and impartiality rules to the same extent as the recipient employee for whom they are interpreting and/or to the extent their position requires;
- Understand and adhere to their role as interpreters without deviating into other roles--such as counselor or advisor--where such deviation would be inappropriate

The State also offers accommodations such as braille for blind individuals or sign language interpretation for those who are deaf when needed.

Service Type: Statutory Service

Service: Prevocational Services

Alternate Service Title (if any): Center-Based Prevocational Services

Service Specification	
HCBS Taxonomy	
Category 1:	Sub-Category 1:
Category 2:	Sub-Category 2:
Category 3:	Sub-Category 3:
Category 4:	Sub-Category 4:
Service Definition (Scope):	
<p>Prevocational services (Center-based prevocational services) provide learning and work experiences, including volunteer work, where the participant can develop general strengths and skills that contribute to employability in paid employment in integrated community settings. Prevocational services may be provided in a small group and/or on an individual basis. Prevocational activities are not primarily directed at teaching skills to perform a particular job, but are primarily directed at underlying <u>habilitative</u> goals that are associated with building skills necessary to perform work and optimally to perform competitive, integrated employment. Services occur over a defined period of time <u>(24 Calendar Months from the start date of the service)</u> and with specific outcomes to be achieved, as determined by the participant and the his/her service and supports planning team through the person-centered planning process.</p> <p>Participants receiving prevocational services have employment-related goals in their person-centered service plan and the general service activities are designed to support such employment goals. Competitive, integrated employment in the community for which a participant is compensated at or above the minimum wage, but not less than the customary wage and level of benefits paid by the employer for the same or similar work performed by individuals without disabilities is considered to be the optimal outcome of prevocational services.</p> <p>Prevocational services should enable each participant to attain the highest level of work in the most integrated setting and with the job matched to the participant’s interests, strengths, priorities, abilities, and capabilities, while following applicable federal wage guidelines. Services are intended to develop and teach general skills; Examples include, but are not limited to: ability to communicate effectively with supervisors, co-workers and customers; generally accepted community workplace conduct and dress; ability to follow directions; ability to attend to tasks; workplace problem solving skills and strategies; general workplace safety and mobility training.</p> <p>Prevocational services <u>are</u> provided in integrated and inclusive community settings. Prevocational services can also be provided in a hub and spoke model where services are delivered in both integrated community settings and site-based settings. Participation in integrated community settings must be individualized according to the</p>	

Appendix C-1: 4

State:	
Effective Date	

Appendix C: Participant Services

HCBS Waiver Application Version 3.6

choices and needs of the participant, ~~and P~~ providers will be monitored to confirm a person-centered approach to community integration is maintained. Providers will be required to assure at least 20% of the time spent in this service on a monthly basis occurs in the community. Exceptions less than 20% require an approved modification. Individuals participating in work as part of prevocational services are compensated in accordance with applicable state and Federal laws and regulations.

Participants may also receive supported employment and/or day support services in conjunction with prevocational services according to the person centered plan, but they may not be billed during the same period of the day. Participation in prevocational services is not a required prerequisite for supported employment services and persons may pursue employment opportunities at any time.

Assistance with activities of daily living may occur during the provision of this service. Transportation at the start/end of the service encounter may be billed separately; transportation furnished during the provision of the service is included in the rate paid.

Pre-vocational services are limited to supporting or addressing the goals described in the individual's person centered services and supports plan and are designed to teach skills that will lead to integrated competitive employment.

All prevocational services and/or goals are reviewed and considered as a component of an individual's person-centered services and supports plan no less than annually, more frequently as necessary or as requested by the individual.

Services that teach job specific skills are not reimbursed. Services that teach job task specific skills required by a participant for the ~~primary~~ purpose of completing those tasks for a specific facility based job are not reimbursed. Services that do not meet the service requirements for community integration and inclusion are not reimbursed. Prevocational Services exclude service time to support a person working in a competitive and integrated position.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

Limitations: Prevocational services are time generally limited to 24 consecutive months except with an approved modification that is aligned with the person-centered support plan. Participants may return to additional 24-month periods of prevocational services with the same stipulations after an interruption without a lifetime limit.

Payment will only be made for ~~adaptations~~, supervision and training required by an individual as a result of the participant's disability and will not include payment for the supervisory activities rendered as a normal part of the business setting. Documentation will be maintained that prevocational services rendered under the waiver are not available under a program funded by either the Rehabilitation Act of 1973, or the Individuals with Disabilities Education Act. Federal Financial Participation will not be claimed for incentive payments, subsidies, or unrelated vocational training expenses, such as incentive payments made to an employer or beneficiaries to encourage or subsidize an employer's participation in a supported employment program, payments that are passed through to a beneficiary of Supported Employment programs, or for payments for vocational training that is not directly related to a beneficiary's Supported Employment program.

Pre-vocational services are limited to supporting or addressing the goals described in the individual's person centered services and supports plan and are designed to teach skills that will lead to integrated competitive employment.

Service Definition (Scope):	
<p>Day Supports provide assistance with community integration and with acquisition, retention, slow/prevent regression, or improvement in self-help, socialization and adaptive skills that build interpersonal competence, independence and personal choice. Services are most commonly provided in integrated community settings with individuals without disabilities (not including staff paid to support the person), with some services provided in a combination of integrated community settings with a licensed day support setting or the person's residence functioning as a hub according to individual choice and needs. This service may also be provided to individuals with degenerative conditions, and may include training and supports designed to maintain skills and functioning and to prevent or slow regression rather than acquiring new skills or improving existing skills.</p> <p>Services shall normally be furnished on routine workdays as a routinely occurring service. Day supports shall focus on enabling the participant to attain or maintain theirhis or her maximum functional level and increase community connections and integration and personal choice. Services are furnished consistent with the person's person-centered plan. Day supports are offered on a 15-minute unit and intermittent basis as well as on a daily basis. It may be provided individually or in small groups. The nature of the Day Supports services offered to each participant is based upon an assessment of the needs and preferences of the participant at the time and may change over time.</p> <p>Documentation will be maintained that Day Habilitation services rendered under the waiver are not available under a program funded by the Individuals with Disabilities Education Act.</p> <p>Elements of Day Supports:</p> <p>Non-Site Based Day Supports – designed to take place in the community and are driven by the participant's preferences.</p> <p>Combined Site and Non-Site Based Day Supports -- provide supports in integrated community settings combined with a Settings Final Rule-compliant licensed site that functions as a hub where supports are organized according to individual choice, participants identify common interests and facilitate planning, incidental personal care needs are addressed, and other individualized needs are supported to increase skills and enhance personal choice.</p> <p>Senior Supports – designed for participants who have needs that closely resemble those of older persons who desire a lifestyle consistent with that of the community's population of similar age or circumstances. The support is intended to facilitate independence, promote community inclusion and prevent isolation.</p> <p>Assistance with activities of daily living may occur during the provision of this service. Transportation at the start/end of the service encounter may be billed separately; transportation furnished during the provision of the service is included in the rate paid.</p> <p>Meals provided as part of these services shall not constitute a "full nutritional regimen" (3 meals per day).</p> <p>Day habilitation may not provide for the payment of services that are vocational in nature (i.e., for the primary purpose of producing goods or performing services).</p>

Service Definition (Scope):

Respite Care - Intensive is care provided to give relief to, or during the absence of, the normal caregiver. Intensive level respite care is provided to participants who have complex conditions that require a level of assistance beyond that which is offered by direct service staff under the definition of Respite Care-Routine. Participants receiving Respite Care-Intensive Level services will typically present with a more complex array of physical or behavioral needs than those receiving routine respite care services; meeting at least one of the following conditions to qualify:

- has a documented complex and/or unstable medical condition that requires constant supervision, or a condition that requires prescription medication or treatment follow through throughout the respite time period; or
- has documented behavioral issues that require frequent (at least daily) intervention to prevent property damage or harm to themselves or others; or
- individual requires assistance with multiple personal care needs including dressing, bathing, and toileting; or
- There is a need for specialized skill (such as an interpreter) or specialized equipment in the respite setting to assure health and safety.

Services may include quarter hour, daily and overnight support and may be provided in the participant’s place of residence, a facility approved (as determined by Settings Final Rule compliance) by the State that is not a private residence, or in the private residence of the respite care provider. Respite Care-Intensive level services are, because of their more complex nature, delivered by more experienced and sophisticated staff. The State uses the 929 Intensive Respite Screening form to determine the level of respite that is needed by the participant. To qualify for intensive respite care the individual must meet one of the following conditions: (1) An individual has a documented complex and/or unstable medical condition that requires constant supervision, or a condition that requires prescription medication or treatment follow through throughout the respite time period. (2) An individual has documented behavioral issues that require frequent (at least daily) intervention to prevent property damage or harm to themselves or others (3) An individual requires assistance with multiple personal care needs including dressing, bathing, and toileting. An individual requires assistance with transfers and positioning throughout the day. (4) There is a need for a specialized skill (such as an interpreter) or specialized equipment in the respite setting to assure health and safety.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

Limitations: Payments for respite services are not made for room and board except when provided as a part of respite care in a setting, approved by the State that is not the participant’s private residence, or the private residence of a provider. In the case of respite care intensive services that are rendered out of the participant’s private residence in a setting approved by the State, this service will be billed under a specific “Respite Care-Intensive-Out of the home/Room and Board included” billing code. All instances in which Respite Care-Intensive services are delivered for a period of six hours or more within a day shall be billed using a daily rate rather than hourly rates for this service.

This service is not available to children in the custody of the State of Utah: Department of [Health and Human Services](#), Division of Child and Family Services.

This service is not for ongoing daycare nor is this service intended to supplant resources otherwise available for child-care.

Respite care may not be offered at the same time as the person is receiving any other service, either contained within this Home and Community-Based Services waiver or from other sources including the Medicaid State Plan that will afford the person with care and supervision. Respite care may not be offered for relief or

Appendix C: Participant Services

HCBS Waiver Application Version 3.6

Supported Employment serves the purpose of supporting participants, based on individual need, to obtain, maintain, or advance in competitive employment in integrated work settings.

Supported Employment can be provided to a participant who is employed in either full or part time employment and occurs in a work setting where the participant works with individuals without disabilities (not including staff or contracted co-workers paid to support the participant). Supported Employment may occur anytime during a twenty-four hour day and supports are made available in such a way as to assist the participant to achieve competitive employment (compensated at or above the minimum wage, but not less than the customary wage and level of benefits paid by the employer for the same or similar work performed by individuals without disabilities).

Participants in Supported Employment are supported and employed consistent with the strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice of the participant as indicated in the participant's support plan.

Supports To Maintain Employment

These are services provided to maintain integrated and competitive employment. Any of the following activities may be included:

- Work-related behavioral management
- Job coaching
- On-the-job or work-related crisis intervention
- Assisting with skills related to paid employment including communication, problem solving and safety
- Participant directed attendant care ([Intermittent ADL/IADL assistance incidental to the job skill supports provided as a core function of the service.](#))
- Time management
- Grooming
- Employment-related supportive contacts
- Transportation between work or between activities related to employment. Other forms of transportation must be attempted first. (Transportation furnished during the provision of the service is included in the rate paid).
- On-site vocational assessment after employment
- Employer consultation

A participant may be supported individually or in a group. Supported Employment may also include activities and supports designed to assist participants who are interested in creating and maintaining their own business enterprises.

Elements of Supported Employment Services:

Supported Employment Co-Worker Services – provider contracts with a co-worker to provide additional support under the direction of a job coach as a natural extension of the workday.

Supported Employment Enclave/Mobile Work Crew- A small crew of waiver participants, or enclave are trained and supervised amongst employees without disabilities at the host company's worksite, or the crew may operate a self-contained business that operates at multiple locations within the community, under the supervision of a job coach.

Supported Employment/Customized Employment - Participants desiring to create and implement their own business enterprises receive training, instruction and coaching from a provider in such topics as creating a

Appendix C-1: 17

HCBS Waiver Application Version 3.6

business plan, conducting a market analysis, obtaining business financing, implementing the business and managing financial accounts.

Appendix C-1: 18

State:	
Effective Date	

Appendix C: Participant Services
 HCBS Waiver Application Version 3.6

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

Limitations: Payment will only be made for adaptations, supervision and training required by a participant as a result of the participant's disability and will not include payment for the supervisory activities rendered as a normal part of the business setting. Documentation will be maintained that supported employment services rendered under the waiver are not available under a program funded by either the Rehabilitation Act of 1973, or the Individuals with Disabilities Education Act. Federal Financial Participation will not be claimed for incentive payments, subsidies, or unrelated vocational training expenses, such as incentive payments made to an employer or beneficiaries to encourage or subsidize an employer's participation in a supported employment program, payments that are passed through to a beneficiary of Supported Employment programs, or for payments for vocational training that is not directly related to a beneficiary's Supported Employment program.

Daily services/rates are rendered when Supported Employment services are provided for six hours or more per day by a provider.

Supported employment provided to an individual does not include facility based, or other similar types of vocational services furnished in specialized facilities that are not a part of the general workplace.

All supported employment service options are required to be reviewed and considered as a component of an individual's person-centered services and supports plan no less than annually, more frequently as necessary or as requested by the individual. These services and supports are designed to support successful employment outcomes consistent with the individual's goals.

Supported employment supports do not include volunteer work. Such volunteer learning and training activities that prepare a person for entry into the paid workforce are addressed through pre-vocational services.

Medicaid funds may not be used to defray the expenses associated with starting up or operating a business.

Alternate Service Title (if any): ~~Waiver~~ Support Coordination

Service Specification

HCBS Taxonomy	
Category 1:	Sub-Category 1:
Category 2:	Sub-Category 2:
Category 3:	Sub-Category 3:
Category 4:	Sub-Category 4:

Service Definition (Scope):

~~Waiver~~ Support Coordination services (a) establish and maintain the participant in the support system and the Waiver in accordance with program requirements and the participant’s assessed support needs and (b) coordinate the delivery of quality waiver services. In order to accomplish this, Support Coordinators are afforded access to the participants that they serve at all times, with or without prior notice.

[Qualified support coordinators shall possess at least a Bachelor’s degree in nursing, behavioral science or a human services related field such as social work, sociology, special education, rehabilitation counseling, or psychology and demonstrate competency relating to the planning and delivery of health services to persons with intellectual impairments or other related conditions through successful completion of a core curriculum program approved by the State Medicaid Agency.](#)

Support Coordination assists participants to: (a) maintain Medicaid financial and categorical eligibility (once enrolled), (b) identify the supports necessary to insure the participant’s health and safety, (c) write, coordinate, integrate, and assure the implementation of the Person Centered Support Plan (PCSP), (d) gain access to waiver supports, State Plan services, medical, social, and educational assessments and services, and any other services, regardless of the funding source, and (e) develop a personal budget as a component of the PCSP.

Support Coordination also involves activities to: (f) provide an initial assessment and ongoing reassessment of the participant’s level of care determination, (g) facilitate a person-centered plan, (h) review the participant’s support plan at such intervals as are specified in the Waiver Application document, (i) write and update personal social history [through USTEPS](#), (j) provide ongoing monitoring to assure the provision and quality of the supports identified in the PCSP, (k) instruct the participant/legal representative/family how to independently obtain access to services and supports, regardless of funding source, (l) ~~provide transition planning services when a participant living in an ICF/ID is transitioned to the waiver~~, (m) assist the person to find and retain safe and affordable housing, (n) provide discharge planning services when a participant is disenrolled from the waiver, (o) assist participants to request a fair hearing if an adverse decision has been made regarding waiver

Appendix C-1: 20

State:	
Effective Date	

Appendix C: Participant Services
 HCBS Waiver Application Version 3.6

eligibility, amount, frequency and duration of waiver services and/or choice of providers from which to receive waiver services and (p) articulate discharge planning activities as necessary when participants are to be disenrolled from the waiver.

When a waiver participant elects to enroll in hospice care, support coordinators shall meet together with the hospice case management agency upon commencement of hospice services to develop a coordinated plan of care that clearly defines the roles and responsibilities of each program. The support coordinator shall ensure that the waiver program provides services that are unrelated to the client's terminal illness and are necessary to maintain safe residence in a home or community-based setting in accordance with waiver requirements.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

The waiver support coordination service will not duplicate similar services provided by other programs serving children under this waiver including education and foster care, i.e., children in custody of the State of Utah Department of Health and Human Services, Division of Child and Family Services.

The services under waiver Support Coordination are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with waiver objectives of avoiding institutionalization.

When activities related to the assessment of level of care and service plan development are furnished as waiver support coordination activities, payment for such services may not be made until the individual is actually enrolled in the waiver.

Waiver Support Coordination must comport with conflict of interest requirements at 42 CFR 441.301(1)(vi) and in accordance with Appendix D-1-b.

Documentation will be maintained that waiver Support Coordination services rendered under the waiver are not available under a program funded by the Individuals with Disabilities Education Act.

HCBS Waiver Application Version 3.6

Behavior Consultation Service III includes the provision of educational procedures and techniques that are designed to decrease problem behavior and increase adaptive replacement behaviors. Interventions are based upon the principles of Applied Behavior Analysis and focus on positive behavior supports. Behavioral consultants provide individual behavioral consultation to families and/or staff who support participants with the most involved, complex, difficult, dangerous, potentially life threatening and resistant to change behavioral problems. The serious behavioral problems may be complicated by medical or other factors. In addition, eligible persons must have failed alternative interventions and are severely limited in their activities and opportunities due to their behavioral problems. Consultation shall include designing and training the family and/or support staff on a behavior support plan developed specifically for the person being served. Services are to be provided in the person's residence or other naturally occurring environment in the community.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

Limitations: Contractors are not permitted to provide direct care to persons (i.e. bathing, feeding, dressing, or supervision) nor are they allowed to transport persons receiving services. This service is not available to individuals eligible to receive this service through the Medicaid State Plan or other funding source.

The services under Behavioral Consultation I, II, III are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with waiver objectives of avoiding institutionalization.

Documentation will be maintained that Behavioral Consultation III services rendered under the waiver are not available under a program funded by the Individuals with Disabilities Education Act.

For children under the age of 21, services determined to be medically necessary under the EPSDT benefit are covered pursuant to Section 1905(a) of the Social Security Act.

Service Definition (Scope):

Companion Services involve non-medical care, supervision and socialization ~~service, provided to a functionally impaired adult.~~ Companions may assist or supervise the participant with such tasks as meal preparation, laundry and shopping, but do not perform these activities as discrete services. The provision of companion services does not entail hands-on nursing care. Providers may also perform light housekeeping tasks that are incidental to the care and supervision of the participant. This service is provided in accordance with a therapeutic goal in the Person Centered Support Plan and is not purely diversional in nature.

When delivered through a self-directed model, a waiver participant or their appointed decision-maker, are responsible for the hiring/training/firing, scheduling, supervising and verifying the accuracy of time sheets submitted.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

Limitations: Companion Services are not available to participants receiving other waiver services in which the services are essentially duplicative of the tasks defined in Companion Services. Participants receiving services within the Day Supports or Supported Living may receive Companion Services only in 15 minute increments and not a daily basis, when the need exists and approval has been granted by DSPD in advance for the utilization of this service.

This service is not available to children in the custody of the State of Utah: Department of Health and Human Services, Division of Child and Family Services, or Division of Juvenile Justice and Youth Services.

Services rendered in excess of 6 hours in a single day will be billed using the daily rate.

Appendix C: Participant Services
 HCBS Waiver Application Version 3.6

1. Door-widening
2. Electrical wiring
3. Grab bars and handrails
4. Automatic door openers/doorbells
5. Voice activated, light activated, motion activated and electronic devices
6. Fire safety adaptations
7. Medically necessary air filtering devices
8. Medically necessary heating/cooling adaptations

Other adaptation and repairs may be approved on a case-by-case basis as technology changes (when a newer technology will significantly increase a participant's ability to be more independent than is possible with the current equipment) or as a participant's physical or environmental needs change.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

Limitations: Each environmental adaptation must be: 1) documented as medically necessary by a physician; 2) prior approved by DSPD in accordance with written policy including defined qualifying criteria; and 3) documented as not otherwise available as a Medicaid State Plan service. Excluded are those adaptations or improvements to the home, which are of general utility, and are not of direct medical or remedial benefit to the participant. General household repairs are not included but repairs to housing modifications will be allowed, as necessary, if identified in the participant's support plan. These repairs must be limited to the repair of previously approved modifications or adaptations that are directly and exclusively related to allowing the participant to remain in housing within their community and avoid placement in a Nursing Facility (NF). All services shall be provided in accordance with applicable State or local building codes.

Environmental Adaptations are only available in the private residence of the participant or the participant's family. Environmental Adaptations may not be furnished to adapt living arrangements that are owned or leased by providers of waiver services.

The services under Environmental Adaptations are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with waiver objectives of avoiding institutionalization.

Appendix C: Participant Services

HCBS Waiver Application Version 3.6

Respite Care- Routine Group is care provided to groups of up to three individuals in a group setting in order to give relief to, or during the absence of, the participants' normal caregiver(s). Routine respite care may include daily and overnight support and may be provided in the participant's place of residence, a facility approved by the State which is not a private residence, or in the private residence of the respite care employee.

Respite - Routine Group can provide services in: a. A Facility with a staff ratio of one staff for up to six Persons; OR b. The private residence of a respite staff. Prior to providing services, all individuals who live in the private residence must pass a criminal background screening from the DHS/Office of Licensing. The Contractor shall have a staff ratio of one staff for up to three Persons. The staff's own minor children and other individuals who reside in the residence under the age of 14 are to be included in this ratio. Another adult caregiver caring for the other children under the age of 14 may be counted in this ratio, but only relative to the other children under the age of 14 in the home; OR c. The Person's residence.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

Limitations: Payments for respite services are not made for room and board except when provided as a part of respite care in a setting, approved by the State that is not the participant's private residence or the private residence of a provider. In the case of group respite care services that are rendered for a period of six hours or more out of the participant's private residence in a setting approved by the State, this service will be billed under a specific "Respite Care-Group-Out of the home/Room and Board included" billing code.

In the case of services contained within this definition provided in the employee's or the person's home, in no case will more than 3 individuals be served by the employee at any one time, except that the employee's children over the age of 14 will not be counted toward the limit of five. Participants receiving services within the Day Supports or Supported Living services may receive Respite Care-Routine-Group services only on an hourly and not a daily basis and only during times that they are not receiving Day Supports or Supported Living services, when the need exists and approval has been granted in advance for the utilization of this service by the appropriate DSPD designee. All instances in which Respite Care-Routine-Group services are delivered for a period of six hours or more within a day shall be billed using a daily rate rather than hourly rates for this service.

This service is not available to children in the custody of the State of Utah: Department of Human Services, Division of Child and Family Services.

This service is not for ongoing daycare nor is this service intended to supplant resources otherwise available for child-care.

Respite care may not be offered at the same time as the person is receiving any other service, either contained within this Home and Community-Based Services waiver or from other sources including the Medicaid State Plan that will afford the person with care and supervision. Respite care may not be offered for relief or substitution of staff paid to provide care and supervision to persons as part of the residential or day habilitation services they receive in this Home and Community-Based Services waiver.

Overnight Respite may not be provided for more than 13 days continuously (not including date of discharge).

Service Definition (Scope):	
Routine Respite provides one-to-one or group care to Persons to give relief to, or during the absence of, the Person's normal caregiver.	
Routine Respite can provide services in:	

Appendix C-1: 49

State:	
Effective Date	

Appendix C: Participant Services
HCBS Waiver Application Version 3.6

- a. A Facility with a staff ratio of one staff for up to six Persons; OR
- b. The private residence of a respite staff. Prior to providing services, all individuals who live in the private residence must pass a criminal background screening from the DHS/Office of Licensing. The Contractor shall have a staff ratio of one staff for up to three Persons. The staff's own minor children and other individuals who reside in the residence under the age of 14 are to be included in this ratio. Another adult caregiver caring for the other children under the age of 14 may be counted in this ratio, but only relative to the other children under the age of 14 in the home; OR
- c. The Person's residence.

When delivered through a self-directed model, a waiver participant or their appointed decision-maker, are responsible for the hiring/training/firing, scheduling, supervising and verifying the accuracy of time sheets submitted.

The State uses the 929 Intensive Respite Screening form to determine the level of respite that is needed by the participant. To qualify for intensive respite care the individual must meet one of the following conditions: (1) An individual has a documented complex and/or unstable medical condition that requires constant supervision, or a condition that requires prescription medication or treatment follow through throughout the respite time period. (2) An individual has documented behavioral issues that require frequent (at least daily) intervention to prevent property damage or harm to themselves or others (3) An individual requires assistance with multiple personal care needs including dressing, bathing, and toileting. An individual requires assistance with transfers and positioning throughout the day. (4) There is a need for a specialized skill (such as an interpreter) or specialized equipment in the respite setting to assure health and safety.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

Limitations: Payments for respite services are not made for room and board except when provided as a part of respite care in a setting, approved by the State that is not the participant's private residence or the private residence of a provider. In the case of respite care services that are rendered out of the participant's private residence in a setting approved by the State for a period of six hours or more, this service will be billed under a specific "Respite Care-Out of the home/Room and Board included" billing code. Overnight Respite may not be provided for more than 13 days continuously (not including date of discharge).

In the case of services contained within this definition provided in the provider's or the participant's home, in no case will more than 3 individuals be served by the provider at any one time, except that the provider's children over the age of 14 will not be counted toward the limit of four. In the case of services included in this definition provided by a facility-based program, no more than twenty (20) individuals will be served by the provider at any one time, conditioned upon the stipulation that the provider deploys sufficient staff to meet staff to client ratios approved by the appropriate DSPD designee in advance and further, that staff to client ratios maintained by providers of this service fully conform to all relevant specifications in applicable licensing statutes or administrative rule. Participants receiving services within the Day Supports or Supported Living services may receive Respite Care-Routine services only on an hourly and not a daily basis and only during times that they are not receiving Day Supports or Supported Living services, when the need exists and approval has been granted in advance for the utilization of this service by the appropriate DSPD staff. All instances in which Respite Care-Routine services are delivered for a period of six hours or more within a day shall be billed using a daily rate rather than hourly rates for this service.

This service is not available to children in the custody of the State of Utah: Department of Human Services, Division of Child and Family Services.

Category 2:	Sub-Category 2:
Category 3:	Sub-Category 3:
Category 4:	Sub-Category 4:

Service Definition (Scope):

Specialized Medical Equipment/Supplies/Assistive Technology – Purchase includes the purchase of devices, controls, or appliances, specified in the individual support plan, which enable participants to increase their abilities to perform activities of daily living, or to perceive, control, or communicate with the environment in which they live.

This service also includes items necessary for life support, ancillary supplies and equipment necessary to the proper functioning of such items, and durable and non-durable medical equipment not available under the Medicaid State plan. Items reimbursed with waiver funds shall be in addition to any medical equipment and supplies necessary for the operations of that equipment furnished under the State plan and shall exclude those items that are not of direct medical or remedial benefit to the participant. All items shall meet applicable standards of manufacture, design and installation.

Automated medication dispensary devices are also included under this service description. Automated medication dispensary devices consist of timed alarmed monitoring systems that have the ability to store and dispense proper dosages of medications at scheduled times as prescribed by the person’s medical practitioner(s). Use of medication dispensary devices shall only be an option when more simple methods of medication reminders are determined to be ineffective by the operating agency. The need for such devices must also be specified in the participant’s PCSP.

Elements of Specialized Medical Equipment & Supplies:
 The Specialized Medical Equipment & Supplies category includes elements for purchase and for an ongoing service fee.

During evaluation and authorization of services, requests for Specialized Medical Equipment are evaluated to confirm no other payers are available and that services have not been duplicated within similar waiver or state plan services.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

Limitations: Expenditures for specialized medical equipment and the supplies necessary to operate that equipment will be in accordance with Division of Services for People with Disabilities policy and all purchases will comply with State procurement requirements. Each item of specialized medical equipment and supplies necessary for the operation of that equipment must be approved prior to purchase by a DHHS/DSPD Administrative Program Manager based on a determination of medical necessity by a physician or an advanced practice registered nurse with prescriptive privileges and a determination that the item is not available as a Medicaid State Plan service.

For children under the age of 21, services determined to be medically necessary under the EPSDT benefit are covered pursuant to Section 1905(a) of the Social Security Act.

Service Definition (Scope):			
<p>Supported Living constitutes individually tailored hourly support, supervision, training and assistance for people to live as independently as possible in their own homes, family homes and apartments and is offered on a year-round basis. Supported living is available to those who live alone, with family or with roommates. For <u>participants/individuals</u> residing with families, Supported Living is intended to provide support to the <u>participant individual</u> and the family to allow the family to continue providing natural supports and to avoid unwanted out of home placement. Supported living activities are prioritized based upon the <u>participants individuals</u> assessed needs, but may include maintenance of individual health and safety, personal care services, homemaker, chore, attendant care, medication observation and recording, advocacy, communication, assistance with activities of daily living, instrumental activities of daily living, transportation to access community activities, shopping and attending doctor appointments, keeping track of money and bills and using the telephone; and indirect services such as socialization, self-help, and adaptive/compensatory skills development necessary to reside successfully in the community. This service may also include behavioral plan implementation by direct care staff.</p>			
Specify applicable (if any) limits on the amount, frequency, or duration of this service:			
<p><u>Limitations:</u> Participants receiving Supported Living are not eligible to receive separate individual waiver services in addition to Supported Living if the separate services are essentially duplicative of the tasks defined in Supported Living.</p> <p>Transportation may not be billed for separately and is included in the rate paid.</p> <p>Participants receiving Supported Living may not receive Residential Habilitation; however, they may receive Day Support Services as long as these services are not provided nor billed <u>during/for</u> times when the individual is receiving Supported Living services.</p> <p>This service is not available to children in the custody of the State of Utah: Department of <u>Health and</u> Human Services, Division of Child and Family Services.</p> <p>Spouses providing Supported Living services through self-direction are limited to a maximum of 40 hours per week.</p>

Category 1:	Sub-Category 1:
Category 2:	Sub-Category 2:
Category 3:	Sub-Category 3:
Category 4:	Sub-Category 4:
Service Definition (Scope):	
<p>Transportation Services provide waiver participants with the opportunity to access other waiver supports as necessary to encourage, to the greatest extent possible, an independent, productive and inclusive community life. Whenever possible, participants receiving waiver services are trained, assisted, and provided opportunities to use available transportation services offered through family, neighbors, friends or community agencies which can provide this service without charge. If these transportation options are not available or do not meet the needs of the waiver enrollee, waiver non-medical transportation becomes an option.</p> <p>Transportation Supports are only provided as independent waiver services when transportation is not otherwise available as an element of another waiver service. The need for transportation must be documented as necessary to fulfill other identified supports in the individual support plan and the associated outcomes.</p> <p>During audit, the OA monitors for the billing of Transportation Services and validates that the trips met criteria to be billed as supplemental services.</p> <p>Elements of Transportation Services:</p>	

Appendix C-1: 58

State:	
Effective Date	

Appendix C: Participant Services
 HCBS Waiver Application Version 3.6

The Transportation Services category consists of elements for enrollee/family arranged transportation, for transportation by an agency-based provider, and for a multi-pass for a public transit system.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

Limitations: Medicaid payment for transportation under the approved waiver plan is not available for medical transportation. Medical transportation is defined as transportation covered by the State Plan that transports participants to medical services that are covered by the State Plan. In addition, Medicaid payment is not available for any other transportation available through the State plan, transportation that is available at no charge, or as part of administrative expenditures. Additional transportation supports will not be available to community living, day habilitation, or supported employment providers contracted to provide transportation to and from the person's residence to the site(s) of a day program when payment for transportation is included in the established rate paid to the provider.

Transportation may not be offered to those who receive residential or supported living services that include transportation, as well as to those who receive day supports or supported employment services (specifically customized employment or supported employment-individual or supported employment co-worker that include transportation.

Transportation includes both a per trip rate for the purposes of habilitation in the community as well as a daily rate that provides for transportation to and from organized day-supports or supported employment activities.

Additionally, this service is not available to children in the custody of the State of Utah: Department of Health and Human Services, Division of Child and Family Services for the purposes of visitation to a family home as the State perceives this to supplant service to be provided by DCFS:-

Training for individuals in how to navigate public transportation does not fall under the scope of Transportation Services.

	<input type="checkbox"/>	As a primary care case management system service under a concurrent managed care authority. <i>Complete item C-1-c.</i>

c.Delivery of Case Management Services. Specify the entity or entities that conduct case management functions on behalf of waiver participants:

State:	
Effective Date	

Appendix C-2: General Service Specifications

- a. Criminal History and/or Background Investigations.** Specify the state’s policies concerning the conduct of criminal history and/or background investigations of individuals who provide waiver services (*select one*):

<input checked="" type="radio"/>	<p>Yes. Criminal history and/or background investigations are required. Specify: (a) the types of positions (e.g., personal assistants, attendants) for which such investigations must be conducted; (b) the scope of such investigations (e.g., state, national); and, (c) the process for ensuring that mandatory investigations have been conducted. State laws, regulations and policies referenced in this description are available to CMS upon request through the Medicaid or the operating agency (if applicable):</p> <p>UCA26B-2-120–62A-2-120 and R501-14 of the Utah <u>Health and Human Services Administration</u> requires all persons having direct access to children or vulnerable adults must undergo a criminal history/ background investigation except in the case where the waiver enrollee has chosen to self-employ a family member as part of their self-directed program. If the person has lived in Utah continuously for five years or more a regional check is conducted. For those not having lived in Utah for five continuous years a national check through the FBI is conducted.</p> <p>The Office of Background Processing-Licensing, an agency within the Utah Department of <u>Health and Human Services</u> has the responsibility of conducting background checks on all direct care workers who provide waiver services. The scope of the investigation includes a check of the State’s child and adult abuse registries, <u>state and national sex offender registries</u>, and a <u>FBI National Criminal History Records will be accessed</u> Criminal History check through the Criminal Investigations and Technical Services Division of the Department of Public Safety. If a person has lived within two to five years outside the State of Utah or in foreign countries the FBI National Criminal History Records and National Criminal History will be accessed to conduct a check in those states and countries where the person resided.</p> <p>For providers under the Self-Directed Service Model, the state will withhold payments for services for anyone who has not completed a background check. DSPD, through its contracted fiscal intermediaries, has access to all approved employees. Individuals hired through self-direction may not provide service, without supervision, until their background checks are returned and they are authorized to perform service.</p> <p>The health and safety of clients are ensured by routinely scheduled face-to-face visits by support coordinators, and by quality monitoring reviews by both the operating agency and the SMA.</p> <p>The State uses contract reviews of providers (including Financial Management Services agencies for individuals using self-direction) to validate that mandatory background checks are completed. Validation of background checks may also occur during the review of critical incidents.</p>
<input type="radio"/>	<p>No. Criminal history and/or background investigations are not required.</p>

- b. Abuse Registry Screening.** Specify whether the state requires the screening of individuals who provide waiver services through a state-maintained abuse registry (*select one*):

Appendix C-2: 1

State:	
Effective Date	

<input checked="" type="radio"/>	<p>Yes. The state maintains an abuse registry and requires the screening of individuals through this registry. Specify: (a) the entity (entities) responsible for maintaining the abuse registry; (b) the types of positions for which abuse registry screenings must be conducted; and, (c) the process for ensuring that mandatory screenings have been conducted. State laws, regulations and policies referenced in this description are available to CMS upon request through the Medicaid agency or the operating agency (if applicable):</p> <p>Utah Code (Annotated) 62A-2-121, 122 and R501-14 of the Utah Administrative Code require all persons having direct access to children or vulnerable adults must undergo an abuse screening. The Utah Division of Aging and Adult Services and the The Utah Division of Child and Family Services maintain these abuse registries.</p> <p>A designated staff person within <u>DHHS</u>, Office of Licensing, completes all screenings. DSPD, through its contracted fiscal intermediaries, has access to all approved employees and will not approve continued employment or provider payments if the required screenings have not been completed in a timely fashion.</p> <p>The State uses contract reviews of providers (including Financial Management Services agencies for individuals using self-direction) to validate that mandatory abuse registry checks are completed. Validation of abuse registry checks may also occur during the review of critical incidents.</p>
<input type="radio"/>	<p>No. The state does not conduct abuse registry screening.</p>

c. Services in Facilities Subject to §1616(e) of the Social Security Act. Select one:

<input checked="" type="radio"/>	<p>No. Home and community-based services under this waiver are not provided in facilities subject to §1616(e) of the Act. <i>Do not complete Items C-2-c.i – c.iii.</i></p>
<input type="radio"/>	<p>Yes. Home and community-based services are provided in facilities subject to §1616(e) of the Act. The standards that apply to each type of facility where waiver services are provided are available to CMS upon request through the Medicaid agency or the operating agency (if applicable). <i>Complete Items C-2-c.i –c.iii.</i></p>

i. Types of Facilities Subject to §1616(e). Complete the following table for *each type* of facility subject to §1616(e) of the Act:

Type of Facility	Waiver Service(s) Provided in Facility	Facility Capacity Limit

Appendix C-2: 2

State:	
Effective Date	

ii. Larger Facilities: In the case of residential facilities subject to §1616(e) that serve four or more individuals unrelated to the proprietor, describe how a home and community character is maintained in these settings.

iii. Scope of Facility Standards. For this facility type, please specify whether the state’s standards address the following (*check each that applies*):

Standard	Topic Addressed

When facility standards do not address one or more of the topics listed, explain why the standard is not included or is not relevant to the facility type or population. Explain how the health and welfare of participants is assured in the standard area(s) not addressed:

Appendix C-2: 3

State:	
Effective Date	

d. Provision of Personal Care or Similar Services by Legally Responsible Individuals. A legally responsible individual is any person who has a duty under state law to care for another person and typically includes: (a) the parent (biological or adoptive) of a minor child or the guardian of a minor child who must provide care to the child or (b) a spouse of a waiver participant. Except at the option of the State and under extraordinary circumstances specified by the state, payment may not be made to a legally responsible individual for the provision of personal care or similar services that the legally responsible individual would ordinarily perform or be responsible to perform on behalf of a waiver participant. *Select one:*

<input type="radio"/>	No. The state does not make payment to legally responsible individuals for furnishing personal care or similar services.
<input checked="" type="radio"/>	<p>Yes. The state makes payment to legally responsible individuals for furnishing personal care or similar services when they are qualified to provide the services. Specify: (a) the legally responsible individuals who may be paid to furnish such services and the services they may provide; (b) state policies that specify the circumstances when payment may be authorized for the provision of <i>extraordinary care</i> by a legally responsible individual and how the state ensures that the provision of services by a legally responsible individual is in the best interest of the participant; and, (c) the controls that are employed to ensure that payments are made only for services rendered. <i>Also, specify in Appendix C-3 the personal care or similar services for which payment may be made to legally responsible individuals under the state policies specified here.</i></p> <p>(a) Spouses and parents/guardians of waiver participants may be eligible to perform Supported Living in accordance with the definition for extraordinary care below and per the CMS Technical Guide, Version 3.6</p> <p>(b) To ensure the use of a legally responsible person to provide services is in the best interest of the participant, the following criteria must be met and documented in the participant's Person-Centered Support/Service Plan/Comprehensive Care Plan:</p> <ol style="list-style-type: none"> 1. Choice of the legally responsible person to provide waiver services truly reflects the participant's wishes and desires; 2. The provision of services by the legally responsible person is in the best interests of the participant and the individual's <u>his or her</u> family; 3. The provision of services by the legally responsible person is appropriate and based on the participant's identified support needs; 4. The services provided by the legally responsible person will increase the participant's independence and community integration; 5. There are documented steps in the PCSP that will be taken to expand the participant's circle of support so that individual <u>he or she</u> is able to maintain and improve his or her health, safety, independence, and level of community integration on an ongoing basis should the legally responsible person acting in the capacity of employee no longer be available; 6. The legally responsible person must sign a service agreement to provide assurances to the State/OA that the legally responsible person <u>he or she</u> will implement the service plan and provide the services in accordance with applicable federal and State laws and regulations governing the program. <p>(c) From a financial perspective, the prior authorization of hours/coordination with FMS agencies will be used as a control, in addition to daily/weekly maximum of hours determined to be extraordinary care. State staff members will provide additional oversight and coordinate with Case Managers/Support Coordinators to ensure health and safety objectives are maintained, both for the waiver participant and the spouse/<u>parent/guardian</u> rendering care.</p> <p>In the approval process for spousal and parent/guardian caregiver compensation, the state will conduct a holistic review of the individual's supports, including the likelihood of jeopardizing</p>

Appendix C-2: 4

State:	
Effective Date	

the well being of the spouse/parent/guardian if engaging in additional direct care. (Caregiver burnout; physical limitations with needed ADL assistance; etc.)

The State uses the following definition for ~~Spousal/Parent/Guardian~~ Extraordinary Care:

Extraordinary care means care exceeding the range of Activities of Daily living (ADLs) or Instrumental Activities of Daily Living (IADLs) that a legally responsible individual would ordinarily perform in the household on behalf of a person without a disability or chronic illness of the same age and which is necessary to assure the health and welfare of the participant and avoid institutionalization. Extraordinary care can include specialized skills/tasks which need to be performed for the waiver participant.

Spouses/Parents/Guardians may be eligible to perform direct care when all of the following conditions are met(~~each condition must be met~~):

1. The proposed provider is the choice of the participant, which is supported by the team;
2. When not also directing services on behalf of the participant;
3. The legally responsible person provides no more than 40-hours per week of the service that the agency approves the legally responsible person to provide; and
4. The legally responsible person has the unique ability to meet the needs of the participant (e.g. has special skills or training, like nursing licensure).

—————This benefit/allowance for the delivery of Supported Living Services is limited to parents, guardians, and family members who would be considered primary caregivers for the waiver participant. Otherwise, it would be anticipated that respite services and other waiver supports would be explored.

The family's assigned FMS agency will be responsible for monitoring hours used, processing time sheets, and ensuring EVV compliance (where applicable). The Support Coordinator will also review paid claims in addition to working with the family's selected FMS as part of periodic contacts with the family.

The State may make payments to legally responsible individuals or legal guardians when conditions have been met as described above. The State also allows payments to relatives when the relative is qualified to provide services as specified in Appendix C-3. The State will not pay non-legally responsible caregivers to provide waiver services when they are already being paid by another source to care for the recipient (i.e., foster parents).

The Support Coordinator will verify that services provided are appropriate and furnished in the best interest of the recipient at the time a formal review of the care plan is completed, at least annually or more frequently as necessary, to ensure services continue to meet the needs of the waiver participant. Additionally, on an annual basis, Medicaid will complete a sample review of claims for waiver services rendered to verify the service was authorized and did not exceed the amounts authorized in the care plan.

The State will use the sampling methodology required by CMS when calculating sample sizes. (Currently a 95% confidence interval, 5% margin of error and 50% response distribution). Care plans for those individuals will be compared to actual claims billed and recoupments initiated for those who had utilization exceed authorized amounts.

Payment for services is restricted to Supported Living Services. The amount of hours/services is limited to the overall number of hours established in the service plan.

Appendix C-2: 5

State:	
Effective Date	

- e. **Other State Policies Concerning Payment for Waiver Services Furnished by Relatives/Legal Guardians.** Specify state policies concerning making payment to relatives/legal guardians for the provision of waiver services over and above the policies addressed in Item C-2-d. *Select one:*

<input type="radio"/>	The state does not make payment to relatives/legal guardians for furnishing waiver services.
<input type="radio"/>	The state makes payment to relatives/legal guardians under <i>specific circumstances and only when the relative/guardian is qualified to furnish services.</i> Specify the specific circumstances under which payment is made, the types of relatives/legal guardians to whom payment may be made, and the services for which payment may be made. Specify the controls that are employed to ensure that payments are made only for services rendered. <i>Also, specify in Appendix C-1/C-3 each waiver service for which payment may be made to relatives/legal guardians.</i>
<input checked="" type="radio"/>	<p>Relatives/legal guardians may be paid for providing waiver services whenever the relative/legal guardian is qualified to provide services as specified in Appendix C-1/C-3. Specify the controls that are employed to ensure that payments are made only for services rendered.</p> <p>Relatives may not provide services to multiple participants at the same time, but relatives may provide more than one service to a participant with the limitation that the services may not be provided at the same time. For example, a relative may be a provider of both personal care and respite services, but they would not be eligible to bill for both services concurrently.</p> <p>Relatives may include immediate family such as brothers or sisters, or extended family such as aunts/uncles/cousins. It is not the intention to limit any familial relationships provided the needed services can be safely performed by the prospective provider. Whenever a legally responsible individual or relative/legal guardian is paid for the provision of a waiver service, the person must meet the provider qualifications that apply to a service and there must be a properly executed provider agreement, or employment facilitated through self-administered services as outlined in Appendix E. Relatives may perform any service for which the state has acknowledged in C-1/C-3, but parents/guardians are limited to Supported Living Services.</p> <p>For Relatives: Support Coordinators conduct monthly reviews of all services provided before claims are paid. Support Coordinators monitor the use of services as defined in the Person Centered Support Plan. DSPD conducts random sample audits each year on the SAS programs that focus on service usage and interviews with clients and employees about service utilization. DSPD monitors service utilization each month and if there is any indication of fraud or abuse of funds, DSPD immediately notifies the contract monitoring units so a more in-depth audit will be performed to verify if any fraud or abuse of funds occurred.</p> <p>The State also allows payments to relatives when the relative is qualified to provide services as specified in Appendix C-3. The State will not pay non-legally responsible caregivers to provide waiver services when they are already being paid by another source to care for the recipient (i.e., foster parents).</p>

Appendix C-2: 6

Appendix C-2: 7

State:	
Effective Date	

- f. **Open Enrollment of Providers.** Specify the processes that are employed to assure that all willing and qualified providers have the opportunity to enroll as waiver service providers as provided in 42 CFR §431.51:

The Utah Department of Health and Human Services will enter into a provider agreement with all willing providers who are selected by participants and meet licensure, certification, competency requirements and all other provider qualifications.

The Utah Department of Health and Human Services in conjunction with the Bureau of Contract Management will issue an Invitation to submit Offer (ISO) for the purpose of entering into a contract with willing and qualified individuals and public or private non-profit organizations.

The ISO is distributed to all qualified providers and remains open, allowing for continuous recruitment. The request includes service requirements and expectations. A review committee evaluates the proposals against the criteria contained in the ISO and selects those who meet the qualifications.

A specific time frame is not established to process a provider's enrollment, but a provider may not begin performing service until all required elements of contracting are completed.

Quality Improvement: Qualified Providers

As a distinct component of the state's quality improvement strategy, provide information in the following fields to detail the state's methods for discovery and remediation.

a. Methods for Discovery: Qualified Providers

The state demonstrates that it has designed and implemented an adequate system for assuring that all waiver services are provided by qualified providers.

i. Sub-Assurances:

a. Sub-Assurance: The state verifies that providers initially and continually meet required licensure and/or certification standards and adhere to other standards prior to their furnishing waiver services.

i. Performance Measures

For each performance measure the state will use to assess compliance with the statutory assurance complete the following. Where possible, include numerator/denominator.

Appendix C-2: 8

State:	
Effective Date	

For each performance measure, provide information on the aggregated data that will enable the state to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:	Number and percentage of licensed/certified providers that meet criteria both at initial enrollment and ongoing. The numerator is the number of providers in the review which meet licensure/certification criteria prior to furnishing waiver services and on-going; the denominator is the total number of providers reviewed.

Appendix C-2: 12

State:	
Effective Date	

- ii *If applicable, in the textbox below provide any necessary additional information on the strategies employed by the state to discover/identify problems/issues within the waiver program, including frequency and parties responsible.*

Support Coordinators DSPD review provider sites to assure that they are safe and in good repair. DSPD also interviews available direct care staff to determine if they have knowledge of participant goals and can describe progress that is made on each goal. In ~~addition, provider~~ addition ~~provider~~ staff are interviewed to determine if they received training on a participant’s behavior support plan and if they are knowledgeable of problem behaviors and strategies to decrease problem behaviors.

~~Support coordinators monitor provider staff to assure that staff are able to describe participant goals and progress on the goals.~~ Support coordinators also monitor a sample of self administered services (SAS) employees on an annual basis. The support coordinators complete a review checklist, which covers employee files, forms, and appropriate training for staff. Time sheets are reviewed to ensure proper billing for services. In most cases, support coordinators meet in person with employees to confirm proper training and work hours. Providers of services for the Community Supports Transitions Waiver must complete all required training as specified in the State Implementation Plan. The USTEPS system tracks the expenditures for each participant and ensures that services remain within the allotted budget.

For providers who do not complete a voluntary assignment of payment to DSPD as outlined in Appendix I, claims data will be retrieved from PRISM to aid in budget/utilization tracking

b. Methods for Remediation/Fixing Individual Problems

- i. *Describe the state’s method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the state to document these items.*

Individual issues identified that affect the health and welfare of individual recipients are addressed immediately. These issues are addressed in a variety of ways, and may include: a) direct contact for additional information if any, and b) informal discussion or formal (written) notice of adverse findings. The SMA will use discretion in determining notice requirements depending on the findings. Examples of issues requiring intervention by the SMA would include: overpayments; allegations or substantiated violations of health and safety; necessary involvement of Adult Protective Services (APS) and/or local law enforcement; or issues involving the State’s Medicaid Fraud Control Unit.

Appendix C-4: Additional Limits on Amount of Waiver Services

Additional Limits on Amount of Waiver Services. Indicate whether the waiver employs any of the following additional limits on the amount of waiver services (*check each that applies*).

<input checked="" type="checkbox"/>	Not applicable – The state does not impose a limit on the amount of waiver services except as provided in Appendix C-3.
<input type="checkbox"/>	Applicable – The state imposes additional limits on the amount of waiver services.

When a limit is employed, specify: (a) the waiver services to which the limit applies; (b) the basis of the limit, including its basis in historical expenditure/utilization patterns and, as applicable, the processes and methodologies that are used to determine the amount of the limit to which a participant's services are subject; (c) how the limit will be adjusted over the course of the waiver period; (d) provisions for adjusting or making exceptions to the limit based on participant health and welfare needs or other factors specified by the state; (e) the safeguards that are in effect when the amount of the limit is insufficient to meet a participant's needs; and, (f) how participants are notified of the amount of the limit.

<input type="checkbox"/>	Limit(s) on Set(s) of Services. There is a limit on the maximum dollar amount of waiver services that is authorized for one or more sets of services offered under the waiver. <i>Furnish the information specified above.</i>
<input type="checkbox"/>	Prospective Individual Budget Amount. There is a limit on the maximum dollar amount of waiver services authorized for each specific participant. <i>Furnish the information specified above.</i>
<input type="checkbox"/>	Budget Limits by Level of Support. Based on an assessment process and/or other factors, participants are assigned to funding levels that are limits on the maximum dollar amount of waiver services. <i>Furnish the information specified above.</i>
<input type="checkbox"/>	Other Type of Limit. The state employs another type of limit. <i>Describe the limit and furnish the information specified above.</i>

Appendix C-4: 1

State:	
Effective Date	

Appendix C-5: Home and Community-Based Settings

Explain how residential and non-residential settings in this waiver comply with federal HCB Settings requirements at 42 CFR 441.301(c)(4)-(5) and associated CMS guidance. Include:

1. Description of the settings and how they meet federal HCB Settings requirements, at the time of submission and in the future.
2. Description of the means by which the state Medicaid agency ascertains that all waiver settings meet federal HCB Setting requirements, at the time of this submission and ongoing.

Note instructions at Module 1, Attachment #2, HCBS Settings Waiver Transition Plan for description of settings that do not meet requirements at the time of submission. Do not duplicate that information here.

~~Settings Compliance process: New provider applies for a DHHS contract to provide HCBS services. The provider is required to complete the DHHS/Office of Service Review/Office of Quality Design (OQD) provider orientation process which includes Settings Rule training, attending the provider orientation, and submitting policy and procedure documents to OSR for review. The provider submits an initial license or certification application to the Office of Licensing (OL) along with a New Provider Settings Attestation Form and a Settings Self-Assessment for each setting. OL will complete a site visit and identify any conflicts with the Settings Rule. OSR reviews the Attestation form, the Self-Assessment, and the providers policy and procedure documents as well as any OL concerns. OSR interviews the provider's leadership and make an initial determination of settings compliance. OSR will work with the provider to address any areas that require remediation prior to providing services. Once initial compliance is determined, the provider can start services in the setting and OSR will validate their initial determination by conducting interviews with the individuals receiving services at the setting.~~

~~Maintain Ongoing Compliance: Once overall compliance is achieved, strategies to ensure ongoing compliance for all providers will include conducting periodic participant experience surveys, building questions from the Settings Rule into annual service planning process, settings policy guidance as defined by provider manuals and state implementation plans, and ongoing provider certification that they have received information about and understand the settings requirements. Utah's existing quality assurance system will also include ongoing HCBS setting compliance monitoring; this includes ongoing critical incident report monitoring, case coordination monitoring, licensing monitoring and HCBS Waiver reviews.~~

~~Provider owned/operated settings where individuals will reside or receive services: Host Home, Professional Parent, Residential Habilitation, and all types of Day services (Day Supports/Center-Based Prevocational Services, etc.).~~

The CSW is fully compliant with HCBS setting requirements.

Support Coordinators will be responsible for oversight and ongoing monitoring of the settings in which waiver services are being provided.

Appendix C-5: 1

State:	
Effective Date	

In the course of quality assurance activities, additional settings compliance monitoring will be conducted by the operating agency and State Medicaid Agency.

1. Waiver participants will receive services in settings that meet the following indicators of compliance with the Settings Rule:

The setting is integrated in and supports full access of individuals receiving Medicaid HCBS to the greater community, including opportunities to seek employment and work in competitive integrated settings, engage in community life, control personal resources, and receive services in the community, to the same degree of access as individuals not receiving Medicaid HCBS.

The setting is selected by the individual from among setting options, including non-disability specific settings and an option for a private unit in a residential setting. The settings options are identified and documented in the person-centered plan and are based on the individual's needs, preferences, and, for residential settings, resources available for room and board.

The setting ensures an individual's rights of privacy, dignity, and respect, and freedom from coercion and restraint.

The setting optimizes but does not regiment individual initiative, autonomy, and independence in making life choices, including but not limited to, daily activities, physical environment, and with whom to interact.

The setting facilitates individual choice regarding services and supports, and who provides them. The setting enforces the Home and Community-Based Settings Regulation requirements.

In addition, residential settings will also need to meet the following indicators of compliance with the Settings Rule:

The individual has a lease or other legally enforceable agreement providing similar protections.

The setting ensures the individual has privacy in their sleeping or living unit including lockable doors, choice of roommates, and freedom to furnish or decorate the unit.

The setting ensures the individual has the freedom and support to control his/her own schedule and activities, and have access to food at any time.

The individual can have visitors of his/her choosing at any time.

The setting is physically accessible to the individual.

The setting ensures that any modification of the HCBS Settings qualities and conditions is supported by a specific assessed need and justified in the person-centered support plan.

These specific settings will include day service centers, community-based day services, personal or family residences, provider owned residences, and any private or publicly owned community site including, but not limited to, libraries, parks, recreation centers, and theaters.

The state has reviewed self-assessments of all current providers and followed up with remediation plans. A site visit was done to validate the self-assessments and a second site visit was completed to review progress on any remediation concerns. A stakeholder workgroup is in the process of reviewing the site visit reports and determining compliance or the need for further remediation with the state. The indicators were used in the site visit process which included observation and interviews with consumers, direct care staff, and administration of each provider agency reviewed.

2. All new providers are required to participate in a training on the Settings Rule criteria when they apply for a new contract with the Medicaid Operating Agency to provide Medicaid services to participants on this waiver. For settings that are provider owned, the licensing entity requires

Appendix C-5: 2

State:	
Effective Date	

the Utah Settings Rule Attestation and a Self-Assessment to be filled out by the provider agency and submitted with their application for licensure or certification. The licensing entity will conduct an on-site inspection and identify if the site meets licensing or certification standards, as well as the Settings Rule. This information, including the attestation and self-assessment will be sent to the quality review entity who will review all the information in addition to the provider agencies policies, and conduct a phone interview regarding how the provider plans to deliver services in the new setting. The quality review entity will identify if an initial approval can be provided or if remediation and further review will be necessary. Once the initial approval is given, the licensing entity will be notified and will issue the license or certification. The provider agency will be given approval at this point to provide services in the new site. If the provider agency plans to also provide services to non-medicaid recipients, those recipients will be provided services first. The quality review entity will subsequently make a visit to the new site to review how services are being delivered and ensure they are in compliance with the Settings Rule or determine if remediation and further review will be necessary. Those settings found to have isolating features that they have overcome will be required to go through the heightened scrutiny process. Those settings that are found to have isolating features that chose not to or can not overcome will be disenrolled as a Medicaid provider.

Any HCBS setting pulled for monitoring by the quality assurance entity of the Medicaid Operating Agency will be monitored for HCBS Setting Rule compliance using the indicators mentioned above. Follow up and resolution measures for any noncompliance areas will be completed on a site by site evaluation by the State. All HCBS settings will be assessed in the ongoing monitoring process. Case management, licensing & certification, and quality management review processes will include HCBS Setting Rule compliance monitoring.

Strategies to ensure ongoing compliance include:

Conducting periodic Participant Experience Surveys;

Building questions from the HCBS Settings Rule into annual support planning processes;

Settings policy guidance as defined by provider manuals and State Implementation Plans;

Ongoing provider certification that they have received information about and understand the HCBS Setting Requirements

The State will continue to engage Stakeholders to evaluate progress, identify areas of concern, and propose solutions.

Appendix D-1: Service Plan Development

State Participant-Centered Service Plan Title:	Person Centered Support Plan (PCSP)
---	-------------------------------------

a. **Responsibility for Service Plan Development.** Per 42 CFR §441.301(b)(2), specify who is responsible for the development of the service plan and the qualifications of these individuals (*check each that applies*):

<input type="checkbox"/>	Registered nurse, licensed to practice in the state
<input type="checkbox"/>	Licensed practical or vocational nurse, acting within the scope of practice under state law
<input type="checkbox"/>	Licensed physician (M.D. or D.O)
<input checked="" type="checkbox"/>	Case Manager (qualifications specified in Appendix C-1/C-3)
<input type="checkbox"/>	Case Manager (qualifications not specified in Appendix C-1/C-3). <i>Specify qualifications:</i>
<input type="checkbox"/>	Social Worker <i>Specify qualifications:</i>
<input type="checkbox"/>	Other <i>Specify the individuals and their qualifications:</i>

b. **Service Plan Development Safeguards.**

Select one:

<input checked="" type="checkbox"/>	Entities and/or individuals that have responsibility for service plan development may not provide other direct waiver services to the participant.
<input type="checkbox"/>	Entities and/or individuals that have responsibility for service plan development may provide other direct waiver services to the participant. The state has established the following safeguards to ensure that service plan development is conducted in the best interests of the participant. <i>Specify:</i>

c. **Supporting the Participant in Service Plan Development.** Specify: (a) the supports and information that are made available to the participant (and/or family or legal representative, as appropriate) to direct

Appendix D-1: 1

State:	
Effective Date	

and be actively engaged in the service plan development process and (b) the participant’s authority to determine who is included in the process.

In accordance with CFR 441. 301 (c) (1), the waiver includes the following processes to support the participant (and/or family or legal representative, as appropriate) to direct and be actively engaged in service plan development:

(1) Person-centered planning process. The support coordinator is responsible to ensure the individual leads the person-centered planning process where possible. As a part of pre-planning the support coordinator works with the individual to determine the role they would like to have in their upcoming meeting, any accommodations or support they may need to accomplish this task, as well as any preparatory work that may be required to help them be successful. The individual's representative has a participatory role, as needed and as defined by the individual, unless State law confers decision-making authority to the legal representative. All references to individuals include the role of the individual's representative. In addition to being led by the individual receiving services and supports, the person-centered planning process:

(i) Includes people chosen by the individual. The support coordinator utilizes the pre-planning process to ask the individual who they would like to attend their person-centered planning meeting.

(ii) Provides necessary information and support to ensure that the individual directs the process to the maximum extent possible, and is enabled to make informed choices and decisions. In addition to accommodations, supports, and preparation provided by the support coordinator to the individual to help them lead their person-centered planning process, accommodations are made to ensure the individual can make informed choices and decisions. For example, the individual can take their plan home to think about it if they wish; pictures or graphics can be used to represent information in the plan (although a written plan is also required); the support coordinator can coordinate experiences for the individual to increase their understanding of other services, community settings, or providers that are available to them; etc.

(iii) Is timely and occurs at times and locations of convenience to the individual. As a part of the pre-planning process the support coordinator works with the individual to determine times and locations that will work for them and their chosen team. It is recommended that the support coordinator begin the pre-planning process several weeks prior to the end of the previous 12 month cycle to ensure all aspects of the process are completed in a timely manner, and times and locations are convenient for the individual.

(iv) Reflects cultural considerations of the individual and is conducted by providing information in plain language and in a manner that is accessible to individuals with disabilities and persons who are limited English proficient, consistent with CFR 435.905(b). Support coordinators are responsible to ensure the meeting is conducted in plain language and in a manner accessible to the individual. The support coordinator assists individuals who are limited English proficient to utilize Medicaid contracted interpretive services at no cost to the individual including, oral interpretation and written translations. Access to and use of auxiliary aids and services is supported by the support coordinator and/or team at no cost to the individual in accordance with the Americans with Disabilities Act and section 504 of the Rehabilitation Act. The support coordinator informs individuals of the availability of the accessible information and language services described in this paragraph and how to access such information and services.

Appendix D-1: 2

State:	
Effective Date	

(v) Includes strategies for solving conflict or disagreement within the process, including clear conflict-of-interest guidelines for all planning participants. The support coordinator must authorize services according to documented and assessed needs, and the individual’s choice and preferences. If assessments and/or other documentation do not support needs described by some members of the team, or documentation is conflicting, a new assessment can be requested of State staff. The support coordinator must inform the family they can request a fair hearing in the event services are reduced, terminated, or denied as a part of the planning process. State staff provide timely notice of hearing rights in writing to the individual. Additionally, individuals can contact constituent services at the State Medicaid Agency (SMA) or the Operating Agency (OA) at any point there is conflict or they are in disagreement with the process.

(vi) Providers of Home and Community Based Services (HCBS) for the individual, or those who have an interest in or are employed by a provider of HCBS for the individual must not provide case management or develop the person-centered support plan, except when the State demonstrates that the only willing and qualified entity to provide case management and/or develop person-centered support plans in a geographic area also provides HCBS. In these cases, the State must devise conflict of interest protections including separation of entity and provider functions within provider entities, which must be approved by Centers for Medicare and Medicaid Services (CMS). Individuals must be provided with a clear and accessible alternative dispute resolution process.

(vii) Offers informed choices to the individual regarding the services and supports they receive and from whom. Support coordinators are responsible to support individuals to make informed choices and decisions. For example, the support coordinator can suggest that the individual take their plan home to think about it if they wish; use pictures or graphics to represent information in the plan (although a written plan is also required); coordinate experiences for the individual to increase their understanding of other services, community settings, or providers that are available to them; etc.

(viii) Includes a method for the individual to request updates to the plan as needed. The support coordinator informs the individual they may be contacted at any time to update the plan as needed.

(ix) The support coordinator records the alternative home and community-based settings that were considered by the individual on the person-centered service plan.

- d. Service Plan Development Process** In four pages or less, describe the process that is used to develop the participant-centered service plan, including: (a) who develops the plan, who participates in the process, and the timing of the plan; (b) the types of assessments that are conducted to support the service plan development process, including securing information about participant needs, preferences and goals, and health status; (c) how the participant is informed of the services that are available under the waiver; (d) how the plan development process ensures that the service plan addresses participant goals, needs (including health care needs), and preferences; (e) how waiver and other services are coordinated; (f) how the plan development process provides for the assignment of responsibilities to implement and monitor the plan; and, (g) how and when the plan is updated, including when the participant’s needs change. State laws, regulations, and policies cited that affect the service plan development process are available to CMS upon request through the Medicaid agency or the operating agency (if applicable):

Appendix D-1: 3

State:	
Effective Date	

The Support Coordinator works in concert with the entire PCSP team to develop the PCSP. The PCSP team meets together at scheduled times and locations convenient to both the waiver participant and other individuals whom the participant has invited to participate. The Support Coordinator is responsible to work with the individual and their authorized representative (if applicable) to negotiate a time and location which meets the preferences and schedules of those who will be participating in the planning meeting. As part of the process to develop the PCSP, the PCSP team identifies the waiver participant's strengths, goals, preferences, needs, capacities, and desired outcomes. The PCSP is developed and implemented in a manner that supports the waiver participant and recognizes the individual as central to the process. The Support Coordinator also works with the PCSP team to enable and assist the participant to identify and access a unique mix of services to meet the participant's assessed needs.

The PCSP is reviewed as frequently as necessary, with a formal review at least annually, and is completed during the calendar month in which it is due. Annual individual budgets are developed with sufficient funds allocated to cover the array of services indicated on the PCSP. The PCSP and the budget are reviewed by the PCSP team and must be agreed upon by the participant or the participant's legal representative and the Support Coordinator. Initial budgets and any subsequent increase to a budget must also be approved by the Division of Services for People with Disabilities (DSPD). The PCSP and the budget are changed during the course of the year, as needed, to address participants' changing needs.

The primary assessment tool utilized to support service plan development is the Utah Comprehensive Assessment of Needs and Strengths (UCANS). Other assessments include: review of the previous year's assessment, person-centered planning tools, the Person-Centered Profile, and educational, psychological, psychiatric, medical and other therapy evaluations as needed.

a) who develops the plan, who participates in the process, and the timing of the plan:

The Support Coordinator has ultimate responsibility to develop the PCSP; however, it is the entire PCSP team's responsibility to participate in and develop the PCSP. The PCSP is reviewed and updated at least once a year with changes made throughout the year based on the participant's needs. When making necessary changes during the plan year, the Support Coordinator can choose to complete a whole new plan or make modifications (addendums) to the existing plan. The waiver participant or the participant's legal representative may also request updates or changes to the existing plan outside of annual, formal reviews of the PCSP. Such requests would be addressed directly with the participant's Support Coordinator. Once approved, service authorizations are provided to each of the selected agencies with the amount, frequency, duration, type and scope of the services they have been requested to provide. The Support Coordinator works with the individual and the selected providerrd to determine service schedules (should the individual require assistance).

A final copy of the PCSP is constructed and signed by the participant or their legal representative and is shared with the participant. A copy retained by the OA.

(b) the types of assessments that are conducted to support the service plan development process, including securing information about participant needs, preferences and goals, and health status:

The CSW utilizes a comprehensive approach to support plan development. The Utah Comprehensive Assessment of Needs and Strengths (UCANS) is the primary assessment tool for the development of the Person Centered Support Plan (PCSP)², ~~enhanced by a module assessing the level of supervision a participant requires for successful and safe habilitation in their communities as well as a risk assessment module.~~ Other important assessments include: person-centered planning tools, the Person-Centered Profile, educational assessments, psychological assessments, psychiatric assessments, medical assessment, other therapy evaluations as needed and the review of the past year.

- e. **Risk Assessment and Mitigation.** Specify how potential risks to the participant are assessed during the service plan development process and how strategies to mitigate risk are incorporated into the service plan, subject to participant needs and preferences. In addition, describe how the service plan development process addresses backup plans and the arrangements that are used for backup.

The primary tool for assessing risk is the UCANS. These items are reviewed by the Person Centered Support Plan (PCSP) team and addressed in the PCSP as needed. Back up plans, which may consist of alternate staffing strategies, natural supports, phone numbers, and/or plans for preparing for a disaster are developed and incorporated into support strategies. Services that address risk are identified and included in the PCSP.

Prior to the planning meeting, the DSPD assessment specialist completes the initial UCANS by interviewing the participant, family, and provider staff to identify items important "for" the participant. These include health and safety areas of need and risk. Other assessments and the results of the past year's supports are also reviewed. During the planning meeting, the PCSP team reviews items identified as areas of concern. Decisions are made based on the participant's identified needs, supports, and services. Risks are described in support strategies and are tracked in mMonthly log Progress Notes from the Support Coordinator. Risks and responses to risks are also noted in the Plan Backup section of the PCSP. PCSP teams should identify potential risks and write a response plan to address those risks. This would include but is not limited to: length of time before responding, what to do when responding, and who to contact if appropriate for the risk. Support strategies and services that address risks are followed up and addressed by Support Coordinators during visits with participants, families, and providers. Issues are discussed with the Support Coordinator's supervisor and other pertinent individuals. DSPD Program Specialists and other DSPD staff are available to provide consultation to Support Coordinators for the mitigation of risks.

- f. **Informed Choice of Providers.** Describe how participants are assisted in obtaining information about and selecting from among qualified providers of the waiver services in the service plan.

Upon enrollment, the participant and/or legal representative are informed of all available qualified providers of waiver services in a manner consistent with their individual needs. This also occurs annually thereafter and when changes occur to the PCSP, specifically during the PCSP planning meeting.

Each participant or legal representative is directed to the DSPD website for information regarding contracted providers. The USTEPS case management system used to develop the PCSP includes pull down lists of all current providers for each specific waiver service. Additionally, the DSPD website contains a list with contact information for all contracted providers.

As a part of the service planning process or at any point the individual requests a change in provider, the support coordinator sends an Invitation to Submit an Offer (ISO) to all enrolled DSPD providers. The individual is then provided with a list of providers who responded to the ISO stating that they are willing and able to serve the individual. The support coordinator then assists the individual to exercise informed choice through interviews, site visits, and/or experiences in order to make their selection. The participant's choice of providers of services is documented on the PCSP.

Effective Date	

Appendix D: Participant-Centered Planning and Service Delivery

HCBS Waiver Application Version 3.6

The process for assisting individuals to obtain information about and select from qualified providers reflects cultural considerations of the individual and is conducted by providing information in plain language and in a manner that is accessible to individuals with disabilities and persons who are limited English proficient, consistent with CFR 435.905(b). Support Coordinators are responsible to ensure information is presented in plain language and in a manner accessible to the individual. The Support Coordinator assists individuals who are limited English proficient to utilize Medicaid or OA contracted interpretive services at no cost to the individual including, oral interpretation and written translations. Access to and use of auxiliary aids and services is supported by the Support Coordinator and/or team at no cost to the individual in accordance with the Americans with Disabilities Act and section 504 of the Rehabilitation Act. The Support Coordinator informs individuals of the availability of the accessible information and language services described in this paragraph and how to access such information and services.

- g. Process for Making Service Plan Subject to the Approval of the Medicaid Agency.** Describe the process by which the service plan is made subject to the approval of the Medicaid agency in accordance with 42 CFR §441.301(b)(1)(i):

The State Medicaid Agency (SMA) retains final authority for oversight and approval of the service planning process. The oversight function involves reviews, occurring at a minimum of every two years, of a representative sample of waiver enrollee’s service plans that will be sufficient to provide a confidence level equal to 95% and a confidence interval equal to five. A response distribution equal to 50% will be used to gather baseline data for the first waiver year. Baseline data will be collected over a two year period with 50% of the total sample size collected each year. The response distribution used for further reviews will reflect the findings gathered during the baseline review.

- h. Service Plan Review and Update.** The service plan is subject to at least annual periodic review and update to assess the appropriateness and adequacy of the services as participant needs change. Specify the minimum schedule for the review and update of the service plan:

<input type="radio"/>	Every three months or more frequently when necessary
<input type="radio"/>	Every six months or more frequently when necessary
<input checked="" type="radio"/>	Every twelve months or more frequently when necessary
<input type="radio"/>	Other schedule <i>Specify the other schedule:</i>

- i. Maintenance of Service Plan Forms.** Written copies or electronic facsimiles of service plans are maintained for a minimum period of 3 years as required by 45 CFR §92.42. Service plans are maintained by the following (*check each that applies*):

<input type="checkbox"/>	Medicaid agency
<input checked="" type="checkbox"/>	Operating agency
<input type="checkbox"/>	Case manager
<input type="checkbox"/>	Other

Appendix D-2: Service Plan Implementation and Monitoring

- a. Service Plan Implementation and Monitoring.** Specify: (a) the entity (entities) responsible for monitoring the implementation of the service plan and participant health and welfare; (b) the monitoring and follow-up method(s) that are used; and, (c) the frequency with which monitoring is performed.

The entire Person Centered Support Plan (PCSP) team will work with the participant to identify goals. Support Coordinators have the ultimate responsibility to employ a person centered approach during the goal identification process and will utilize that same approach to develop and complete the PCSP prior to implementation.

If any interested party believes that the PCSP is not being implemented as outlined, or receives a request from the participant and/or legal representative, they should immediately contact the Support Coordinator to resolve the issue by following the informal and, if necessary, the formal resolution process as identified in Appendix F.

The Support Coordinator is responsible for ensuring that the PCSP is reviewed and updated as necessary to:

1. Record the participant's progress (or lack of progress)
2. Determine the continued appropriateness and adequacy of the participant's services; and
3. Ensure that the services identified in the PCSP are being delivered and are appropriate for the participant.

The PCSP is updated or revised as necessary by the Support Coordinator. Any changes which result in an increase to the budget are reviewed and approved through DSPD.

The Support Coordinator monitors the implementation of the PCSP by doing the following:

1. Regularly scheduled face to face visits with the person as outlined by the Support Coordinator contract. ~~(while quarterly face to face visits is the standard, the Support Coordinator has the discretion to conduct face to face visits with the client more frequently than quarterly.~~ In all cases frequency will be dependent on the assessed needs of the participant ~~client~~ and will not exceed 90 days without a face to face visit);
2. Reviews of progress reports authored by the service provider; and
3. Working and meeting with support providers and families to ensure that participants are receiving quality supports in the environment of their choice.

In order to accomplish these implementation and monitoring activities, Support Coordinators and officials of the Operating Agency and the SMA are afforded access to the participants that they serve at all times, with or without prior notice.

Monitoring of PCSPs is conducted at least every two years by DHHS/DSPD and at least every five years by the SMA. The sample size for each review will be sufficient to provide a confidence level equal to 95% and a confidence interval equal to five. Records are reviewed for documentation that demonstrates participants have been made aware of all services available on the CSW and have been offered choice among available providers. Records are also reviewed for compliance with health and welfare standards. This includes the documentation that prevention strategies are developed and implemented (when applicable) when abuse, neglect or exploitation is identified, verification (during face to face visits) that the safeguards and interventions are in place, notification of incidents to Support Coordinators has occurred, and documentation that participants have assistance, when needed, to take their medications and verification that back up plans are effective. Records are also reviewed to determine that the PCSP addresses all of the participant's

Appendix D-2: 1

State:	
Effective Date	

assessed needs, including health needs, safety risks and personal goals either by the provision of waiver services or other funding sources such as State Plan services, generic services and natural supports. Significant findings from these reviews will be addressed with DHHS/DSPD. A plan of correction with specific time frames for completion will be required. The SMA will conduct follow-up reviews as necessary to ensure the plan of correction is implemented and sustained.

Multiple monitoring methods are utilized to assess the effectiveness of back-up plans. The Support Coordinator is required to have monthly contact with the individual to assure participant health and welfare. If a situation occurred where the individual needed to implement their back-up plan, the Support Coordinator discusses with the individual whether or not the plan was effective and makes any necessary changes.

Additionally, the Support Coordinator must take action on critical incident reports made for the individuals on their caseload. If an incident occurs which indicates a back-up plan needs to be changed, the Support Coordinator must work with the individual to make these changes in order to prevent future problems from occurring. State staff review level one critical incidents and ensure back-up plans are updated as appropriate as a part of the investigation process. The State analyzes data for critical incidents to determine if Support Coordinator follow-up occurred where necessary, and of those incidents requiring follow-up, whether recommended actions to protect individuals' health and welfare were implemented.

Finally, the Office of Service Review with the Office of Continuous Quality and Improvement reviews individual back-up plans as a part of their consumer file audits. Where problems are identified during monitoring, a corrective action plan is required of the Support Coordinator. The SMA receives a detailed list of findings following the completion of annual compliance reviews. Ad hoc reviews can be completed and additional data provided as determined necessary by the OA or SMA.

~~The Choice of Services form, which includes information on freedom of choice of provider, is required annually as a part of the person-centered planning process for all individuals on the waiver. OQD reviews a statistically significant sample of these forms each year as a part of routine performance measure reviews to ensure the person has been informed of this choice, as evidenced by their signature.~~

~~Health and safety issues must be addressed in an identified section within the person-centered plan as designed by the USTEPS system. Additionally, all goal and non-goal supports must be included in the person-centered plan, whether they are funded by the waiver or not. Annual consumer file reviews evaluate the number and percentage of PCSPs that address all participants' assessed needs including health needs, safety risks and personal goals either by the provision of waiver services or other funding sources including State Plan, generic and natural supports.~~

~~The Support Coordinator is responsible to monitor implementation of the person-centered service plan on at least a monthly basis for all waiver and non-waiver services, including health services. This may involve direct contact with the participant, working with the servicing provider to determine progress/outcomes on assessed goals, conducting a health status screening, and/or supporting a person to access needed community resources or entitlements. Annual consumer file reviews evaluate the number and percentage of support coordinator monthly summary reports indicating that services are being delivered in accordance with the PCSP.~~

Quality Improvement: Service Plan

As a distinct component of the state’s quality improvement strategy, provide information in the following fields to detail the state’s methods for discovery and remediation.

a. **Methods for Discovery: Service Plan Assurance**

The state demonstrates it has designed and implemented an effective system for reviewing the adequacy of service plans for waiver participants.

i. Sub-assurances:

a. Sub-assurance: Service plans address all participants’ assessed needs (including health and safety risk factors) and personal goals, either by the provision of waiver services or through other means.

i. Performance Measures

For each performance measure the state will use to assess compliance with the statutory assurance complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the state to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Appendix D-2: 3

State:	
Effective Date	

Performance Measure:	<i>Number and percentage of participant records that contain documentation of progress on goals identified in the PCSP. The numerator is the number of PCSPs reviewed that identify participant goals and for which there is documentation demonstrating progression of participants on those identified goals; the denominator is the total number of PCSPs reviewed.</i>

e. **Sub-assurance: Participants are afforded choice between/among waiver services and providers.**

i. Performance Measures

For each performance measure the state will use to assess compliance with the statutory assurance complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the state to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:	Number and percentage of participants who are made aware of all services available on the CSW Waiver. The numerator is the total number of participants reviewed who were made aware of all services available on the CSW Waiver as indicated by their or their legal representative's signature on the Choice of Services section of the PCSP; the denominator is the total number of participants reviewed.		
Data Source (Select one) (Several options are listed in the on-line application): If 'Other' is selected, specify:

- ii. *If applicable, in the textbox below provide any necessary additional information on the strategies employed by the state to discover/identify problems/issues within the waiver program, including frequency and parties responsible.*

PCSPs are developed based on the Utah Comprehensive Assessment Needs (UCANS) [and other PCSP planning tools](#) and in consultation with the participant and/or the participant’s legal representative and address health needs, safety risks and personal goals. Documentation in the participant’s record contains adequate information to ascertain the progress that a participant has made on goals identified on the support plan. Once an individual is enrolled in the waiver they are to receive the amount of covered services necessary to meet their health and welfare needs and to prevent unnecessary institutionalization.

The comprehensive assessment is conducted when a participant enters the waiver and a review is conducted at a minimum every twelve months. If there have been significant changes, the assessment is

Appendix D-2: 10

State:	
Effective Date	

revised. All services are identified on the support plan regardless of funding source. Participants are offered choice of either Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICF/ID) care or CSW services and choice is documented in USTEPS. Participants are made aware of all services available on the CSW and are offered choice among providers whenever choice exists. Choice of providers is documented in the participant's record.

The SMA may include, as part of the sample, participants from prior reviews or participants that were involved in complaints or critical incident investigations. At the conclusion of the review the SMA issues an initial report to DSPD (the operating agency). DSPD has three weeks to respond to or refute the findings. The SMA considers DSPD's response and the final report is issued. When warranted, the SMA will conduct follow up activities of findings from the DSPD report as part of the SMA review.

b. Methods for Remediation/Fixing Individual Problems

- i. Describe the state's method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the state to document these items.*

Individual issues identified by DSPD and the SMA that affect the health and welfare of individual participants are addressed immediately. Issues that are less immediate are corrected within designated time frames and are documented through the SMA final review report. When the SMA determines that an issue is resolved, notification is provided and documentation is maintained by the SMA.

Appendix E: Participant Direction of Services

Applicability (from Application Section 3, Components of the Waiver Request):

<input checked="" type="checkbox"/>	Yes. This waiver provides participant direction opportunities. Complete the remainder of the Appendix.
<input type="checkbox"/>	No. This waiver does not provide participant direction opportunities. Do not complete the remainder of the Appendix.

CMS urges states to afford all waiver participants the opportunity to direct their services. Participant direction of services includes the participant exercising decision-making authority over workers who provide services, a participant-managed budget or both. CMS will confer the Independence Plus designation when the waiver evidences a strong commitment to participant direction.

Indicate whether Independence Plus designation is requested (select one):

<input type="checkbox"/>	Yes. The state requests that this waiver be considered for Independence Plus designation.
<input checked="" type="checkbox"/>	No. Independence Plus designation is not requested.

Appendix E-1: Overview

- a. Description of Participant Direction.** In no more than two pages, provide an overview of the opportunities for participant direction in the waiver, including: (a) the nature of the opportunities afforded to participants; (b) how participants may take advantage of these opportunities; (c) the entities that support individuals who direct their services and the supports that they provide; and, (d) other relevant information about the waiver’s approach to participant direction.

Self-Directed Services are made available to all waiver enrollees who elect to participate in this method. Service selection (provider or self-directed) is provided at least annually, and more frequently as needed. Support Coordinators provide ongoing oversight of the enrollees’ ability to successfully utilize self-directed services. ~~Family Training and Preparation Services are available to participants needing additional assistance and training in aspects of self administration.~~ Enrollees who subsequently demonstrate to their support coordinator their incapacity to successfully self-administer their services are transferred to Agency Based Provider Services.

Under Self-Directed Services, participants and/or their chosen representatives hire individual employees to perform a waiver service/s. The participant and/or their chosen representative are then responsible to perform the functions of supervising, hiring, assuring that employee qualifications are met, scheduling, assuring accuracy of time sheets, etc. of the participant’s employee/s. ~~Participants and/or their chosen representatives may choose avail themselves of the assistance offered to them within the Family Training and Preparation Service should they request and/or be assessed as requiring additional support and assistance in carrying out these responsibilities.~~

In the case of a participant who cannot direct his or her own services, including those who require a guardian, another person may be appointed as the decision-maker in accordance with applicable

Appendix E-1: 1

State:	
Effective Date	

Appendix E: Participant Direction of Services

HCBS Waiver Application Version 3.6

State law. The participant or appointed person may also train the employee to perform assigned activities. Appointed decision-makers cannot also be providers of self-directed services.

Waiver participants and/or their representatives hire employees in accordance with Federal Internal Revenue Service ("IRS") and Federal and State Department of Labor ("DOL") rules and regulations (IRS Revenue Ruling 87-41; IRS Publication 15-A: Employer's Supplemental Tax Guide; Federal DOL Publication WH 1409, Title 29 CFR Part 552, Subpart A, Section 3: Application of the Fair Labor Standards Act to Domestic Service; and States= ABC Test).

Participants authorized to receive services under the Self Directed Services method may also receive services under the Agency Based Provider Services method in order to obtain the array of services that best meet the participant's needs.

For persons utilizing the Self-Directed Services method, Financial Management Services are offered in support of the self-directed option. Financial Management Services, (commonly known as a "Fiscal Agent") facilitate the employment of individuals by the waiver participant or designated representative including: (a) provider qualification verification, (b) employer-related activities including federal, state, and local tax withholding/payments, fiscal accounting and expenditure reports, and (c) Medicaid claims processing and reimbursement distribution.

The participant receiving waiver services remains the employer of record, retaining control over the hiring, training, management, and supervision of employees who provide direct care services.

Once a person's needs have been assessed, the Person Centered Support Plan and budget have been developed and the participant chooses to participate in Self-Directed Services, the participant will be provided with a listing of the available Financial Management Services providers from which to choose. The participant will be referred to the Financial Management Services provider once a selection is made.

A copy of the participant's support plan/approved budget worksheet will be given to the chosen provider of Financial Management Services. The worksheet will indicate the person's total number of authorized funds. Allocated funds are only disbursed to pay for actual services rendered. All payments are made through Financial Management Services providers under contract with the Division of Services for People with Disabilities. Payments are not issued to the waiver participant, but to and in the name of the employee hired by the person or the person's representative. The person will be authorized for a rate to cover the costs of the employee wages and benefits reimbursement.

The Support Coordinator monitors payments, reviews actual expenditure in comparison with the individual support plan and budget, contacts the waiver participant or their representative if any concerns arise, and assists in resolution of billing problems.

b. Participant Direction Opportunities. Specify the participant direction opportunities that are available in the waiver. *Select one:*

X	Participant – Employer Authority. As specified in <i>Appendix E-2, Item a</i> , the participant (or the participant's representative) has decision-making authority over workers who provide waiver services. The participant may function as the common law employer or the co-employer of workers. Supports and protections are available for participants who exercise this authority.
----------	--

Appendix E-1: 2

State:	
Effective Date	

Appendix E: Participant Direction of Services

HCBS Waiver Application Version 3.6

<input type="radio"/>	Participant – Budget Authority. As specified in <i>Appendix E-2, Item b</i> , the participant (or the participant’s representative) has decision-making authority over a budget for waiver services. Supports and protections are available for participants who have authority over a budget.
<input type="radio"/>	Both Authorities. The waiver provides for both participant direction opportunities as specified in <i>Appendix E-2</i> . Supports and protections are available for participants who exercise these authorities.

Appendix E-1: 3

State:	
Effective Date	

c. Availability of Participant Direction by Type of Living Arrangement. *Check each that applies:*

<input checked="" type="checkbox"/>	Participant direction opportunities are available to participants who live in their own private residence or the home of a family member.
<input type="checkbox"/>	Participant direction opportunities are available to individuals who reside in other living arrangements where services (regardless of funding source) are furnished to fewer than four persons unrelated to the proprietor.
<input type="checkbox"/>	The participant direction opportunities are available to persons in the following other living arrangements <i>Specify these living arrangements:</i>

d. Election of Participant Direction. Election of participant direction is subject to the following policy (*select one*):

<input type="radio"/>	Waiver is designed to support only individuals who want to direct their services.
<input type="radio"/>	The waiver is designed to afford every participant (or the participant’s representative) the opportunity to elect to direct waiver services. Alternate service delivery methods are available for participants who decide not to direct their services.
<input checked="" type="radio"/>	The waiver is designed to offer participants (or their representatives) the opportunity to direct some or all of their services, subject to the following criteria specified by the state. Alternate service delivery methods are available for participants who decide not to direct their services or do not meet the criteria. <i>Specify the criteria</i> Participant direction is offered to participants. 1. Participants may only choose to direct the covered waiver services listed in E-1(g). 2. Participants must acknowledge the obligation of the State to assure basic health and safety and agree to abide by necessary safeguards negotiated during the risk assessment/support planning process. 3. In the case of a participant who cannot direct his or her own waiver services, another person may be appointed as the decision-maker in accordance with applicable State law. 4. Alternate service delivery methods are available to participants who are not able to successfully direct their services. Unless information exists surrounding the diagnosis or capability of the individual to safely navigate self-direction, individuals are afforded the opportunity to direct their care. Should instances of waste/fraud/abuse be detected, or documented issues be present (critical incidents; concern for the individual’s overall well being), corrective action will be attempted prior to requiring an individual to switch to an agency model. Opportunities for self-direction are not available to those in the custody of the Division of Child and Family Services.

e. Information Furnished to Participant. Specify: (a) the information about participant direction opportunities (e.g., the benefits of participant direction, participant responsibilities, and potential liabilities) that is provided to the participant (or the participant’s representative) to inform decision-making concerning the election of participant direction; (b) the entity or entities responsible for furnishing this information; and, (c) how and when this information is provided on a timely basis.

Appendix E-1: 4

State:	
Effective Date	

Appendix E: Participant Direction of Services

HCBS Waiver Application Version 3.6

During the eligibility and enrollment process the State support coordinator provides the participant with an individualized orientation to waiver home and community based services, which involves providing written materials as well as describing services available under the self-directed model. The orientation typically occurs at the initial visit when the individual is transitioning into services, after needs have been assessed but prior to developing the support plan and approving the individual's budget. At that time it is further explained that by using the self-directed model, it is required that the participant use a qualified Financial Management Service Agency to assist them with payroll functions. The responsibilities and potential liabilities of becoming an employer are also discussed using the Self-Administered Support book as a guide. State support coordinators are trained on all information within the book which includes an introduction to SAS services, definitions, service descriptions, the SAS agreement, roles and responsibilities, background screenings, incident reporting, time sheets, rate information, compliance reviews, record keeping, and other resources. The SAS booklet is available on the DSPD website in both English and Spanish.

Individuals transitioning onto the waiver who have a potential interest in SAS services have sufficient time to weigh the pros and cons, gather more information, and ask questions before electing participant direction as they are given the information early in the process. While the State aims to transition individuals into services in a timely manner, State support coordinators provide individuals and families with the information and time they need to make an informed choice regarding participant direction. External support coordinators are also trained on and have access to the Self-Administered Support book so they can effectively inform waiver participants and their families on the service option.

The process for providing information about participant direction opportunities reflects cultural considerations of the individual and is conducted by providing information in plain language and in a manner that is accessible to individuals with disabilities and persons who are limited English proficient, consistent with CFR 435.905(b). Support coordinators are responsible to ensure information is presented in plain language and in a manner accessible to the individual. The support coordinator assists individuals who are limited English proficient to utilize Medicaid or OA contracted interpretive services at no cost to the individual including, oral interpretation and written translations. Access to and use of auxiliary aids and services is supported by the support coordinator and/or team at no cost to the individual in accordance with the Americans with Disabilities Act and section 504 of the Rehabilitation Act. The support coordinator informs individuals of the availability of the accessible information and language services described in this paragraph and how to access such information and services.

- f. **Participant Direction by a Representative.** Specify the state's policy concerning the direction of waiver services by a representative (*select one*):

<input type="radio"/>	The state does not provide for the direction of waiver services by a representative.
<input checked="" type="checkbox"/>	The state provides for the direction of waiver services by representatives. Specify the representatives who may direct waiver services: (<i>check each that applies</i>):
<input checked="" type="checkbox"/>	Waiver services may be directed by a legal representative of the participant.
<input checked="" type="checkbox"/>	Waiver services may be directed by a non-legal representative freely chosen by an adult participant. Specify the policies that apply regarding the direction of waiver services by participant-appointed representatives, including safeguards to ensure that the representative functions in the best interest of the participant: Participants with adequate and appropriate information and with the assistance of legal representatives (if necessary), family members, and others in their chosen circle of

Appendix E-1: 5

State:	
Effective Date	

Appendix E: Participant Direction of Services

HCBS Waiver Application Version 3.6

support, can direct the set of waiver services authorized to be provided under the self-directed services model that they receive. The informed preferences of the individual waiver participant will be of primary importance in the decisions relevant to the selection and delivery of supports. As participants exercise greater choice and control over the supports they receive, they also assume relevant responsibility and accept reasonable risk associated with the decision they make. The manner in which the waiver participant, state agencies and the providers of purchased supports share the responsibilities and risks related to services and supports will be defined in support plans, contracts, and other written agreements.

In the case of a participant who cannot direct his or her own services, including those who require a guardian, another person may be appointed as the decision-maker in accordance with applicable State law. The participant or appointed person may also train the employee to perform assigned activities. Appointed decision-makers cannot also be providers of self-directed services.

Necessary safeguards that are in place include the requirement that once chosen, the non-legal representative becomes a member of the person’s Person Centered Support Plan (PCSP) team. In addition to the non-legal representative, the PCSP team consists of the participant’s support coordinator, provider representatives and any other friends or family members of the participant’s choosing. The operating agency relies on the decisions made by the participant’s PCSP team. If a non-legal representative and the PCSP team disagree with a decision made and or a non-legal representative appears to jeopardize a participant’s health and welfare, then the operating agency will take steps to resolve the disagreement and will assure the best interests of the participant are maintained. The health and safety of clients are ensured by routinely scheduled face-to-face visits by support coordinators, and by quality monitoring reviews by both the [Office of Service Review](#) ~~operating agency~~ and the SMA.

Minimum monitoring schedule and time frames for Persons participating in self direction:

1. Monthly, review documentation of services provided;
2. Monthly, review/approve billing forms for services provided;
3. Monthly, monitor both the spending, and remaining budget for the plan year;
4. Annually, review services and develop a Person-Centered Support Plan with the Person’s team;
5. Review summaries of services to ensure the Person is receiving support as specified in the PCSP and meet the Person’s needs;
6. Annually, ensure self- directed families/staff, are trained on and maintain current records of the Person’s health and medical status, medication utilization, Behavior Supports Plan, staff instructions sheets, and other support related service support strategies;
7. Annually, ensure self-directed families/staff are training on their Emergency Management and Business Continuity Plan;
8. Annually, ensure all staff have a passed a background screening;

g. Participant-Directed Services. Specify the participant direction opportunity (or opportunities) available for each waiver service that is specified as participant-directed in Appendix C-1/C-3. *(Check the opportunity or opportunities available for each service):*

h. Financial Management Services. Except in certain circumstances, financial management services are mandatory and integral to participant direction. A governmental entity and/or another third-party entity must perform necessary financial transactions on behalf of the waiver participant. *Select one:*

<input checked="" type="checkbox"/>	Yes. Financial Management Services are furnished through a third party entity. (Complete item E-1-i).
-------------------------------------	--

Appendix E-1: 7

State:	
Effective Date	

Appendix E: Participant Direction of Services

HCBS Waiver Application Version 3.6

	Specify whether governmental and/or private entities furnish these services. <i>Check each that applies:</i>
<input type="checkbox"/>	Governmental entities
<input checked="" type="checkbox"/>	Private entities
<input type="radio"/>	No. Financial Management Services are not furnished. Standard Medicaid payment mechanisms are used. Do not complete Item E-1-i.

i. Provision of Financial Management Services. Financial management services (FMS) may be furnished as a waiver service or as an administrative activity. *Select one:*

<input checked="" type="checkbox"/>	FMS are covered as the waiver service specified in Appendix C-1/C-3 The waiver service entitled:	Financial Management Services
<input type="radio"/>	FMS are provided as an administrative activity. <i>Provide the following information</i>	
i.	Types of Entities: Specify the types of entities that furnish FMS and the method of procuring these services: The State uses private vendors to furnish FMS. Any qualified, willing provider may enroll to offer this service. The procurement method is the same as with all other services.	
ii.	Payment for FMS. Specify how FMS entities are compensated for the administrative activities that they perform: FMS is reimbursed on a per month basis.	
iii.	Scope of FMS. Specify the scope of the supports that FMS entities provide (<i>check each that applies</i>): Supports furnished when the participant is the employer of direct support workers:	
<input checked="" type="checkbox"/>	Assists participant in verifying support worker citizenship status	
<input checked="" type="checkbox"/>	Collects and processes timesheets of support workers	
<input checked="" type="checkbox"/>	Processes payroll, withholding, filing and payment of applicable federal, state and local employment-related taxes and insurance	
<input checked="" type="checkbox"/>	Other <i>Specify:</i> In support of self-administration, Financial Management Services will assist participants in the following activities: 1. Verify that the employee completed the following forms: a. Form I-9, including supporting documentation (i.e. copies of driver's license, social security card, passport). If fines are levied against the person for failure to report INS information, the Fiscal Agent shall be responsible for all such fines. b. Form W-4	

Appendix E-1: 8

State:	
Effective Date	

Appendix E: Participant Direction of Services

HCBS Waiver Application Version 3.6

2. Obtain a completed and signed Form 2678, Employer Appointment of Agent, from each person receiving services from the Financial Management Services provider, in accordance with IRS Revenue Procedure 70-6.
3. Provide persons with a packet of all required forms when using a Financial Management Services provider, including all tax forms (IRS Forms I-9, W-4 and 2678), payroll schedule, Financial Management Services provider's contact information, and training material for the web-based timesheet.
4. Process and pay DHHS/DSPD approved employee timesheets, including generating and issuing paychecks to employees hired by the person.
5. Assume all fiscal responsibilities for withholding and depositing FICA and SUTA/FUTA payments on behalf of the person. Any federal and/or State penalties assessed for failure to withhold the correct amount and/or timely filing and depositing will be paid by the Financial Management Services provider.
6. Maintain a customer service system for persons and employees who may have billing questions or require assistance in using the web-based timesheet. The Financial Management Services provider will maintain an 800-number for calls received outside the immediate office area. Messages must be returned within 24 hours Monday through Friday. Messages left between noon on Friday and Sunday evening shall be returned the following Monday.
 - a. Must have capabilities in providing assistance in English and Spanish. Fiscal Agent must also communicate through TTY, as needed, for persons with a variety of disabilities.
7. File consolidated payroll reports for multiple employers. The Financial Management Services provider must obtain federal designation as Financial Management Services provider under IRS Rule 3504, (Acts to be Performed by Agents). A Financial Management Services provider applicant must make an election with the appropriate IRS Service Center via Form 2678, (Employer Appointment of Agent). The Financial Management Services provider must carefully consider if they want to avail the Employers of the various tax relief provisions related to domestics and family employers. The Financial Management Services provider may forego such benefits to maintain standardization. Treatment on a case-by-case basis is tedious, and would require retroactive applications and amended employment returns. The Financial Management Services provider will, if required, comply with IRS Regulations 3306(a)(3)(c)(2), 3506 and 31.3306(c)(5)-1 and 31.3506 (all parts), together with IRS Publication 926, Household Employer's Tax Guide. In order to be fully operational, the Form 2678 election should be postured to fall under two vintages yet fully relevant Revenue Procedures; Rev. Proc. 70-6 allows the Financial Management Services provider file one employment tax return, regardless of the number of employers they are acting for, provided the Financial Management Services provider has a properly executed Form 2678 from each Employer. Rev. Proc 80-4 amplifies 70-6, and does away with the multiple Form 2678 requirements, by imposing more stringent record keeping requirements on the Financial Management Services provider.

j. Information and Assistance in Support of Participant Direction. In addition to financial management services, participant direction is facilitated when information and assistance are available to support participants in managing their services. These supports may be furnished by one or more entities, provided that there is no duplication. Specify the payment authority (or authorities) under which these supports are furnished and, where required, provide the additional information requested (*check each that applies*):

<input checked="" type="checkbox"/>	<p>Case Management Activity. Information and assistance in support of participant direction are furnished as an element of Medicaid case management services.</p> <p><i>Specify in detail the information and assistance that are furnished through case management for each participant direction opportunity under the waiver:</i></p>	
	<p>In order to provide information and assistance to participants about self-directing their services, the Support Coordinator is responsible to provide the participant/representative with the Self Administered Supports Book, also available on the DSPD website, a Self-Directed Services Support Book.—The support coordinator reviews the information in the Support Book with the participant/participant family and is available to answer any questions and provide assistance as needed. The support coordinator is responsible to assess whether the information provided is sufficient to meet the needs of the participant. If the assessment of the situation shows that the participant/representative requires additional training - such as hiring, scheduling, or training of employees, the support coordinator will contact the Financial Management Services agency to provide more detailed training on how to self-direct services.</p> <p>The support coordinator monitors payments, reviews actual expenditure in comparison with the PCSP and budget, contacts the waiver participant or their representative if any concerns arise, and assists in resolution of billing problems.</p>	
<input checked="" type="checkbox"/>	<p>Waiver Service Coverage. Information and assistance in support of participant direction are provided through the waiver service coverage (s) specified in Appendix C-1/C-3 (check each that applies):</p>	
	Participant-Directed Waiver Service	Information and Assistance Provided through this Waiver Service Coverage

<input type="checkbox"/>	<p>Administrative Activity. Information and assistance in support of participant direction are furnished as an administrative activity.</p> <p><i>Specify (a) the types of entities that furnish these supports; (b) how the supports are procured and compensated; (c) describe in detail the supports that are furnished for each participant direction opportunity under the waiver; (d) the methods and frequency of assessing the performance of the entities that furnish these supports; and (e) the entity or entities responsible for assessing performance:</i></p>	

k. Independent Advocacy (*select one*).

<input checked="" type="radio"/>	<p>No. Arrangements have not been made for independent advocacy.</p>
<input type="radio"/>	<p>Yes. Independent advocacy is available to participants who direct their services.</p> <p><i>Describe the nature of this independent advocacy and how participants may access this advocacy:</i></p>

Appendix E-1: 12

State:	
Effective Date	

- l. Voluntary Termination of Participant Direction.** Describe how the state accommodates a participant who voluntarily terminates participant direction in order to receive services through an alternate service delivery method, including how the state assures continuity of services and participant health and welfare during the transition from participant direction:

DSPD will issue an Invitation for Service Offering (ISO) to all providers found qualified and available to render the services which the individual has elected to receive from an agency-based provider and will then enter into a contract for the provision of those services from the provider selected by the individual and their person-centered planning team. Health and welfare and continuity of services are assured during the transition process, because the consumer continues to receive services under the self-administered services method until the transfer to the agency-based provider method is made.

Should self-directed services not be available due to hiring concerns, alternative strategies may be used. This may include seeking a willing provider able to perform the service while the individual is vetting their choices, reviewing options available through community and natural supports, etc.

- m. Involuntary Termination of Participant Direction.** Specify the circumstances when the state will involuntarily terminate the use of participant direction and require the participant to receive provider-managed services instead, including how continuity of services and participant health and welfare is assured during the transition.

All participants in the Waiver program are considered, de facto, to be eligible for self-administration. Only after a participant has repeatedly demonstrated an incapacity for self-administration or problems with fraud or malfeasance have been identified would involuntary termination of self-administered services occur. Prior to that occurrence, however, the State offers participants who are struggling with self-administering their services repeated assistance rendered by case managers and/or through Family Training and Preparation Services to assist the participant to acquire the skills necessary for self-administration. Only after the failure of all these efforts will the State involuntarily terminate self-administered services for a participant.

DSPD will terminate self-administered services involuntarily only upon the discovery of the individual's incapacity to self-administer as determined by the individual's person-centered planning team. The Division will then issue an Invitation for Service Offering (ISO) to all providers found qualified and available to render the services which the participant has been assessed as requiring in order to have them receive these services from an agency-based provider and will then enter into a contract for the provision of those services from the provider selected by the individual and their person-centered planning team.

Health and welfare and continuity of services are assured during the transition process because the consumer continues to receive services under the self-administered services method until the transfer to the agency-based provider method is made.

In cases of fraud or misuse of funds, immediate termination of self-administered services is allowed. In these cases, DSPD would be responsible for obtaining an emergency provider of waiver services until the ISO is completed and the individual has the opportunity to choose their providers.

Prior to enrolling in self-administered services, the participant/representative is informed of their responsibilities and the rules that must be followed in order to participate. The individual is provided with a Self-Administered Services Support Book which outlines the rules for participating

State:	
Effective Date	

Appendix E: Participant Direction of Services

HCBS Waiver Application Version 3.6

in self-administered services. In addition, the participant/representative is required to sign a self-administered services agreement which outlines the conditions which the participant must comply with in order to use the self-administered services method.

- n. Goals for Participant Direction.** In the following table, provide the state’s goals for each year that the waiver is in effect for the unduplicated number of waiver participants who are expected to elect each applicable participant direction opportunity. Annually, the state will report to CMS the number of participants who elect to direct their waiver services.

Table E-1-n		
	Employer Authority Only	Budget Authority Only or Budget Authority in Combination with Employer Authority
Waiver Year	Number of Participants	Number of Participants
Year 1	2288 <u>2300</u>	
Year 2	2365 <u>2300</u>	
Year 3	2442 <u>2300</u>	
Year 4 (only appears if applicable based on Item 1- C)	2519 <u>2300</u>	
Year 5 (only appears if applicable based on Item 1- C)	2596 <u>2300</u>

Appendix E-2: Opportunities for Participant-Direction

a. Participant – Employer Authority Complete when the waiver offers the employer authority opportunity as indicated in Item E-1-b:

i. Participant Employer Status. Specify the participant’s employer status under the waiver. *Select one or both:*

<input type="checkbox"/>	<p>Participant/Co-Employer. The participant (or the participant’s representative) functions as the co-employer (managing employer) of workers who provide waiver services. An agency is the common law employer of participant-selected/recruited staff and performs necessary payroll and human resources functions. Supports are available to assist the participant in conducting employer-related functions.</p> <p>Specify the types of agencies (a.k.a., “agencies with choice”) that serve as co-employers of participant-selected staff:</p>
<input checked="" type="checkbox"/>	<p>Participant/Common Law Employer. The participant (or the participant’s representative) is the common law employer of workers who provide waiver services. An IRS-approved Fiscal/Employer Agent functions as the participant’s agent in performing payroll and other employer responsibilities that are required by federal and state law. Supports are available to assist the participant in conducting employer-related functions.</p>

ii. Participant Decision Making Authority. The participant (or the participant’s representative) has decision making authority over workers who provide waiver services. *Select one or more decision making authorities that participants exercise:*

<input checked="" type="checkbox"/>	Recruit staff
<input type="checkbox"/>	Refer staff to agency for hiring (co-employer)
<input type="checkbox"/>	Select staff from worker registry
<input checked="" type="checkbox"/>	Hire staff (common law employer)
<input checked="" type="checkbox"/>	Verify staff qualifications
<input checked="" type="checkbox"/>	<p>Obtain criminal history and/or background investigation of staff</p> <p>Specify how the costs of such investigations are compensated:</p> <p>The operating agency (DSPD) is responsible to pay any fees associated with background investigations.</p>
<input type="checkbox"/>	<p>Specify additional staff qualifications based on participant needs and preferences so long as such qualifications are consistent with the qualifications specified in Appendix C-1/C-3. Specify the state’s method to conduct background checks if it varies from Appendix C-2-a:</p>
<input checked="" type="checkbox"/>	Determine staff duties consistent with the service specifications in Appendix C-1/C-3.
<input checked="" type="checkbox"/>	Determine staff wages and benefits subject to applicable state limits
<input checked="" type="checkbox"/>	Schedule staff

Appendix E-2: 1

State:

<input checked="" type="checkbox"/>	Orient and instruct-staff in duties
<input checked="" type="checkbox"/>	Supervise staff
<input checked="" type="checkbox"/>	Evaluate staff performance
<input checked="" type="checkbox"/>	Verify time worked by staff and approve time sheets
<input checked="" type="checkbox"/>	Discharge staff (common law employer)
<input type="checkbox"/>	Discharge staff from providing services (co-employer)
<input type="checkbox"/>	Other Specify:

b. Participant – Budget Authority Complete when the waiver offers the budget authority opportunity as indicated in Item E-1-b:

i. Participant Decision Making Authority. When the participant has budget authority, indicate the decision-making authority that the participant may exercise over the budget. *Select one or more:*

<input type="checkbox"/>	Reallocate funds among services included in the budget
<input type="checkbox"/>	Determine the amount paid for services within the state’s established limits
<input type="checkbox"/>	Substitute service providers
<input type="checkbox"/>	Schedule the provision of services
<input type="checkbox"/>	Specify additional service provider qualifications consistent with the qualifications specified in Appendix C-1/C-3
<input type="checkbox"/>	Specify how services are provided, consistent with the service specifications contained in Appendix C-1/C-3
<input type="checkbox"/>	Identify service providers and refer for provider enrollment
<input type="checkbox"/>	Authorize payment for waiver goods and services
<input type="checkbox"/>	Review and approve provider invoices for services rendered
<input type="checkbox"/>	Other Specify:

ii. Participant-Directed Budget. Describe in detail the method(s) that are used to establish the amount of the participant-directed budget for waiver goods and services over which the participant has authority, including how the method makes use of reliable cost estimating information and is applied consistently to each participant. Information about these method(s) must be made publicly available.

Appendix E-2: 2

State:	
Effective Date	

- iii. **Informing Participant of Budget Amount.** Describe how the state informs each participant of the amount of the participant-directed budget and the procedures by which the participant may request an adjustment in the budget amount.

--

- iv. **Participant Exercise of Budget Flexibility.** *Select one:*

<input type="radio"/>	Modifications to the participant directed budget must be preceded by a change in the service plan.
<input type="radio"/>	<p>The participant has the authority to modify the services included in the participant-directed budget without prior approval.</p> <p>Specify how changes in the participant-directed budget are documented, including updating the service plan. When prior review of changes is required in certain circumstances, describe the circumstances and specify the entity that reviews the proposed change:</p>

- v. **Expenditure Safeguards.** Describe the safeguards that have been established for the timely prevention of the premature depletion of the participant-directed budget or to address potential service delivery problems that may be associated with budget underutilization and the entity (or entities) responsible for implementing these safeguards:

Appendix F: Participant Rights

Appendix F-1: Opportunity to Request a Fair Hearing

The state provides an opportunity to request a Fair Hearing under 42 CFR Part 431, Subpart E to individuals: (a) who are not given the choice of home and community-based services as an alternative to the institutional care specified in Item 1-F of the request; (b) are denied the service(s) of their choice or the provider(s) of their choice; or, (c) whose services are denied, suspended, reduced or terminated. The state provides notice of action as required in 42 CFR §431.210.

Procedures for Offering Opportunity to Request a Fair Hearing. Describe how the individual (or his/her legal representative) is informed of the opportunity to request a fair hearing under 42 CFR Part 431, Subpart E. Specify the notice(s) that are used to offer individuals the opportunity to request a Fair Hearing. State laws, regulations, policies, and notices referenced in the description are available to CMS upon request through the operating or Medicaid agency.

~~Notice of Agency Action and Hearing Rights RIGHTS TO A FAIR HEARING DOCUMENTATION-~~

A participant and the participant's legal representative will receive a written Notice of Agency Action, Form 522 and a Hearing Request Form 490S from ~~a DSPD administrative program manager,~~ if the participant is denied a choice of institutional or waiver program, ~~found ineligible for the waiver program, or~~ denied access to the provider of choice for a covered waiver service, ~~or~~ experiences a denial, reduction, suspension, or termination in waiver services in accordance with R539-3-8. If the participant is enrolled in services, the State follows regulation in accordance with 42 CFR §431.230. In instances in which a participant is found to be ineligible for entrance to the waiver, they may request an administrative fair hearing from the Department of Health and Human Services, which is dispositive. ~~Services are not afforded during this period of pendency.~~

The Notice of Agency Action delineates the participant's right to appeal the decision through an informal ~~hearing process at the Department of Health and Human Services or an~~ administrative hearing process at the Department of Health and Human Services, ~~or both~~. The participant is encouraged to utilize an informal dispute resolution process to expedite equitable solutions.

~~The Notice of Agency Action and Hearing Request Form are~~ Notices and the opportunity to request a fair hearing documentation are kept in the participant's USTEPS case management profile, case record/file and at the Operating Agency State Office.

The process for assisting individuals to obtain information about a fair hearing reflects cultural considerations of the individual and is conducted by providing information in plain language and in a manner that is accessible to individuals with disabilities and persons who are limited English proficient, consistent with CFR 435.905(b). Support coordinators are responsible to ensure information is presented in plain language and in a manner accessible to the individual. The support coordinator assists individuals who are limited English proficient to utilize Medicaid or OA contracted interpretive services at no cost to the individual including, oral interpretation and written translations. Access to and use of auxiliary aids and services is supported by the support coordinator and/or team at no cost to the

Appendix F-1: 1

State:	
Effective Date	

Appendix F: Participant Rights
HCBS Waiver Application Version 3.6

individual in accordance with the Americans with Disabilities Act and section 504 of the Rehabilitation Act. The support coordinator informs individuals of the availability of the accessible information and language services described in this paragraph and how to access such information and services. Support coordinators are asked to assist individuals to request a fair hearing if an adverse decision has been made regarding waiver eligibility, amount, frequency, and duration of waiver services and/or choice of providers from which to receive waiver services.

Appendix F-1: 2

State:	
Effective Date	

Appendix F-2: Additional Dispute Resolution Process

- a. **Availability of Additional Dispute Resolution Process.** Indicate whether the state operates another dispute resolution process that offers participants the opportunity to appeal decisions that adversely affect their services while preserving their right to a Fair Hearing. *Select one:*

<input type="radio"/>	No. This Appendix does not apply
<input checked="" type="checkbox"/>	Yes. The state operates an additional dispute resolution process

- b. **Description of Additional Dispute Resolution Process.** Describe the additional dispute resolution process, including: (a) the state agency that operates the process; (b) the nature of the process (i.e., procedures and timeframes), including the types of disputes addressed through the process; and, (c) how the right to a Medicaid Fair Hearing is preserved when a participant elects to make use of the process: State laws, regulations, and policies referenced in the description are available to CMS upon request through the operating or Medicaid agency.

The Department of Health and Human Services has an informal hearings process, and the Division of Services for People with Disabilities has an ~~informal~~ dispute resolution process. The ~~informal~~ dispute resolution process is designed to respond to a participant's concerns without unnecessary formality. The dispute resolution process is not intended to limit a participant's access to informal or formal hearing procedures; the participant may submit a Hearing Request Form ~~file a Request for Hearing any time within the first 30 calendar days~~ after receiving the of the date the Notice of Agency Action is sent. Examples of the types of disputes include but are not limited to: eligibility determination, reduction or denial of services, choice of provider or service, denial/reduction/suspension/termination of a waiver service, etc.

When DSPD receives a Hearing Request Form (490S), and the participant opts to use the Division dispute resolution process, a two-step resolution process begins with:

- ~~1. The Division staff explaining the regulations on which the action is based and attempt to resolve the disagreement.~~
- ~~2. If resolution is not reached, the~~ Division staff arranges a dispute resolution Review meeting between the participant and/or their legal representative and the Director or the Director's designee.

Attempts to resolve disputes are completed as expeditiously as possible. No specific ~~timelinetime lines~~ are mentioned ~~because due to the fact that~~ some issues may be resolved ~~very~~ rapidly while other, more complex issues may take a greater period of time to resolve. Expectations surrounding follow-up time frames are communicated to the individual with methods for direct contact provided in the event additional questions or concerns are found.

If the ~~dispute two-step~~ resolution process is not able to resolve the problem, the participant may request an informal administrative hearing with an administrative law judge or hearing officer with the Department of Health and Human Services, Office of Administrative Hearings.

~~This informal hearing reviews the information DSPD used to make a decision or take an action as well as review information from the participant and/or their legal representative demonstrating why the decision or action is not correct.~~

Appendix F-2: 1

State:	
Effective Date	

~~DSPD Policy 1.11 Conflict Resolution requires the support coordinator to provide information to waiver participants on the conflict resolution process and on how to contact the Division. The Division reviews all complaints submitted either orally or written and any relevant information submitted with the complaint. The Division will take appropriate action to resolve the dispute and respond to all parties concerned. If the parties are unable to resolve the dispute either party may appeal to the Division Director or the Director's designee.~~

The Director or designee will meet with the parties and review any evidence presented. The Director or designee shall determine the best solution for the dispute. The Director or designee will prepare a concise written summary of the finding and decision and send it to the parties involved. Either party may request an independent review if they do not agree with the Director or designee's decision. Based on interviews with the parties and a review of the evidence, the independent reviewer will prepare for the Division Director a written summary of the factual findings and recommendations. Based on the independent reviewer's report, the Division Director will determine the appropriate resolution for the dispute and shall implement any necessary corrective action.

Appendix F-2: 2

State:	
Effective Date	

Appendix F-3: State Grievance/Complaint System

a. **Operation of Grievance/Complaint System.** *Select one:*

<input type="radio"/>	No. This Appendix does not apply
<input checked="" type="radio"/>	Yes. The state operates a grievance/complaint system that affords participants the opportunity to register grievances or complaints concerning the provision of services under this waiver

b. **Operational Responsibility.** Specify the state agency that is responsible for the operation of the grievance/complaint system:

Utah Department of Health and Human Services, Division of Services for People with Disabilities, Division of Integrated Healthcare <u>Utah Department of Health</u> , and Division of Medicaid and Health Financing. Bureau of Authorization and Community Based Services

c. **Description of System.** Describe the grievance/complaint system, including: (a) the types of grievances/complaints that participants may register; (b) the process and timelines for addressing grievances/complaints; and, (c) the mechanisms that are used to resolve grievances/complaints. State laws, regulations, and policies referenced in the description are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

<p>Waiver recipients may file a written or verbal complaint/grievance with the DHHS/DSPD Constituent Service Representative. There is no limit to the amount of elapsed time that has occurred when a complaint may be filed. This Representative is specifically assigned to the Operating Agency, although operates independent of them. When the Representative receives a complaint there is an investigation involving all pertinent parties. The Representative then works with the parties to come to a resolution.</p> <p>The Both the Dept. of Department of Health and Human Services and the Dept. of Health has constituent services available. Participants may call and verbally register a complaint/grievance. The constituent services representative ensures the caller is referred to the appropriate party for problem resolution.</p> <p>The types of complaints that can be addressed through the grievance/complaint system include but are not limited to: Complaints about a provider of waiver services including support coordinators, complaints about the way in which providers deliver services, complaints about individual personnel within a provider agency, complaints about DSPD, and its Administrative Program Managers and anyother personnel associated with the Operating Agency or decisions made or actions taken by those personnel, etc.</p> <p>The Office of Service Review within the Bureau of Authorization and Community Based Services investigates complaints/grievances that are reported to the SMA or the OA and pertain to the operation of the CSW program. The SMA makes all efforts to resolve the complaint or grievance to the satisfaction of all parties within two weeks of the submission of the complaint/grievance. Some complaints/grievances may require additional time to investigate and implement a resolution. Findings and resolutions of all complaints/grievances are documented by fiscal year in the SMA complaint/grievance data base.</p>

Appendix G: Participant Safeguards

Appendix G-1: Response to Critical Events or Incidents

- a. **Critical Event or Incident Reporting and Management Process.** Indicate whether the state operates Critical Event or Incident Reporting and Management Process that enables the state to collect information on sentinel events occurring in the waiver program. *Select one:*

<input checked="" type="checkbox"/>	Yes. The state operates a Critical Event or Incident Reporting and Management Process (complete Items b through e)
<input type="checkbox"/>	No. This Appendix does not apply (do not complete Items b through e). <i>If the state does not operate a Critical Event or Incident Reporting and Management Process, describe the process that the state uses to elicit information on the health and welfare of individuals served through the program.</i>

- b. **State Critical Event or Incident Reporting Requirements.** Specify the types of critical events or incidents (including alleged abuse, neglect and exploitation) that the state requires to be reported for review and follow-up action by an appropriate authority, the individuals and/or entities that are required to report such events and incidents, and the timelines for reporting. State laws, regulations, and policies that are referenced are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Appendix G-1: 3

State:	
Effective Date	

State Medicaid Agency (~~DOH~~DHHS) Critical Event or Incident Reporting Requirements:

The SMA requires that DHHS/DSPD report critical events/incidents within 24 hours of the event that occurs either to or by a participant. Reportable incidents or events include: an allegation or confirmation of abuse, neglect, or exploitation; a loss or impairment of the function of a bodily member, organ, or mental faculty or significant disfigurement; a death related to an adverse event; a death of a minor; a medication error resulting in a telephone call to or a consultation with a poison control center, an emergency department visit, an urgent care visit, or hospitalization; unexpected or accidental deaths; suicide attempts; medication errors that lead to death or medical treatment; abuse or neglect; that results in death, hospitalization or other medical treatment (inpatient or outpatient care); accidents that result in hospitalization; missing persons; human rights violations such as unauthorized use of restraints; criminal activities that are performed by or perpetrated on waiver participants (including sexual abuse); any significant criminal activity; events that compromise the participant's working or living environment that put a participant(s) at risk; other~~and~~ events that are anticipated to receive media, legislative, or other public scrutiny. The SMA and operating agency (OA) determine who will be responsible for the oversight of the investigation based on the severity/type of incident.

Operating Agency (DSPD) Critical Event or Incident Reporting Requirements:

R539-5-6 requires the participant/ their representative or a provider agency to report to the case manager if at any time the participant's health and/or safety is jeopardized. Such instances may include, but are not limited to:

1. Actual or suspected incidents of abuse, neglect, exploitation or maltreatment per the DHHS/DSPD Code of Conduct and Utah Code Annotated Sections 62-A-3-301 through 321 (mandatory reporting to Adult Protective Services)
2. Drug or alcohol misuse
3. Medication overdose or error requiring medical intervention
4. Missing person
5. Evidence of a seizure in person with no seizure diagnosis
6. Significant property destruction (\$500.00 or more)
7. Physical injury requiring medical intervention
8. Law enforcement involvement
9. Emergency hospitalizations

The death of a waiver recipient is subject to a full review of the circumstances surrounding the death and includes a review of documentation by the DHHS Fatality Review Coordinator for the most recent year of services. The DHHS Fatality Review Committee meets at least quarterly and reports annually to DHHS and SMA leadership.

~~Incidents that require reporting may be done verbally and must be made within 24 hours. Within 5 days the person reporting the incident completes and submits the DSPD Form 1-8 to the support coordinator. If the person reporting is unable to complete the DSPD Form 1-8, accommodations are made and the support coordinator completes Form 1-8.~~

~~The support coordinator reviews the information, develops and implements a follow up plan, as appropriate. The form and any follow up conducted are filed in the individual's case record.~~

Appendix G-1: 4

State:	
Effective Date	

Appendix G: Participant Safeguards

HCBS Waiver Application Version 3.6

Incident reports are compiled ~~and~~, logged into UPI/USTEPS electronic data base. ~~the DSPD electronic database, analyzed and trends are identified. DSPD coordinates with the Office of Licensing and the Office of Service Review, in order to analyze data and trends.~~ -The information is utilized by the DHHS/DSPD to identify potential areas for quality improvement. The DSPD generates a summary report of the incident reports annually and submits to the SMA. The SMA reviews the report to assure systemic issues have been addressed. In the event the SMA determines that a system issue has not been adequately addressed DSPD will submit a plan of correction to the SMA. All plans of correction are subject to acceptance by the SMA. The SMA will conduct follow-up activities to determine that systems corrections have been achieved and are sustaining.

DHHS~~DSPD~~ Provider Contract - Supervisory Requirements:

A. Incident Reports:

Within 24 hours of any incident requiring a report, the Contractor shall notify both the DHHS/DSPD Support Coordinator and the person's Guardian by phone, email, or fax.

Within five (5) business days of the occurrence of an incident, the Contractor shall complete a DHHS/DSPD Form 1-8 Incident Report and file it with the participant's Support Coordinator. However, the mandatory reporting requirements of Utah Code § 62-A-3-301 through 321 for adults, and; Utah Code §§ 62-4a-401 through 412 for children always take precedence. Therefore, in the case of actual or suspected incidents of abuse, neglect, exploitation, or maltreatment of an adult, the Contractor shall immediately notify Adult Protective Services intake or the nearest law enforcement agency, and shall immediately notify the Division of Children and Family Services Child Protective Services intake or the nearest peace officer, law enforcement agency in a case involving a child.

The following situations are incidents that require the filing of an report with DSPD:

1. Actual or suspected incidents of abuse, neglect, exploitation, or maltreatment per the DHHS/DSPD Code of Conduct and Utah Code §§ 62-A-3-301 through 321, which can be found at http://le.utah.gov/code/TITLE62A/htm/62A03_030100.htm ~~le.utah.gov/code/TITLE62A/htm/62A03_030100.htm~~ le.utah.gov/code/TITLE62A/htm/62A03_030100.htm for adults; and; Utah Code §§ 62-4a-401 through 412 for children, which can be found at <http://le.utah.gov/code/TITLE62A/htm/62A04a040100.htm>
2. Drug or alcohol abuse, medication overdoses or errors reasonably requiring medical intervention,
3. Missing person,
4. Evidence of seizure in a person with no existing seizure diagnosis,
5. Significant property destruction (damage totaling \$500.00 or more). Property damage shall be covered by the Contractor's insurance unless it is agreed upon by the person's team that the person shall pay for damages,
6. Physical injury reasonably requiring a medical intervention,
7. Law enforcement involvement,
8. Any use of manual restraint, mechanical restraints, exclusionary time-out or time-out rooms as defined in Utah Administrative Code, Rule R539-4, and ~~level II~~ emergency interventions not outlined in the person's behavioral plan (e.g., response cost, overcorrection). <http://rules.utah.gov/publicat/code/r539/r539.htm>
9. Any other instances the Contractor determines should be reported.

Appendix G-1: 5

State:	
Effective Date	

Appendix G: Participant Safeguards
HCBS Waiver Application Version 3.6

After receiving an incident report, the DHHS/DSPD Support Coordinator shall review the report and decide if further review is warranted.

Appendix G-1: 6

State:	
Effective Date	

Appendix G: Participant Safeguards

HCBS Waiver Application Version 3.6

- c. **Participant Training and Education.** Describe how training and/or information is provided to participants (and/or families or legal representatives, as appropriate) concerning protections from abuse, neglect, and exploitation, including how participants (and/or families or legal representatives, as appropriate) can notify appropriate authorities or entities when the participant may have experienced abuse, neglect or exploitation.

A written description of the rights and responsibilities of each Person shall be provided and explained by the Support Coordinator and Provider at the admission meeting. The Human Rights policy shall be reviewed with each Person annually during the Person's planning or review of services meeting by the Support Coordinator and Provider representative. The Provider shall ensure that grievance procedures are communicated to Persons at the annual planning meeting.

~~All provider types, contracted with the operating agency, delivering direct services or supports to persons are responsible to ensure that a Provider Human Rights Plan is developed and a Human Rights Committee is established. R539-3-4(1) and (2). Exempt contracted provider types include: service providers under the Self-Administered Services model; and providers who only offer respite, chore, homemaker, personal budget assistance, limited professional consultation, durable goods, or payroll services. Exempt provider types are listed in R539-3-4; the provider contract DHS90743 Scope of Work; and DSPD Directive 1.1 Human Rights.~~

Each provider's Agency Human Rights Plan shall Identify the following:

1. Procedures for training persons/-consumers and staff on person's rights;
2. Procedures for prevention of abuse and rights violations;
3. Process for restricting rights when necessary;
4. Review of supports that have high risk for rights violations;
5. Responsibilities of the Contractor's Agency Human Rights Committee including the review of rights issues related to the supports a Contractor provides and give recommendations to the person/-consumer and their Support Team.

All persons/-consumers and staff shall have access to the Contractor's Human Rights Committee.

~~According to Utah Code 76-5-111.1. Reporting requirements -- Investigation -- Immunity -- Violation -- Penalty -- Physician-patient privilege -- Nonmedical healing.~~

~~All Self-Directed Corporations that deliver direct services or supports to a person are responsible to ensure that a Self-Directed Human Rights Plan is developed and approved by the Self-Directed Corporation board and the Support Coordinator. The Division will provide the Self-Directed Corporation with an approved format and training materials necessary to complete the Self-Directed Human Rights Plan. The board of the Self-Directed Corporation and the Support Coordinator will act as the Human Rights Committee as defined in DSPD Directive 1.1. A. Board members (Human Rights Committee), when reviewing a Self-Directed Human Rights Plan, are responsible to: i. determine if any proposed procedure is necessary to protect the health, safety and/or life of the Person; ii. weigh the potential risk and benefits of the decision thoroughly; iii. ensure a method is in place to document, monitor and, if appropriate, cease to the procedure and ensure the method is communicated to staff; iv. render a decision; and v. get signed approval of Self-Directed Human Rights Plan by region director or designee.~~

According to Utah Code 76-5-111.1.

Appendix G-1: 7

State:	
Effective Date	

Appendix G: Participant Safeguards

HCBS Waiver Application Version 3.6

As provided in Utah [Department of Health and Human Services Code](#), Aging and Adult Services, 62A3-305:

(1) A person who has reason to believe that a vulnerable adult has been the subject of abuse, neglect, or exploitation shall immediately notify Adult Protective Services intake or the nearest law enforcement agency. When the initial report is made to law enforcement, law enforcement shall immediately notify Adult Protective Services intake. Adult Protective Services and law enforcement shall coordinate, as appropriate, their efforts to provide protection to the vulnerable adult.

(4)(a) A person who willfully fails to report suspected abuse, neglect, or exploitation of a vulnerable adult is guilty of a class B misdemeanor.

(b) A covered provider or covered contractor, as defined in Section 26-21-201, that knowingly fails to report suspected abuse or neglect, as required by this section, is subject to a private right of action and liability for the abuse or neglect of another person that is committed by the individual who was not reported to Adult Protective Services in accordance with this section.

The State uses the following standard in its evaluation of allegations: “The probability that the incident occurred as a result of the alleged/suspected abuse, neglect and/or exploitation is clear and convincing.”

The State does not review incident reports/findings differently when a single provider renders both residential and day services.

In instances where the incident may have involved contracted Supported Coordinators, State staff would conduct the review/investigation of the incident. In instances where the allegation/incident involved conduct by the Operating Agency, the SMA would conduct the investigation.

- d. **Responsibility for Review of and Response to Critical Events or Incidents.** Specify the entity (or entities) that receives reports of critical events or incidents specified in item G-1-a, the methods that are employed to evaluate such reports, and the processes and time-frames for responding to critical events or incidents, including conducting investigations.

Responsibility of the State Medicaid Agency:

After a critical incident/event is reported to the SMA by the Operating Agency, the Operating Agency facilitates the investigation of the incident/event and submits the Critical Incident Findings, Operating Agency Report ~~to SMA~~ to the SMA within two weeks of reporting the incident/event. Cases that are complicated and involve considerable investigation may require additional time to complete the findings document. The SMA reviews the report to determine if the incident could have been avoided, if additional supports or interventions have been implemented to prevent the incident from recurring, if changes to the support plan and/or budget have been made, and if any systemic issues were identified and a plan to address systemic issues developed. Participants and/or legal representatives are informed in writing of the investigation results within two weeks of the closure of the case by the SMA.

Responsibility of ~~DHHS~~the Operating Agency:

DHHS/OSR has responsibility for receiving, reviewing and responding to critical incidents.

Appendix G-1: 8

State:	
Effective Date	

Appendix G: Participant Safeguards
HCBS Waiver Application Version 3.6

Incidents involving suspected or actual abuse, neglect or exploitation will be reported to APS in accordance with Utah State Law 76-5-111 and State Rule R510-302. The DHHS/OSR will also report these instances to the SMA within 48 hours.

The DHHS/OSR will identify immediate health and safety concerns in order to protect the health and welfare of the recipient (as circumstances warrant). An investigation is conducted to determine the facts, if the needs of the recipient have changed and warrant an updated needs assessment and identify preventive strategies for the future. The service plan is amended as dictated by the circumstances. The timeframe for completion of the investigation is 5 days from the date of notification.

In instances where the incident may have involved contracted Supported Coordinators, State staff would conduct the review/investigation of the incident. In instances where the allegation/incident involved conduct by the Operating Agency, the SMA would conduct the investigation.

The Office of Licensing will conduct independent state investigations of all critical incidents in regard to licensed providers in accordance with Utah Administrative Code, Rule 501-1-2. Additionally, OL will inform and collaborate with DOH, Support Coordinators and OQD whenever an investigation is opened (and concluded) in a DSPD Contracted/Waiver setting.

Support Coordinators and OQD staff are delegated to conduct all unlicensed entities' incident investigations under all of the same guidelines and priority classifications as Licensing Investigations and will work in conjunction with OQD and DOH for all non-licensed programs.
I. Critical Incidents

Other than incidents specifically outlined in the DHS Incident Reporting Guide 2018, all CIs are detailed and outlined in Office of Licensing Rule. What constitutes a CI is defined specifically in Utah Administrative Code, Rule 501-1-2(9).

C. Reporting requirements for CIs:

Any incident that arises to, or meets the specific definition of a CI, as defined in section I.A. or I.B. shall be reported in accordance with Utah Administrative Code, Rule 501-1-9, unless stated otherwise in this guide. R Rule 501-1-9 states:

(i) report shall be made to DHS and legal guardians of involved clients within one business day;
(A) if the critical incident involves a client or service under a DHS contract, the critical incident report must be completed within 24 hours and may require a five day follow up report to the involved DHS Division;

(B) if the critical incident involves a client or service to a youth currently in the custody of DHS or its Divisions an immediate live person verbal notification to the involved Division is additionally required.

(ii) Initial critical incident reports to DHS shall include the following in writing:

(A) name of provider and all involved staff, witnesses and clients;

(B) date, time, and location of the incident, and date and time of incident discovery, if different from time of incident;

(C) descriptive summary of incident;

(D) actions taken; and

(E) actions planned to be taken by the program at the time of the report.

(F) identification of DHS contracts status, if any.

Appendix G-1: 9

State:	
Effective Date	

Appendix G: Participant Safeguards

HCBS Waiver Application Version 3.6

~~(iii) It is the responsibility of the licensee to collect and maintain and submit as requested original witness and participant witness statements and supporting documentation regarding all critical incidents that require individual perspectives to be understood.~~

~~D. Process for reporting:~~

~~2. In addition, notification of the incident shall also be given to the appropriate case manager, case worker or support coordinator. This may be accomplished via entry into USTEPS when applicable. Although they may conduct follow up relative to the needs of the client, case managers, case workers or support coordinators shall not independently engage in any investigatory actions or functions relative to an incident reported to them. Investigations of CIs will be conducted by or under the direction of the Office of Licensing.~~

~~3. For incidents involving individuals in the DSPD system, CIs shall be reported through USTEPS and shall include any additional information required by that system. OL staff assigned to process and evaluate these incidents will then refer them to the Office of Licensing, if the incident involves a licensee and rises to the level of a CI as defined above.~~

~~II. Non-Critical Incidents (only applicable to providers with DHS contracts) Non-Critical Incidents ("NCI") are those events or occurrences that do need to be reported, but do not need to be reported to the Office of Licensing. Reporting requirements or procedures for NCIs are outlined below. In addition, the requirements relating to NCIs only applies to those entities serving a DHS population under a state contract. These do not apply to non-contracted private providers.~~

~~A. The following are NCIs that shall be reported:~~

- ~~1. Unexpected hospitalizations that result in admission. This includes any admission to psychiatric facilities.~~
- ~~2. Any destruction of property attributed to an individual receiving services, the value of which exceeds \$500.00, unless such behavior is one identified as a target behavior in a Behavior Support Plan and is reported in a monthly behavior summary sent to appropriate case management/support coordination.~~
- ~~3. Suicidal ideation or threats of suicide when the individual does not have services and supports in place to address such behaviors, a description of which are also not being reported on a monthly summary to appropriate case management.~~
- ~~4. Use of emergency behavior interventions as such are defined in Utah Administrative Code Rule 539-4. This is applicable only to people receiving services under the DSPD system.~~
- ~~5. Aspiration or choking which does not result in hospitalization.~~
- ~~6. Evidence of a seizure or seizure like behavior in an individual with no existing seizure diagnosis, except where seizures have been ruled out and seizure like behavior is a behavior identified as a target behavior in a Behavior Support Plan and reported in a monthly behavior summary sent to the appropriate case management/support coordination.~~
- ~~7. Any incident involving the alleged or confirmed waste, fraud or abuse of Medicaid funds by either a provider or a recipient of Medicaid services.~~
- ~~8. Any involvement of an outside entity such as fire department, law enforcement, etc.~~
- ~~9. Attempted escape from a detention or secure facility.~~
- ~~10. Unlawful or unauthorized possession of pornographic material.~~
- ~~11. Any pending litigation that is specifically related to the provider's services or to an individual receiving services.~~

~~B. Reporting process and requirements for NCIs:~~

Appendix G-1: 10

State:	
Effective Date	

Appendix G: Participant Safeguards

HCBS Waiver Application Version 3.6

~~1. Initial notification shall be made within 24 hours of the incident to the appropriate case manager, case worker or support coordinator. For those serving individuals in the DSPD system, this may be accomplished via entry into USTEPS when applicable. This initial notification shall contain the following information:~~

- ~~• Identification of the individual receiving services involved in the incident~~
- ~~• The date of the incident~~
- ~~• The date the incident was discovered~~
- ~~• A brief description of the occurring incident~~

~~2. A full report of the incident shall be submitted to the case manager, case worker or support coordinator within 5 business days. This report shall include the following:~~

- ~~• The reporting criteria established in Utah Administrative Code, Rule 501-1-9, which are also referenced in section I.C. above. Those providing services to individuals in the DSPD system shall also include any additional criteria set forth in USTEPS.~~

~~3. In addition to the initial and full report, providers may be asked to provide additional information if such information is required by DHS, Department of Health or other entity making further inquiry of an incident(s).~~

~~The State does not review incident reports/findings differently when a single provider renders both residential and day services.~~

~~In instances where the incident may have involved contracted Supported Coordinators, State staff would conduct the review/investigation of the incident. In instances where the allegation/incident involved conduct by the Operating Agency, the SMA would conduct the investigation.~~

~~The State uses a burden of proof standard in regards to allegations of abuse, neglect or exploitation. (The probability that the incident occurred as a result of the alleged/suspected abuse, neglect and/or exploitation is clear and convincing). In general, the State's incident reporting criteria is event based— if the occurrence of a defined criteria is met, the incident must be reported. The level of investigation/remediation may be altered depending on the severity of incident/likely recurrence/improper safeguards, etc.~~

- e. **Responsibility for Oversight of Critical Incidents and Events.** Identify the state agency (or agencies) responsible for overseeing the reporting of and response to critical incidents or events that affect waiver participants, how this oversight is conducted, and how frequently.

Oversight Responsibility of Critical Incidents/Events of the State Medicaid Agency: The SMA reviews 100% of critical incident reports, annually. The SMA also reviews the DHHS/DSPD annual Incident Report. If the SMA detects systemic problems either through this reporting mechanism or during the SMA's program review process, DHHS/DSPD will be requested to submit a plan of correction to the SMA. The plan of correction will include the interventions to be taken and the time frame for completion. All plans of correction are subject to acceptance by the SMA. The SMA will conduct follow-up activities to determine that systems corrections have been achieved and are sustaining.

Oversight Responsibility of Critical Incidents/Events of the DHHS/OSR Operating Agency:

Appendix G-1: 11

State:	
Effective Date	

Appendix G: Participant Safeguards

HCBS Waiver Application Version 3.6

The DHHS/OSR ~~operating agency~~ has responsibility for oversight of critical incidents and events. Incident reports are compiled, logged into the UPI/USTEPS electronic database, analyzed and trends are identified. The information is utilized to identify prevention strategies on a system wide basis and identify potential areas for quality improvement.

The DHHS/DSPD generates a summary report of the incident reports annually (at minimum) and submits it to the SMA.

During annual chart reviews, State staff reviews for instances where log notes may have indicated a reportable event occurred. In addition, the State has begun efforts to analyze claim/encounter data to review for necessary reports following inpatient stays. Claims data is consulted ad hoc during investigations when believed to be helpful to the investigation or to determine validity in allegations such as waste/fraud/abuse of Medicaid funds or in ANE cases.

Quarterly reports submitted by the OA are reviewed for Level 2 incidents. Level 1 incidents are reported to the SMA upon notification to the OA.

Appendix G-1: 12

State:	
Effective Date	

Appendix G-2: Safeguards Concerning Restraints and Restrictive Interventions

a. **Use of Restraints (select one):** *(For waiver actions submitted before March 2014, responses in Appendix G-2-a will display information for both restraints and seclusion. For most waiver actions submitted after March 2014, responses regarding seclusion appear in Appendix G-2-c.)*

<input type="radio"/>	<p>The state does not permit or prohibits the use of restraints</p> <p>Specify the state agency (or agencies) responsible for detecting the unauthorized use of restraints and how this oversight is conducted and its frequency:</p>
<input checked="" type="radio"/>	<p>The use of restraints is permitted during the course of the delivery of waiver services.</p> <p>Complete Items G-2-a-i and G-2-a-ii:</p>

i. **Safeguards Concerning the Use of Restraints.** Specify the safeguards that the state has established concerning the use of each type of restraint (i.e., personal restraints, drugs used as restraints, mechanical restraints). State laws, regulations, and policies that are referenced are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Utah Administrative Rules describe the use of restraints and the safeguards in place to protect participants when restraints are used, including:

R539-3-10. Prohibited Procedures.

(1) The following procedures are prohibited for Division staff and Providers, including staff hired for Self-Administered Services, in all circumstances in supporting Persons receiving Division funding:

- (a) Physical punishment, such as slapping, hitting, and pinching.
- (b) Demeaning speech to a Person that ridicules or is abusive.
- (c) Locked confinement in a room. [definition of seclusion]
- (d) Denial or restriction of access to assistive technology devices, except where removal prevents injury to self, others, or property as outlined in Sections R539-3-6 and R539-4-7.
- (e) Withholding or denial of meals, or other supports for biological needs, as a consequence or punishment for problems.
- (f) Any procedure in violation of R495-876, R512-202, R510-302, 62A-3-301 thru 62A-3-321, and 62A-4a- 402 thru 62A-4a-412 prohibiting abuse.

R539-4-4. Levels of Behavior Interventions.

- (2) All Behavior Support Plans shall be implemented only after the Person or Guardian gives consent and the Behavior Support Plan is approved by the Team.
- (3) All Behavior Support Plans shall incorporate Positive Behavior Supports with the least intrusive, effective treatment designed to assist the Person in acquiring and maintaining skills, and preventing problems.
- (4) Behavior Support Plans must:
 - (a) Be based on a Functional Behavior Assessment.
 - (b) Focus on prevention and teach replacement behaviors.

State:	
Effective Date	

- (c) Include planned responses to problems.
- (d) Outline a data collection system for evaluating the effectiveness of the plan.
- (5) All Provider staff involved in implementing procedures outlined in the Behavior Support Plan shall be trained and demonstrate competency prior to implementing the plan.
 - (a) Completion of training shall be documented by the Provider.
 - (b) The Behavior Support Plan shall be available to all staff involved in implementing or supervising the plan.
- (6) Time-out Rooms shall be designed to protect Persons from hazardous conditions, including sharp corners and objects, uncovered light fixtures, and unprotected electrical outlets. The rooms shall have adequate lighting and ventilation.
 - (a) Doors to the Time-out Room may be held shut by Provider staff, but not locked at any time.
 - (b) Persons shall remain in Time-out Rooms no more than 2 hours per occurrence.
 - (c) Provider staff shall monitor Persons in a Time-out Room visually and auditorially on a continual basis. Staff shall document ongoing observation of the Person while in the Time-out Room at least every fifteen minutes.
- (7) Time-out Rooms shall be used only upon the occurrence of problems previously identified in the Behavior Support Plan.
 - (a) Persons shall be placed in the Time-out Room immediately following a previously identified problem. Time delays are not allowed.
 - (b) Persons shall not be transported to another location for placement in a Time-out Room.
 - (c) Behavior Support Plans must outline specific release criteria that may include time and behavior components. Time asleep must count toward time-release criteria.
- (8) Mechanical restraints shall ensure the Person's safety in breathing, circulation, and prevent skin irritation.
 - (a) Persons shall be placed in Mechanical Restraints immediately following the identified problem. Time delays are not allowed.
 - (b) Persons shall not be transported to another location for Mechanical Restraints.
- (9) Mechanical Restraints shall be used only upon the occurrence of problems previously identified in the Behavior Support Plan.
 - (a) Behavior Support Plans must outline specific release criteria that may include time and behavior components. Time asleep must count toward time-release criteria. The plan shall also specify maximum time limits for single application and multiple use.
 - (b) Behavior Support Plans shall include specific requirements for monitoring the Person, before, during, and after application of the restraint to ensure health and safety.
 - (c) Provider staff shall document their observation of the Person as specified in the Behavior Support Plan.
- (10) Manual restraints shall ensure the Person's safety in breathing and circulation. Manual restraint procedures are limited to the Mandt System (Mandt), the Professional Assault Response Training (PART), or Supports Options and Actions for Respect (SOAR) training Safety Care programs. Procedures not outlined in the programs listed above may only be used if pre-approved by the State Behavior Review Committee.
- (11) Behavior Support Plans that include Manual Restraints shall provide information on the method of restraint, release criteria, and time limitations on use.

R539-4-5. Review and Approval Process.

- (1) The Behavior Peer Review Committee shall review and approve the Behavior Support Plan annually. The plan may be implemented prior to the Behavior Peer Review Committee's review; however the review and approval must be completed within 60 calendar days of implementation.

State:	
Effective Date	

- (2) The Behavior Peer Review Committee's review and approval process shall include the following:
- (a) Ensure the technical adequacy of the Functional Behavior Assessment and Behavior Support Plan based on principles from the fields of Positive Behavior Supports and applied behavior analysis.
 - (b) Ensure plans are in place to attempt reducing the use of intrusive interventions.
 - (c) Ensure that staff training and plan implementation are adequate.
- (3) The State Behavior Review Committee must consist of at least three members, including representatives from the Division, Provider, and an independent professional having a recognized expertise in Positive Behavior Supports. The Committee shall review and approve the following:
- (a) Behavior Support Plans that include intrusive interventions including but not limited to Time-out Rooms, Mechanical Restraints or Highly Noxious Stimuli.
 - (b) Behavior Support Plans that include forms of Manual Restraint or Exclusionary Time-out used for long-term behavior change and not used in response to an emergency situation.
 - (c) Behavior Support Plans that include manual restraint not outlined in Mandt, PART or SOAR or Safety Care training programs.
- (4) The Committee shall determine the time-frame for follow-up review.
- (5) Behavior Support Plans shall be submitted to the Division's state office for temporary approval prior to implementation pending the State Behavior Review Committee's review of the plan.

R539-4-6. Emergency Behavior Interventions.

- (1) Emergency Behavior Interventions may be necessary to prevent clear and imminent threat of injury or property destruction during emergency situations.
- (2) Non-intrusive interventions shall be used first in emergency situations, if possible.
- (3) The least intrusive interventions shall be used in emergency situations. The length of time in which the intervention is implemented shall be limited to the minimum amount of time required to resolve the immediate emergency situation.
- (4) Each use of Emergency Behavior Interventions and a complete Emergency Behavior Intervention Review shall be documented by the Provider on Division Form 1-8 and submitted in UPI/USTEPS to the Division, as outlined in the Provider's Service Contract with the Division.
- (a) The Emergency Behavior Intervention Review shall be conducted by the Provider supervisor or specialist and staff involved with the Emergency Behavior Intervention. The review shall include the following:
 - (i) The circumstances leading up to and following the problem.
 - (ii) If the Emergency Behavior Intervention was justified.
 - (iii) Recommendations for how to prevent future occurrences, if applicable.
- (5) The Person's Support Coordinator shall review Form 1-8 received from Providers and document the follow-up action.
- (6) If Emergency Behavior Interventions are used three times, or for a total of 25 minutes, within 30 calendar days, the Team shall meet within ten business days of the date the above criteria are met to review the interventions and determine if:
 - (a) A Behavior Support Plan is needed;
 - (b) Intrusive Interventions are required in the Behavior Support Plan;
 - (c) Technical assistance is needed;
 - (d) Arrangements should be made with other agencies to prevent or respond to future crisis situations; or

State:	
Effective Date	

(e) Other solutions can be identified to prevent future use of Emergency Behavior Interventions.

~~R539 4 3 Definitions (n) "Level II Intervention" means intrusive procedures that may be used in pre-approved Behavior Support Plans or as Emergency Behavior Interventions. Approved interventions include Enforced Compliance, Manual Restraint, Exclusionary Time-out, Mildly Noxious Stimuli, and Emergency Rights Restrictions. (o) "Level III Intervention" means intrusive procedures that are only used in pre-approved Behavior Support Plans. Approved interventions include Time-out rooms, Mechanical Restraint, Highly Noxious Stimuli, overcorrection, Contingent Rights Restrictions, Response Cost, and Satiation (p) "Manual Restraint" means a Level II Intervention using physical force in order to hold a Person to prevent or limit movement. (q) "Mechanical Restraint" means a Level III Intervention that is any device attached or adjacent to the Person's body that cannot easily be removed by the Person and restricts freedom of movement. Mechanical restraint devices may include, but are not limited to, gloves, mittens, helmets, splints, and wrist and ankle restraints. For purposes of this Rule, Mechanical Restraints do not include: (i) Safety devices used in typical situations such as seatbelts or sporting equipment. (ii) Medically prescribed equipment used as positioning devices, during medical procedures, to promote healing, or to prevent injury related to a health condition (i.e. helmets used for Persons with severe seizures). R539 4 4 Levels of Behavior Interventions (1) The remainder of this rule applies to all Division staff and Providers, but does not apply to employees hired for Self-Administered Services. (8) Level II Interventions may be used in pre-approved Behavior Support Plans or emergency situations. (9) Level III Interventions may only be used in pre-approved Behavior Support Plans. (10) Behavior Support Plans that utilize Level II or Level III Interventions shall be implemented only after Positive Behavior Supports, including Level I Interventions, are fully implemented and shown to be ineffective. A rationale on the necessity for the use of intrusive procedures shall be included in the Behavior Support Plan. (13) Mechanical restraints shall ensure the Person's safety in breathing, circulation, and prevent skin irritation. (a) Persons shall be placed in Mechanical Restraints immediately following the identified problem. Time delays are not allowed. (b) Persons shall not be transported to another location for Mechanical Restraints. (14) Mechanical Restraints shall be used only upon the occurrence of problems previously identified in the Behavior Support Plan. (a) Behavior Support Plans must outline specific release criteria that may include time and behavior components. Time asleep must count toward time release criteria. The plan shall also specify maximum time limits for single application and multiple use. (b) Behavior Support Plans shall include specific requirements for monitoring the Person, before, during, and after application of the restraint to ensure health and safety. (c) Provider staff shall document their observation of the Person as specified in the Behavior Support Plan. (15) Manual restraints shall ensure the Person's safety in breathing and circulation. Manual restraint procedures are limited to the Mandt System (Mandt), the Professional Assault Response Training (PART), or Supports Options and Actions for Respect (SOAR) training programs. Procedures not outlined in the programs listed above may only be used if pre-approved by the State Behavior Review Committee. (16) Behavior Support Plans that include Manual Restraints shall provide information on the method of restraint, release criteria, and time limitations on use. R539 4 5. Review and Approval Process. (1) The Behavior Peer Review Committee shall review and approve the Behavior Support Plan annually. The plan may be implemented prior to the Behavior Peer Review Committee's review; however the review and approval must be completed within 60 calendar days of implementation. (2) The Behavior Peer Review Committee's review and approval process shall include the following: (a) A confirmation that appropriate Positive Behavior Supports,~~

State:	
Effective Date	

Appendix G: Participant Safeguards

HCBS Waiver Application Version 3.6

including Level I Interventions, were fully implemented and revised as needed prior to the implementation of Level II or Level III Interventions. (b) Ensure the technical adequacy of the Functional Behavior Assessment and Behavior Support Plan based on principles from the fields of Positive Behavior Supports and applied behavior analysis. (c) Ensure plans are in place to attempt reducing the use of intrusive interventions. (d) Ensure that staff training and plan implementation are adequate.

(3) The Provider Human Rights Committee shall approve Behavior Support Plans with Level II and Level III Interventions annually. Review and approval shall focus on rights issues, including consent and justification for the use of intrusive interventions. (4) The State Behavior Review Committee must consist of at least three members, including representatives from the Division, Provider, and an independent professional having a recognized expertise in Positive Behavior Supports. The Committee shall review and approve the following: (a) Behavior Support Plans that include Time-out Rooms, Mechanical Restraints or Highly Noxious Stimuli. (b) Behavior Support Plans that include forms of Manual Restraint or Exclusionary Time-out used for long-term behavior change and not used in response to an emergency situation. (c) Behavior Support Plans that include manual restraint not outlined in Mandt, PART, SOAR, Safety Care, or CPI training programs. (5) The Committee shall determine the time frame for follow-up review. (6) Behavior Support Plans shall be submitted to the Division's state office for temporary approval prior to implementation pending the State Behavior Review Committee's review of the plan. (7) Families participating in Self-Administered Services may seek State Behavior Review Committee recommendations, if desired. DHS90743 Contract Scope of Work Within 30 days of hire, provider employees must be trained in "[t]he use of positive behavior supports as a first response in behavioral crisis prevention and intervention in accordance with Utah Administrative Code, Rule R539-4." Ensure its staff successfully completes training in one of the following within 180 days of employment if the Person the staff is serving is likely to engage in aggressive, self-injurious, or destructive behavior: a. Supports Options and Actions for Respect ("SOAR"); b. System for Managing Non-Aggressive and Aggressive People ("MANDT"); c. Professional Assault Response Training ("PART"); d. Crisis Prevention Institute ("CPI") or Safety Care; or e. Another intervention training program with prior written approval from DHS. The staff shall maintain certification in one of the above. R501-2-7. Behavior Management. (Office of Licensing) A. The program shall have on file for public inspection, a written policy and procedure for the methods of behavior management. These shall include the following: 1. definition of appropriate and inappropriate behaviors of consumers, 2. acceptable staff responses to inappropriate behaviors, and 3. consequences. B. The policy shall be provided to all staff, and staff shall receive training relative to behavior management at least annually. C. No management person shall authorize or use, and no staff member shall use, any method designed to humiliate or frighten a consumer. D. No management person shall authorize or use, and no staff member shall use nor permit the use of physical restraint with the exception of passive physical restraint. Passive physical restraint shall be used only as a temporary means of physical containment to protect the consumer, other persons, or property from harm. Passive physical restraint shall not be associated with punishment in any way. E. Staff involved in an emergency safety intervention that results in an injury to a resident or staff must meet with the clinical professional to evaluate the circumstances that caused the injury and develop a plan to prevent future injuries.

Documentation Requirements Use of Emergency Behavioral Interventions as defined by R539-4-6 and use of restraints or a seclusion room, even when identified in the Person's Behavior Support Plan must be reported as a Level III Incident. Human rights violations that include unauthorized use of physical, mechanical, or chemical restraints, seclusion rooms, and infringement of personal privacy rights experienced by the Person that would otherwise

State:	
Effective Date	

Appendix G: Participant Safeguards

HCBS Waiver Application Version 3.6

~~require a human rights review process must be reported as a Level I Critical Incident. Providers must submit notification of an incident within 24 hours of discovery to the support coordinator and the person's guardian. Notification to the support coordinator is made through the Utah Provider Interface (UPI). A detailed report must be completed in UPI within 5 days of discovery.~~

~~The following information is included in the State's administrative rule regarding behavior interventions (R539-4-3 <https://rules.utah.gov/publicat/code/r539/r539-004.htm>)~~

~~(l) "Highly Noxious Stimuli" means a Level III Intervention applying an extremely undesirable, but not harmful, sensory event that exceeds the criteria of Mildly Noxious Stimuli.~~

~~(r) "Mildly Noxious Stimuli" means a Level II Intervention applying a slightly undesirable sensory event such as a verbal startle or loud hand clap.~~

~~(m) "Level I Intervention" means positive, unregulated procedures such as prevention strategies, reinforcement strategies, positive teaching and training strategies, redirecting, verbal instruction, withholding reinforcement, Extinction, Non-exclusionary Time-out/Contingent Observation, and simple correction.~~

~~State administrative rule R539-4-4 includes the following information:~~

~~(5) All Provider staff involved in implementing procedures outlined in the Behavior Support Plan shall be trained and demonstrate competency prior to implementing the plan.~~

~~(a) Completion of training shall be documented by the Provider.~~

~~(b) The Behavior Support Plan shall be available to all staff involved in implementing or supervising the plan.~~

- ii. **State Oversight Responsibility.** Specify the state agency (or agencies) responsible for overseeing the use of restraints and ensuring that state safeguards concerning their use are followed and how such oversight is conducted and its frequency:

The SMA reviews incident reports of participants in the review sample that pertain to the use of restraints and seclusion. The SMA also reviews participant records and conducts interviews with providers and participants to determine if all incidents of restraints or seclusion have been reported and appropriately administered. Behavior support plans are also reviewed to determine if the use of restraints or seclusion have been appropriately addressed in the plan including safeguards that address the health and welfare of the participant and that human rights committees have appropriately reviewed and approved the use of restraints or seclusion.

The Operating Agency has the day to day responsibility to assure that appropriate procedures are followed regarding the implementation of the use of restraints and seclusion. All use of emergency **Level II**-intrusive interventions are recorded by providers on incident reports and reviewed at least monthly by support coordinators. **The Human Rights Committee reviews all emergency Level II intrusive interventions.** All programmatic use of **Level II**-intrusive interventions are reviewed and approved annually by the participant's team, Behavior Peer Review, and Human

State:	
Effective Date	

Rights Committee. All programmatic use of intrusive interventions Level II interventions are summarized in provider's Behavior Consultation Services Progress Notes and reviewed at least monthly by support coordinators. State Quality Management and State Behavior Specialist will review data at least annually.

The SMA actively participates in the immediate oversight of Level 1 incidents and quarterly review of Level 2 incidents.

~~Office of Service Review (OSR) Quality and Design (OQD) manages all behavior support plans and human rights issues related to incidents and restraints. Office of Licensing (OL) core rule R501-2 governs restraints and behavior management in licensed settings. Investigative teams look into all incidents reported according to rule requirements and note violations as appropriate. OQD is involved to add to any noted violations of contract. Trends and patterns are noted in OL database and DSPD Database (USTEPS). Unauthorized use, overuse, or inappropriate/ineffective use of restraints must be reported through the critical incident process. Incidents of this nature are considered level one critical incidents, requiring investigation by the SMA to ensure development and implementation of prevention strategies, support coordinator follow-up, and State requirements are followed. Additionally, support coordinator monthly contact addresses any suspicion of abuse, neglect, or exploitation. Support coordinators are mandatory reporters and therefore must report any suspicion of abuse, neglect, or exploitation to Adult Protective Services, Child Protective Services, and other authorities as appropriate. Constituent Services within both the SMA and the OA will accept any report of abuse, neglect, exploitation including unauthorized use, overuse, or inappropriate/ineffective use of restraints. Finally, the support coordinator is responsible to review any human rights restriction plans for the individuals they serve to assure the health and welfare of the individual and ensure their human rights are protected. The OA compiles and analyzes critical incident data at a minimum of quarterly in order to prevent re-occurrence of similar incidents. Critical incident trends are identified for systemic intervention, and targeted improvement strategies are implemented by the OA. Improvement strategies can include interventions targeted toward specific providers, identified provider types, individuals in services, or select groups based on demographics such as regional location, gender, age, sexual orientation; among others. The Quality Improvement Committee which is composed of representatives from the SMA, the Division of Services for People with Disabilities, the Office of Quality and Design, and the Division of Licensing reviews critical incident data and associated improvement strategies at a minimum of quarterly and provides support for collaborative inter-agency improvement strategy implementation. The SMA receives quarterly reports on critical incident data, trends, and prevention strategies. The State evaluates the following performance measures to support oversight of the operation of the incident management system: Number and percentage of quarterly critical incident reports submitted to the SMA which demonstrate how incident data are collected, compiled, and used to prevent re-occurrence. Number and percentage of critical incident trends identified for systemic intervention that were implemented. Data for overseeing the operation of the incident management system~~

State:	
Effective Date	

are collected using the Utah Provider Interface (UPI) system within USTEPS. Providers and support coordinators use UPI to report incidents, document information and follow up surrounding the incident following its occurrence, provide investigation information, and identify trends for individuals who experience multiple incidents requiring intervention, including those involving unauthorized use of restraints. The OA is responsible to compile and analyze this data at a minimum of quarterly to prevent re-occurrence concerning the unauthorized use of restraints. The SMA and the OA collaborate to implement improvement strategies through quarterly reporting processes, the Quality Improvement Committee, and other efforts as necessary. The SMA actively participates in the immediate oversight of Level 1 incidents and quarterly review of Level 2 incidents and has a standing member on the OA's Human Rights Council.

b. Use of Restrictive Interventions

○ The state does not permit or prohibits the use of restrictive interventions
 Specify the state agency (or agencies) responsible for detecting the unauthorized use of restrictive interventions and how this oversight is conducted and its frequency:

~~R539-4-3 Definitions (d) "Contingent Rights Restrictions" means a Level III Intervention resulting in the temporary loss of rights based upon the occurrence of a previously identified problem. (f) "Emergency Rights Restriction" means a Level II Intervention temporarily denying or restricting access to personal property, privacy, or travel in order to prevent imminent injury to the Person, others, or property. Rights are reinstated when immediate danger is resolved. (n) "Level II Intervention" means intrusive procedures that may be used in pre-approved Behavior Support Plans or as Emergency Behavior Interventions. Approved interventions include Enforced Compliance, Manual Restraint, Exclusionary Time out, Mildly Noxious Stimuli, and Emergency Rights Restrictions. (o) "Level III Intervention" means intrusive procedures that are only used in pre-approved Behavior Support Plans. Approved interventions include Time out rooms, Mechanical Restraint, Highly Noxious Stimuli, overcorrection, Contingent Rights Restrictions, Response Cost, and Satiation. R539-3-4. Human Rights Committee. (1) This rule applies to the Division, Persons funded by the Division, Providers, Providers' Human Rights Committees, and the Division Human Rights Council. (2) All Persons shall have access to a Provider Human Rights Committee with the exception of the following: (a) Persons receiving physical disabilities services. (b) Families using the Self Administered Model. (c) Persons receiving only family supports or respite. (3) The Provider Human Rights Committee approves the services agencies provide relating to rights issues, such as rights restrictions and the use of intrusive behavior supports. In addition, the Committee provides recommendations relating to abuse and neglect prevention, rights training, and supporting people in exercising their rights. (4) Any interested party may request that the rights of a Person be reviewed by a Provider Human Rights Committee by contacting the Person's Provider agency verbally or in writing. (5) Any interested party may request an appeal of the Provider Human Rights Committee decision by sending a request to the Division, 195 North 1950 West, Salt Lake City, UT 84116. The Division shall make a decision whether there will be a review and shall notify the Person, Provider, and Support Coordinator concerning the decision within eight business days. The notification shall contain a statement of the issue to be reviewed and the process and timeline for completing the review. Documentation Requirements Human rights violations that include unauthorized use of~~

State:	
Effective Date	

Appendix G: Participant Safeguards

HCBS Waiver Application Version 3.6

~~physical, mechanical, or chemical restraints, seclusion rooms, and infringement of personal privacy rights experienced by the Person that would otherwise require a human rights review process must be reported as a Level I Critical Incident. Providers must submit notification of an incident within 24 hours of discovery to the support coordinator and the person's guardian. Notification to the support coordinator is made through the Utah Provider Interface (UPI). A detailed report must be completed in UPI within 5 days of discovery. All eight elements for modifications, as described in the Settings Rule, will be addressed in the person-centered plan. Answers for each element must be documented in the plan for each modification. The plan requires signed informed consent prior to activation.~~

~~Whenever there is discrepancy between it and OL requirements, we defer to OQD to assist in determining course of action. We have proposed the following rule change to assist in processing of incidents moving forward: (3) All occurrences of Emergency Behavior Interventions that are not approved for use in the behavior support plan or resulting in a critical incident in a licensed setting as defined in Licensing Rule 501-1-2 shall be documented by the provider through an incident report as outlined in the provider's service contract and in accordance with Licensing Rule 501-1-9-2 (4) All incident reports shall be reviewed by the Office of Licensing and the person's support coordinator. (a) In licensed settings, the Office of Licensing will assess the provider's compliance with Licensing Rules through incident report review and/or incident investigation. (i) the Office of Licensing is responsible for all follow up action regarding the provider when the provider is licensed. (ii) the support coordinator is responsible for all follow up action regarding the person in both licensed and non-licensed settings. (iii) OQD is responsible for investigating non-licensed incidents and managing any contract compliance concerns noted by any entity during the course of the review or investigation.~~

~~State administrative rule R539-4 includes the following information:~~

~~(b) "Behavior Peer Review Committee" means a group consisting of at least three specialists with experience in the fields of Positive Behavior Supports and applied behavior analysis. One of the three members must be outside the Provider agency. The Committee is primarily responsible for evaluating the quality, effectiveness, and least intrusiveness of the Person's Behavior Support Plan.~~

~~R539-4-5. Review and Approval Process:~~

~~(1) The Behavior Peer Review Committee shall review and approve the Behavior Support Plan annually. The plan may be implemented prior to the Behavior Peer Review Committee's review; however the review and approval must be completed within 60 calendar days of implementation.~~

~~(2) The Behavior Peer Review Committee's review and approval process shall include the following:~~

~~(a) A confirmation that appropriate Positive Behavior Supports, including Level I Interventions, were fully implemented and revised as needed prior to the implementation of Level II or Level III Interventions.~~

~~(b) Ensure the technical adequacy of the Functional Behavior Assessment and Behavior Support Plan based on principles from the fields of Positive Behavior Supports and applied behavior analysis.~~

~~(c) Ensure plans are in place to attempt reducing the use of intrusive interventions.~~

~~(d) Ensure that staff training and plan implementation are adequate.~~

~~(3) The Provider Human Rights Committee shall approve Behavior Support Plans with Level II and Level III Interventions annually. Review and approval shall focus on rights issues, including consent and justification for the use of intrusive interventions.~~

	<p>(4) The State Behavior Review Committee must consist of at least three members, including representatives from the Division, Provider, and an independent professional having a recognized expertise in Positive Behavior Supports. The Committee shall review and approve the following:</p> <p>(a) Behavior Support Plans that include Time-out Rooms, Mechanical Restraints or Highly Noxious Stimuli.</p> <p>(b) Behavior Support Plans that include forms of Manual Restraint or Exclusionary Time-out used for long-term behavior change and not used in response to an emergency situation.</p> <p>(c) Behavior Support Plans that include manual restraint not outlined in Mandt, PART, SOAR, Safety Care, or CPI training programs.</p> <p>(5) The Committee shall determine the time frame for follow up review.</p> <p>(6) Behavior Support Plans shall be submitted to the Division's state office for temporary approval prior to implementation pending the State Behavior Review Committee's review of the plan.</p> <p>(7) Families participating in Self Administered Services may seek State Behavior Review Committee recommendations, if desired.</p>
X	<p>The use of restrictive interventions is permitted during the course of the delivery of waiver services. Complete Items G-2-b-i and G-2-b-ii.</p>

State:	
Effective Date	

- i. Safeguards Concerning the Use of Restrictive Interventions.** Specify the safeguards that the state has in effect concerning the use of interventions that restrict participant movement, participant access to other individuals, locations or activities, restrict participant rights or employ aversive methods (not including restraints or seclusion) to modify behavior. State laws, regulations, and policies referenced in the specification are available to CMS upon request through the Medicaid agency or the operating agency.

Utah Administrative Rules describe the use of Restrictive Interventions and describe the safeguards in place to protect participants when restrictive interventions are used, including:

R539-3-10. Prohibited Procedures.

(1) The following procedures are prohibited for Division staff and Providers, including staff hired for Self-Administered Services, in all circumstances in supporting Persons receiving Division funding:

- (a) Physical punishment, such as slapping, hitting, and pinching.
- (b) Demeaning speech to a Person that ridicules or is abusive.
- (c) Locked confinement in a room. [definition of seclusion]
- (d) Denial or restriction of access to assistive technology devices, except where removal prevents injury to self, others, or property as outlined in Sections R539-3-6 and R539-4-7.
- (e) Withholding or denial of meals, or other supports for biological needs, as a consequence or punishment for problems.
- (f) Any intrusive intervention, as defined in R539-4-3(n) and R539-4-3(o), used as coercion, as convenience to staff, or in retaliation.
- (g) Any procedure in violation of R495-876, R512-202, R510-302, 62A-3-301 thru 62A-3-321, and 62A-4a- 402 thru 62A-4a-412 prohibiting abuse.

R539-4-4. Levels of Behavior Interventions.

- (2) All Behavior Support Plans shall be implemented only after the Person or Guardian gives consent and the Behavior Support Plan is approved by the Team.
- (3) All Behavior Support Plans shall incorporate Positive Behavior Supports with the least intrusive, effective treatment designed to assist the Person in acquiring and maintaining skills, and preventing problems.
- (4) Behavior Support Plans must:
 - (a) Be based on a Functional Behavior Assessment.
 - (b) Focus on prevention and teach replacement behaviors.
 - (c) Include planned responses to problems.
 - (d) Outline a data collection system for evaluating the effectiveness of the plan.
- (5) All Provider staff involved in implementing procedures outlined in the Behavior Support Plan shall be trained and demonstrate competency prior to implementing the plan.
 - (a) Completion of training shall be documented by the Provider.
 - (b) The Behavior Support Plan shall be available to all staff involved in implementing or supervising the plan.
- (6) Intrusive Interventions may be used in pre-approved Behavior Support Plans or emergency situations. [Includes manual restraint.]
- (7) Intrusive Interventions which include mechanical restraint, and seclusion or time out room may only be used in pre-approved Behavior Support Plans.
- (8) Behavior Support Plans that utilize intrusive interventions. The interventions shall be implemented only after Positive Behavior Supports Interventions are fully implemented and shown to be ineffective. A rationale on the necessity for the use of intrusive procedures shall be included in the Behavior Support Plan.

State:	
Effective Date	

- (9) Time-out Rooms shall be designed to protect Persons from hazardous conditions, including sharp corners and objects, uncovered light fixtures, and unprotected electrical outlets. The rooms shall have adequate lighting and ventilation.
- (a) Doors to the Time-out Room may be held shut by Provider staff, but not locked at any time.
- (b) Persons shall remain in Time-out Rooms no more than 2 hours per occurrence.
- (c) Provider staff shall monitor Persons in a Time-out Room visually and auditorially on a continual basis. Staff shall document ongoing observation of the Person while in the Time-out Room at least every fifteen minutes.
- (10) Time-out Rooms shall be used only upon the occurrence of problems previously identified in the Behavior Support Plan.
- (a) Persons shall be placed in the Time-out Room immediately following a previously identified problem. Time delays are not allowed.
- (b) Persons shall not be transported to another location for placement in a Time-out Room.
- (c) Behavior Support Plans must outline specific release criteria that may include time and behavior components. Time asleep must count toward time-release criteria.
- (11) Mechanical restraints shall ensure the Person's safety in breathing, circulation, and prevent skin irritation.
- (a) Persons shall be placed in Mechanical Restraints immediately following the identified problem. Time delays are not allowed.
- (b) Persons shall not be transported to another location for Mechanical Restraints.
- (12) Mechanical Restraints shall be used only upon the occurrence of problems previously identified in the Behavior Support Plan.
- (a) Behavior Support Plans must outline specific release criteria that may include time and behavior components. Time asleep must count toward time-release criteria. The plan shall also specify maximum time limits for single application and multiple use.
- (b) Behavior Support Plans shall include specific requirements for monitoring the Person, before, during, and after application of the restraint to ensure health and safety.
- (c) Provider staff shall document their observation of the Person as specified in the Behavior Support Plan.
- (13) Manual restraints shall ensure the Person's safety in breathing and circulation. Manual restraint procedures are limited to the Mandt System (Mandt), the Professional Assault Response Training (PART), Supports Options and Actions for Respect (SOAR), or Safety Care programs. Procedures not outlined in the programs listed above may only be used if pre-approved by the State Behavior Review Committee.
- (14) Behavior Support Plans that include Manual Restraints shall provide information on the method of restraint, release criteria, and time limitations on use.

R539-4-5. Review and Approval Process.

- (1) The Behavior Peer Review Committee shall review and approve the Behavior Support Plan annually. The plan may be implemented prior to the Behavior Peer Review Committee's review; however the review and approval must be completed within 60 calendar days of implementation.
- (2) The Behavior Peer Review Committee's review and approval process shall include the following:
- (a) A confirmation that appropriate Positive Behavior Supports, were fully implemented and revised as needed prior to the implementation of intrusive interventions.
- (b) Ensure the technical adequacy of the Functional Behavior Assessment and Behavior Support Plan based on principles from the fields of Positive Behavior Supports and applied behavior analysis.

State:	
Effective Date	

- (c) Ensure plans are in place to attempt reducing the use of intrusive interventions.
- (d) Ensure that staff training and plan implementation are adequate.
- (3) The State Behavior Review Committee must consist of at least three members, including representatives from the Division, Provider, and an independent professional having a recognized expertise in Positive Behavior Supports. The Committee shall review and approve the following:
 - (a) Behavior Support Plans that include Time-out Rooms, Mechanical Restraints or Highly Noxious Stimuli.
 - (b) Behavior Support Plans that include forms of Manual Restraint or Exclusionary Time-out used for long-term behavior change and not used in response to an emergency situation.
 - (c) Behavior Support Plans that include manual restraint not outlined in Mandt, PART or SOAR, or Safety Care programs.
- (4) The Committee shall determine the time-frame for follow-up review.
- (5) Behavior Support Plans shall be submitted to the Division's state office for temporary approval prior to implementation pending the State Behavior Review Committee's review of the plan.

R539-4-6. Emergency Behavior Interventions.

- (1) Emergency Behavior Interventions may be necessary to prevent clear and imminent threat of injury or property destruction during emergency situations.
- (2) Non intrusive interventions shall be used first in emergency situations, if possible.
- (3) The least intrusive shall be used in emergency situations. The length of time in which the intervention is implemented shall be limited to the minimum amount of time required to resolve the immediate emergency situation.
- (4) Each use of Emergency Behavior Interventions and a complete Emergency Behavior Intervention Review shall be documented by the Provider on Division Form 1-8 and forwarded to the Division, as outlined in the Provider's Service Contract with the Division.
 - (a) The Emergency Behavior Intervention Review shall be conducted by the Provider supervisor or specialist and staff involved with the Emergency Behavior Intervention. The review shall include the following:
 - (i) The circumstances leading up to and following the problem.
 - (ii) If the Emergency Behavior Intervention was justified.
 - (iii) Recommendations for how to prevent future occurrences, if applicable.
- (5) The Person's Support Coordinator shall review Form 1-8 received from Providers and document the follow-up action.
- (6) If Emergency Behavior Interventions are used three times, or for a total of 25 minutes, within 30 calendar days, the Team shall meet within ten business days of the date the above criteria are met to review the interventions and determine if:
 - (a) A Behavior Support Plan is needed;
 - (b) Intrusive are required in the Behavior Support Plan;
 - (c) Technical assistance is needed;
 - (d) Arrangements should be made with other agencies to prevent or respond to future crisis situations; or
 - (e) Other solutions can be identified to prevent future use of Emergency Behavior Interventions.

R539-4-3 Definitions (d) "Contingent Rights Restrictions" means a Level III Intervention resulting in the temporary loss of rights based upon the occurrence of a previously identified problem. (f) "Emergency Rights Restriction" means a Level II Intervention temporarily denying or restricting access to personal property, privacy, or travel in order to prevent imminent injury to the Person, others, or property. Rights are reinstated when

State:	
Effective Date	

Appendix G: Participant Safeguards

HCBS Waiver Application Version 3.6

~~immediate danger is resolved. (n) "Level II Intervention" means intrusive procedures that may be used in pre-approved Behavior Support Plans or as Emergency Behavior Interventions. Approved interventions include Enforced Compliance, Manual Restraint, Exclusionary Time-out, Mildly Noxious Stimuli, and Emergency Rights Restrictions. (o) "Level III Intervention" means intrusive procedures that are only used in pre-approved Behavior Support Plans. Approved interventions include Time-out rooms, Mechanical Restraint, Highly Noxious Stimuli, overcorrection, Contingent Rights Restrictions, Response Cost, and Satiation. R539-3-4. Human Rights Committee. (1) This rule applies to the Division, Persons funded by the Division, Providers, Providers' Human Rights Committees, and the Division Human Rights Council. (2) All Persons shall have access to a Provider Human Rights Committee with the exception of the following: (a) Persons receiving physical disabilities services. (b) Families using the Self-Administered Model. (c) Persons receiving only family supports or respite. (3) The Provider Human Rights Committee approves the services agencies provide relating to rights issues, such as rights restrictions and the use of intrusive behavior supports. In addition, the Committee provides recommendations relating to abuse and neglect prevention, rights training, and supporting people in exercising their rights. (4) Any interested party may request that the rights of a Person be reviewed by a Provider Human Rights Committee by contacting the Person's Provider agency verbally or in writing. (5) Any interested party may request an appeal of the Provider Human Rights Committee decision by sending a request to the Division, 195 North 1950 West, Salt Lake City, UT 84116. The Division shall make a decision whether there will be a review and shall notify the Person, Provider, and Support Coordinator concerning the decision within eight business days. The notification shall contain a statement of the issue to be reviewed and the process and timeline for completing the review. Documentation Requirements Human rights violations that include unauthorized use of physical, mechanical, or chemical restraints, seclusion rooms, and infringement of personal privacy rights experienced by the Person that would otherwise require a human rights review process must be reported as a Level I Critical Incident. Providers must submit notification of an incident within 24 hours of discovery to the support coordinator and the person's guardian. Notification to the support coordinator is made through the Utah Provider Interface (UPI). A detailed report must be completed in UPI within 5 days of discovery. All eight elements for modifications, as described in the Settings Rule, will be addressed in the person-centered plan. Answers for each element must be documented in the plan for each modification. The plan requires signed informed consent prior to activation.~~

~~Whenever there is discrepancy between it and OL requirements, we defer to OQD to assist in determining course of action. We have proposed the following rule change to assist in processing of incidents moving forward: (3) All occurrences of Emergency Behavior Interventions that are not approved for use in the behavior support plan or resulting in a critical incident in a licensed setting as defined in Licensing Rule 501-1-2 shall be documented by the provider through an incident report as outlined in the provider's service contract and in accordance with Licensing Rule 501-1-9-2 (4) All incident reports shall be reviewed by the Office of Licensing and the person's support coordinator. (a) In licensed settings, the Office of Licensing will assess the provider's compliance with Licensing Rules through incident report review and/or incident investigation. (i) the Office of Licensing is responsible for all follow up action regarding the provider when the provider is licensed. (ii) the support coordinator is responsible for all follow up action regarding the person in both licensed and non-licensed settings. (iii) OQD is responsible for investigating non-licensed incidents and managing any contract compliance concerns noted by any entity during the course of the review or investigation.~~

Effective Date	

State administrative rule R539-4 includes the following information:
 (b) "Behavior Peer Review Committee" means a group consisting of at least three specialists with experience in the fields of Positive Behavior Supports and applied behavior analysis. One of the three members must be outside the Provider agency. The Committee is primarily responsible for evaluating the quality, effectiveness, and least intrusiveness of the Person's Behavior Support Plan.

R539-4-5. Review and Approval Process.

- (1) The Behavior Peer Review Committee shall review and approve the Behavior Support Plan annually. The plan may be implemented prior to the Behavior Peer Review Committee's review; however the review and approval must be completed within 60 calendar days of implementation.
- (2) The Behavior Peer Review Committee's review and approval process shall include the following:
 - (a) A confirmation that appropriate Positive Behavior Supports, including Level I Interventions, were fully implemented and revised as needed prior to the implementation of Level II or Level III Interventions.
 - (b) Ensure the technical adequacy of the Functional Behavior Assessment and Behavior Support Plan based on principles from the fields of Positive Behavior Supports and applied behavior analysis.
 - (c) Ensure plans are in place to attempt reducing the use of intrusive interventions.
 - (d) Ensure that staff training and plan implementation are adequate.
- (3) The Provider Human Rights Committee shall approve Behavior Support Plans with Level II and Level III Interventions annually. Review and approval shall focus on rights issues, including consent and justification for the use of intrusive interventions.
- (4) The State Behavior Review Committee must consist of at least three members, including representatives from the Division, Provider, and an independent professional having a recognized expertise in Positive Behavior Supports. The Committee shall review and approve the following:
 - (a) Behavior Support Plans that include Time-out Rooms, Mechanical Restraints or Highly Noxious Stimuli.
 - (b) Behavior Support Plans that include forms of Manual Restraint or Exclusionary Time-out used for long-term behavior change and not used in response to an emergency situation.
 - (c) Behavior Support Plans that include manual restraint not outlined in Mandt, PART, SOAR, Safety Care, or CPI training programs.
- (5) The Committee shall determine the time frame for follow-up review.
- (6) Behavior Support Plans shall be submitted to the Division's state office for temporary approval prior to implementation pending the State Behavior Review Committee's review of the plan.
- (7) Families participating in Self-Administered Services may seek State Behavior Review Committee recommendations, if desired.

- ii. **State Oversight Responsibility.** Specify the state agency (or agencies) responsible for monitoring and overseeing the use of restrictive interventions and how this oversight is conducted and its frequency:

The SMA reviews incident reports of participants in the review sample that pertain to the use of restrictive interventions. The SMA also reviews participant records and conducts

State:	
Effective Date	

interviews with providers and participants to determine if all incidents of restrictive interventions have been reported and appropriately administered. Behavior support plans are also reviewed to determine if the use of restrictive interventions have been appropriately addressed in the plan including safeguards that address the health and welfare of the participant and that human rights committees have appropriately reviewed and approved the use of restrictive interventions. ~~The reviews are conducted, at a minimum, every five years. The sample size for each review will be sufficient to provide a confidence level equal to 95% and a confidence interval equal to 5.~~

The Operating Agency has the day to day responsibility to assure that appropriate procedures are followed regarding the implementation of the use of restrictive interventions ~~restraints and seclusion~~. All use of emergency Level II ~~intrusive~~ interventions are recorded by providers on incident reports and reviewed at least monthly by support coordinators. ~~The Human Rights Committee reviews all emergency II~~ Level II ~~intrusive interventions~~. All programmatic use of Level II ~~intrusive~~ interventions are reviewed and approved annually by the participant's team and ~~Behavior Peer Review, and Human Rights Committee~~. All programmatic use of Level II ~~intrusive~~ interventions are summarized in provider's Behavior Consultation Services Progress Notes and reviewed at least monthly by support coordinators. State Quality Management and State Behavior Specialist will review data at least annually.

~~Operating Agency is DHS: (OL and DSPD and OQD) all coordinate efforts to manage incidents on an ongoing basis. OQD/DSPD oversee Human Rights committee, Quality Management and compilation of findings/data analysis. OL oversees minimum health and safety standards across all licensed settings (MANY of OL's licenses are not for DSPD recipients, but incident processing and rules were tailored to include all key elements of incidents and processes to satisfy SMA for waiver recipients as well as meet private provider needs. The SMA actively participates in the immediate oversight of Level 1 incidents and quarterly review of Level 2 incidents and has a standing member on the OA's Human Rights Council.~~

Office of Service Review (OSR) manages all behavior support plans and human rights issues related to incidents and restraints. Office of Licensing (OL) core rule R501-2 governs restraints and behavior management in licensed settings. Investigative teams look into all incidents reported according to rule requirements and note violations as appropriate. OSR is involved to add to any noted violations of contract. Trends and patterns are noted in OL database and DSPD Database (USTEPS).

State administrative rule R539-4-4 includes the following information:

- (4) Behavior Support Plans must:
 - (a) Be based on a Functional Behavior Assessment.
 - (b) Focus on prevention and teach replacement behaviors.
 - (c) Include planned responses to problems.
 - (d) Outline a data collection system for evaluating the effectiveness of the plan.

State:	
Effective Date	

- c. **Use of Seclusion.** (Select one): (This section will be blank for waivers submitted before Appendix G-2-c was added to WMS in March 2014, and responses for seclusion will display in Appendix G-2-a combined with information on restraints.)

<input type="radio"/>	<p>The state does not permit or prohibits the use of seclusion</p> <p>Specify the state agency (or agencies) responsible for detecting the unauthorized use of seclusion and how this oversight is conducted and its frequency:</p>
<input checked="" type="radio"/>	<p>The use of seclusion is permitted during the course of the delivery of waiver services.</p> <p>Complete Items G-2-c-i and G-2-c-ii.</p>

- i. **Safeguards Concerning the Use of Seclusion.** Specify the safeguards that the state has established concerning the use of each type of seclusion. State laws, regulations, and policies that are referenced in the specification are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Utah Administrative Rules describe the use of seclusion and the safeguards in place to protect participants when seclusion is used, including:

R539-3-10. Prohibited Procedures.

(1) The following procedures are prohibited for Division staff and Providers, including staff hired for Self-Administered Services, in all circumstances in supporting Persons receiving Division funding:

- (a) Physical punishment, such as slapping, hitting, and pinching.
- (b) Demeaning speech to a Person that ridicules or is abusive.
- (c) Locked confinement in a room. [definition of seclusion]
- (d) Denial or restriction of access to assistive technology devices, except where removal prevents injury to self, others, or property as outlined in Sections R539-3-6 and R539-4-7.
- (e) Withholding or denial of meals, or other supports for biological needs, as a consequence or punishment for problems.
- (f) Any intrusive intervention as defined in R539-4-3(n) and R539-4-3(o), used as coercion, as convenience to staff, or in retaliation.
- (g) Any procedure in violation of R495-876, R512-202, R510-302, 62A-3-301 thru 62A-3-321, and 62A-4a- 402 thru 62A-4a-412 prohibiting abuse.

R539-4-4. Levels of Behavior Interventions.

- (2) All Behavior Support Plans shall be implemented only after the Person or Guardian gives consent and the Behavior Support Plan is approved by the Team.
- (3) All Behavior Support Plans shall incorporate Positive Behavior Supports with the least intrusive, effective treatment designed to assist the Person in acquiring and maintaining skills, and preventing problems.
- (4) Behavior Support Plans must:
 - (a) Be based on a Functional Behavior Assessment.
 - (b) Focus on prevention and teach replacement behaviors.
 - (c) Include planned responses to problems.
 - (d) Outline a data collection system for evaluating the effectiveness of the plan.

State:	
Effective Date	

(5) All Provider staff involved in implementing procedures outlined in the Behavior Support Plan shall be trained and demonstrate competency prior to implementing the plan.

(a) Completion of training shall be documented by the Provider.

(b) The Behavior Support Plan shall be available to all staff involved in implementing or supervising the plan.

(8) ~~Intrusive Level II~~ Interventions may be used in pre-approved Behavior Support Plans or emergency situations. [Includes manual restraint].

(9) ~~Intrusive Interventions~~ ~~Intrusive Level III~~ Interventions may only be used in pre-approved Behavior Support Plans. [Includes mechanical restraint and seclusion (time-out room)].

(10) Behavior Support Plans that utilize ~~intrusive Level II or Level III~~ ~~interventions~~ shall be implemented only after Positive Behavior Supports, including Level I Interventions, are fully implemented and shown to be ineffective. A rationale on the necessity for the use of intrusive procedures shall be included in the Behavior Support Plan.

(11) Time-out Rooms shall be designed to protect Persons from hazardous conditions, including sharp corners and objects, uncovered light fixtures, and unprotected electrical outlets. The rooms shall have adequate lighting and ventilation.

(a) Doors to the Time-out Room may be held shut by Provider staff, but not locked at any time.

(b) Persons shall remain in Time-out Rooms no more than 2 hours per occurrence.

(c) Provider staff shall monitor Persons in a Time-out Room visually and auditorially on a continual basis. Staff shall document ongoing observation of the Person while in the Time-out Room at least every fifteen minutes.

(12) Time-out Rooms shall be used only upon the occurrence of problems previously identified in the Behavior Support Plan.

(a) Persons shall be placed in the Time-out Room immediately following a previously identified problem. Time delays are not allowed.

(b) Persons shall not be transported to another location for placement in a Time-out Room.

(c) Behavior Support Plans must outline specific release criteria that may include time and behavior components. Time asleep must count toward time-release criteria.

(13) Mechanical restraints shall ensure the Person's safety in breathing, circulation, and prevent skin irritation.

(a) Persons shall be placed in Mechanical Restraints immediately following the identified problem. Time delays are not allowed.

(b) Persons shall not be transported to another location for Mechanical Restraints.

(14) Mechanical Restraints shall be used only upon the occurrence of problems previously identified in the Behavior Support Plan.

(a) Behavior Support Plans must outline specific release criteria that may include time and behavior components. Time asleep must count toward time-release criteria. The plan shall also specify maximum time limits for single application and multiple use.

(b) Behavior Support Plans shall include specific requirements for monitoring the Person, before, during, and after application of the restraint to ensure health and safety.

(c) Provider staff shall document their observation of the Person as specified in the Behavior Support Plan.

(15) Manual restraints shall ensure the Person's safety in breathing and circulation. Manual restraint procedures are limited to the Mandt System (Mandt), the Professional Assault Response Training (PART), ~~or~~ Supports Options and Actions for Respect (SOAR, or Safety Care) training programs. Procedures not outlined in the programs listed above may only be used if pre-approved by the State Behavior Review Committee.

State:	
Effective Date	

(16) Behavior Support Plans that include Manual Restraints shall provide information on the method of restraint, release criteria, and time limitations on use.

R539-4-5. Review and Approval Process.

(1) The Behavior Peer Review Committee shall review and approve the Behavior Support Plan annually. The plan may be implemented prior to the Behavior Peer Review Committee's review; however the review and approval must be completed within 60 calendar days of implementation.

(2) The Behavior Peer Review Committee's review and approval process shall include the following:

(a) A confirmation that appropriate Positive Behavior Supports, ~~including Level I Interventions~~, were fully implemented and revised as needed prior to the implementation of ~~intrusive Level II or Level III interventions~~.

(b) Ensure the technical adequacy of the Functional Behavior Assessment and Behavior Support Plan based on principles from the fields of Positive Behavior Supports and applied behavior analysis.

(c) Ensure plans are in place to attempt reducing the use of intrusive interventions.

(d) Ensure that staff training and plan implementation are adequate.

~~(3) The Provider Human Rights Committee shall approve Behavior Support Plans with Level II and Level III Interventions annually. Review and approval shall focus on rights issues, including consent and justification for the use of intrusive interventions.~~

(4) The State Behavior Review Committee must consist of at least three members, including representatives from the Division, Provider, and an independent professional having a recognized expertise in Positive Behavior Supports. The Committee shall review and approve the following:

(a) Behavior Support Plans that include Time-out Rooms, Mechanical Restraints or Highly Noxious Stimuli.

(b) Behavior Support Plans that include forms of Manual Restraint or Exclusionary Time-out used for long-term behavior change and not used in response to an emergency situation.

(c) Behavior Support Plans that include manual restraint not outlined in Mandt, PART, SOAR, Safety Care, or CPI training programs.

(5) The Committee shall determine the time-frame for follow-up review.

(6) Behavior Support Plans shall be submitted to the Division's state office for temporary approval prior to implementation pending the State Behavior Review Committee's review of the plan.

(7) Families participating in Self-Administered Services may seek State Behavior Review Committee recommendations, if desired.

R539-4-6. Emergency Behavior Interventions.

(1) Emergency Behavior Interventions may be necessary to prevent clear and imminent threat of injury or property destruction during emergency situations.

(2) ~~Intrusive interventions~~ ~~Level I Interventions~~ shall be used first in emergency situations, if possible.

(3) The least intrusive ~~Level II~~ interventions shall be used in emergency situations. The length of time in which the intervention is implemented shall be limited to the minimum amount of time required to resolve the immediate emergency situation.

(4) Each use of Emergency Behavior Interventions and a complete Emergency Behavior Intervention Review shall be documented by the Provider on Division Form 1-8 and forwarded to the Division, as outlined in the Provider's Service Contract with the Division.

State:	
Effective Date	

Appendix G: Participant Safeguards

HCBS Waiver Application Version 3.6

- (a) The Emergency Behavior Intervention Review shall be conducted by the Provider supervisor or specialist and staff involved with the Emergency Behavior Intervention. The review shall include the following:
 - (i) The circumstances leading up to and following the problem.
 - (ii) If the Emergency Behavior Intervention was justified.
 - (iii) Recommendations for how to prevent future occurrences, if applicable.
- (5) The Person's Support Coordinator shall review Form 1-8 received from Providers and document the follow-up action.
- (6) If Emergency Behavior Interventions are used three times, or for a total of 25 minutes, within 30 calendar days, the Team shall meet within ten business days of the date the above criteria are met to review the interventions and determine if:
 - (a) A Behavior Support Plan is needed;
 - (b) Intrusive Interventions ~~Intrusive Level II or III Interventions~~ are required in the Behavior Support Plan;
 - (c) Technical assistance is needed;
 - (d) Arrangements should be made with other agencies to prevent or respond to future crisis situations; or
 - (e) Other solutions can be identified to prevent future use of Emergency Behavior Interventions.
- (7) The Provider's Human Rights Committee shall review each use of Emergency Behavior Interventions.

~~R539 4 3 Definitions (n) "Level II Intervention" means intrusive procedures that may be used in pre-approved Behavior Support Plans or as Emergency Behavior Interventions. Approved interventions include Enforced Compliance, Manual Restraint, Exclusionary Time out, Mildly Noxious Stimuli, and Emergency Rights Restrictions. (o) "Level III Intervention" means intrusive procedures that are only used in pre-approved Behavior Support Plans. Approved interventions include Time out rooms, Mechanical Restraint, Highly Noxious Stimuli, overcorrection, Contingent Rights Restrictions, Response Cost, and Satiation R539 4 4. Levels of Behavior Interventions. (1) The remainder of this rule applies to all Division staff and Providers, but does not apply to employees hired for Self-Administered Services. (2) All Behavior Support Plans shall be implemented only after the Person or Guardian gives consent and the Behavior Support Plan is approved by the Team. (3) All Behavior Support Plans shall incorporate Positive Behavior Supports with the least intrusive, effective treatment designed to assist the Person in acquiring and maintaining skills, and preventing problems. (4) Behavior Support Plans must: (a) Be based on a Functional Behavior Assessment. (b) Focus on prevention and teach replacement behaviors. (c) Include planned responses to problems. (d) Outline a data collection system for evaluating the effectiveness of the plan. (5) All Provider staff involved in implementing procedures outlined in the Behavior Support Plan shall be trained and demonstrate competency prior to implementing the plan. (a) Completion of training shall be documented by the Provider. (b) The Behavior Support Plan shall be available to all staff involved in implementing or supervising the plan. (6) Level I interventions may be used informally, in written support strategies, or in Behavior Support Plans without approval. (7) Behavior~~

State:	
Effective Date	

Appendix G: Participant Safeguards

HCBS Waiver Application Version 3.6

~~Support Plans that only include Level I Interventions do not require approval or review by the Behavior Peer Review Committee or Provider Human Rights Committee. (8) Level II Interventions may be used in pre-approved Behavior Support Plans or emergency situations. (9) Level III Interventions may only be used in pre-approved Behavior Support Plans. (10) Behavior Support Plans that utilize Level II or Level III Interventions shall be implemented only after Positive Behavior Supports, including Level I Interventions, are fully implemented and shown to be ineffective. A rationale on the necessity for the use of intrusive procedures shall be included in the Behavior Support Plan. (11) Time-out Rooms shall be designed to protect Persons from hazardous conditions, including sharp corners and objects, uncovered light fixtures, and unprotected electrical outlets. The rooms shall have adequate lighting and ventilation. (a) Doors to the Time-out Room may be held shut by Provider staff, but not locked at any time. (b) Persons shall remain in Time-out Rooms no more than 2 hours per occurrence. (c) Provider staff shall monitor Persons in a Time-out Room visually and auditorially on a continual basis. Staff shall document ongoing observation of the Person while in the Time-out Room at least every fifteen minutes. (12) Time-out Rooms shall be used only upon the occurrence of problems previously identified in the Behavior Support Plan.~~

~~R539-4-5. Review and Approval Process. (1) The Behavior Peer Review Committee shall review and approve the Behavior Support Plan annually. The plan may be implemented prior to the Behavior Peer Review Committee's review; however the review and approval must be completed within 60 calendar days of implementation. (2) The Behavior Peer Review Committee's review and approval process shall include the following: (a) A confirmation that appropriate Positive Behavior Supports, including Level I Interventions, were fully implemented and revised as needed prior to the implementation of Level II or Level III Interventions. (b) Ensure the technical adequacy of the Functional Behavior Assessment and Behavior Support Plan based on principles from the fields of Positive Behavior Supports and applied behavior analysis. (c) Ensure plans are in place to attempt reducing the use of intrusive interventions.~~

~~(d) Ensure that staff training and plan implementation are adequate. (3) The Provider Human Rights Committee shall approve Behavior Support Plans with Level II and Level III Interventions annually. Review and approval shall focus on rights issues, including consent and justification for the use of intrusive interventions. (4) The State Behavior Review Committee must consist of at least three members, including representatives from the Division, Provider, and an independent professional having a recognized expertise in Positive Behavior Supports. The Committee shall review and approve the following: (a) Behavior Support Plans that include Time-out Rooms, Mechanical Restraints or Highly Noxious Stimuli. (b) Behavior Support Plans that include forms of Manual Restraint or Exclusionary Time-out used for long-term behavior change and not used in response to an emergency situation. (c) Behavior Support Plans that include manual restraint not outlined in Mandt, PART, SOAR, Safety Care, or CPI training programs. (5) The Committee shall determine the time-frame for follow-up review. (6) Behavior Support Plans shall be submitted to the Division's state office for temporary approval prior to implementation pending the State Behavior Review Committee's review of the plan. (7) Families participating in Self-Administered Services may seek State Behavior Review Committee recommendations, if desired. DHS90743 Contract Scope of Work Within 30 days of hire, provider employees must be trained in "[t]he use of positive behavior supports as a first response in behavioral crisis prevention and intervention in accordance with Utah Administrative Code, Rule R539-4." Documentation Requirements Use of Emergency Behavioral Interventions as defined by R539-4-6 and use of restraints or a seclusion room, even when identified in the Person's Behavior Support Plan must be reported as a Level III~~

State:	
Effective Date	

Appendix G: Participant Safeguards

HCBS Waiver Application Version 3.6

~~Incident. Human rights violations that include unauthorized use of physical, mechanical, or chemical restraints, seclusion rooms, and infringement of personal privacy rights experienced by the Person that would otherwise require a human rights review process must be reported as a Level I Critical Incident. Providers must submit notification of an incident within 24 hours of discovery to the support coordinator and the person's guardian. Notification to the support coordinator is made through the Utah Provider Interface (UPI). A detailed report must be completed in UPI within 5 days of discovery. All eight elements for modifications, as described in the Settings Rule, will be addressed in the person-centered plan. Answers for each element must be documented in the plan for each modification. The plan requires signed informed consent prior to activation.~~

- ii. **State Oversight Responsibility.** Specify the state agency (or agencies) responsible for overseeing the use of seclusion and ensuring that state safeguards concerning their use are followed and how such oversight is conducted and its frequency:

The SMA monitors the use of seclusion during formal reviews and also when reviewing critical incident notifications. The SMA reviews participant records and conducts interviews with providers and participants to determine if all incidents of seclusion have been reported and appropriately administered. Behavior Support Plans are also reviewed to determine if the use of seclusion has been appropriately addressed in the plan ~~including safeguards that address the health and welfare of the participant and that the Human Rights Committee has appropriately reviewed and approved the use of seclusion.~~ The SMA has established a Critical Incident/Event Notification system that requires the operating agency to notify the SMA of any serious incidents. The SMA reviews, on an ongoing basis, 100% of the use of seclusion that is reported as part of critical incident notifications.

The operating agency has the day- to- day responsibility to assure that appropriate procedures are followed regarding the implementation of the use of seclusion. All uses of time-out rooms are recorded on incident reports and are reviewed at least monthly by support coordinators. ~~The Provider Human Rights Committee reviews all emergency seclusion use.~~ All programmatic use of time-out rooms is reviewed and approved annually by the participant's PCSP team ~~and~~ Provider Behavior Peer Review, ~~and Provider Human Rights Committee.~~ All programmatic use of time-out rooms is also summarized in provider's Behavior Consultation Service Progress Notes and reviewed at least monthly by Support Coordinators.

The SMA actively participates in the immediate oversight of Level 1 incidents and quarterly review of Level 2 incidents ~~ss and has a standing member on the OA's Human Rights Council.~~

Unauthorized use, overuse, or inappropriate/ineffective use of seclusion must be reported through the critical incident process. Incidents of this nature are considered level one critical incidents, requiring investigation by the SMA to ensure development and implementation of prevention strategies, support coordinator follow-up, and State requirements are followed. Additionally, support coordinator monthly contact addresses any suspicion of abuse, neglect, or exploitation. Support coordinators are mandatory reporters and therefore must report any suspicion of abuse, neglect, or exploitation to Adult Protective Services, Child Protective Services, and other authorities as appropriate. Constituent Services within both the SMA and the OA will accept any report of abuse,

State:	
Effective Date	

Appendix G: Participant Safeguards

HCBS Waiver Application Version 3.6

neglect, exploitation including unauthorized use, overuse, or inappropriate/ineffective use of restraints. Finally, the support coordinator is responsible to review any human rights restriction plans for the individuals they serve to assure the health and welfare of the individual and ensure their human rights are protected.

The OA compiles and analyzes critical incident data at a minimum of quarterly in order to prevent re-occurrence of similar incidents. Critical incident trends are identified for systemic intervention, and targeted improvement strategies are implemented by the OA. Improvement strategies can include interventions targeted toward specific providers, identified provider types, individuals in services, or select groups based on demographics such as regional location, gender, age, sexual orientation; among others. The Quality Improvement Committee which is composed of representatives from the SMA, the Division of Services for People with Disabilities, the Office of Quality and Design, and the Division of Licensing reviews critical incident data and associated improvement strategies at a minimum of quarterly and provides support for collaborative inter-agency improvement strategy implementation. The SMA receives quarterly reports on critical incident data, trends, and prevention strategies.

Appendix G-3: Medication Management and Administration

This Appendix must be completed when waiver services are furnished to participants who are served in licensed or unlicensed living arrangements where a provider has round-the-clock responsibility for the health and welfare of residents. The Appendix does not need to be completed when waiver participants are served exclusively in their own personal residences or in the home of a family member.

a. Applicability. Select one:

<input type="radio"/>	No. This Appendix is not applicable <i>(do not complete the remaining items)</i>
<input checked="" type="radio"/>	Yes. This Appendix applies <i>(complete the remaining items)</i>

b. Medication Management and Follow-Up

i. Responsibility. Specify the entity (or entities) that have ongoing responsibility for monitoring participant medication regimens, the methods for conducting monitoring, and the frequency of monitoring.

Entities With Responsibility for Monitoring:

1. Providers for the services Residential Habilitation, Supported Living, Day Supports, Personal Assistance, Professional Medication Monitoring, Respite, and Extended Living Supports, may have day-to-day ongoing responsibility for monitoring participant medication regimens. Providers must ensure staff are competent in specific areas of medication assistance that are outlined in the Provider Contract.
2. DSPD performs ongoing monitoring and follow up activities related to medication errors/incidents. DSPD Contract Analysts, Support Coordinators and Supervisors monitor provider staff competency and training requirements.
3. The State Medicaid Agency (SMA) has ongoing authority and responsibility to oversee and monitor medication incidents and serious issues. The SMA conducts Quality Assurance Reviews to evaluate provider performance measures related to medications. The SMA reviews and approves medication monitoring policies and procedures developed by DSPD.

Methods for Conducting Monitoring:

1. Providers are required to train all applicable staff in medication assistance procedures. Training records are maintained to verify compliance. Providers are required to perform quality assurance activities and improvements which may include medication record reviews.
2. DHHS/OSR certifies new providers before contracting for services. Medication training and competency is part of the certification process. DHHS/OSR also conduct regular contract reviews to verify provider compliance with medication training and competency. OSR conducts ad hoc monitoring of providers when complaints are made to ensure competence and adherence to contract expectations. ~~Psychotropic medications, which require a Psychotropic Medication Plan, are monitored through the DSPD Human Rights Committee. The committee determines appropriateness of the Psychotropic Medication Plan, and reviews any human rights restrictions.~~
3. The SMA conducts Quality Assurance Reviews which include Performance Measures to monitor provider compliance with medication management, including psychotropic medications. When adverse practices are discovered, a remediation is cited in the review which requires DHHS/~~OSR~~~~DSPD~~ to provide a plan of correction.

Appendix I-1: 1

State:	
Effective Date	

Appendix I: Financial Accountability

HCBS Waiver Application Version 3.6

Frequency of Monitoring:

1. Providers must train all new staff in medication competencies within 30 days of employment. The provider and provider's staff must demonstrate medication competency as stated in the contractual agreement.
2. DHHS/~~OSR~~~~DSPD~~ conduct regular contract reviews ~~are completed regularly annually~~ for each provider. Medication competency is reviewed as part of this process. OSR conducts ad hoc reviews for a percentage of providers on an annual basis to review medication competency. ~~The DSPD Human Rights Committee hears appeals for behavior modifying medication issues as they arise. The Support coordinators review any Psychotropic Medication Plans and Human Rights Policies with participants annually.~~
3. The SMA conducts Quality Assurance Reviews at a minimum of every two years to determine compliance with medication. The SMA also responds to serious complaints or incidents that may involve medication issues on an on-going basis.

Scope of monitoring:

1. All participants' health and medication needs are reviewed annually by the support coordinator, providers, participant, family, and any other support team members, as part of the Person Centered Planning Process.
2. Participants that require testing and nursing services necessary to provide medication management may receive the Professional Medication Monitoring Service which includes regularly scheduled periodic visits by a nurse.

- ii. **Methods of State Oversight and Follow-Up.** Describe: (a) the method(s) that the state uses to ensure that participant medications are managed appropriately, including: (a) the identification of potentially harmful practices (e.g., the concurrent use of contraindicated medications); (b) the method(s) for following up on potentially harmful practices; and (c) the state agency (or agencies) that is responsible for follow-up and oversight.

Methods used to ensure participant medications are managed appropriately

(a.) The identification of potentially harmful practices:

- Providers perform ongoing monitoring of self-directed self-administrated medication management by showing compliance with the contractual agreement of staff medication competencies.
- DHHS places a contractual obligation on its providers who participate in the supervised self-directed self-administration of waiver enrollee medications to utilize "blister-pack" medication packaging from licensed pharmacies whenever possible. The licensed pharmacy plays a role in monitoring medications for potentially harmful practices.
- Periodic monitoring of participant health and welfare is performed by the support coordinator.
- DHHS/OSR contract analyst reviews staff medication competencies through regular reviews.
- DHHS/OSR compiles and analyzes incident report data that includes medication errors.
- The SMA conducts Quality Assurance Reviews which include medication performance measures.

(b.) The method for following up on potentially harmful practices

- Notification of incidents (including medication errors) is required per contractual agreement to be submitted by the Provider to the DSPD support coordinator within 24 hours. A written incident report must be submitted within 5 days.

Appendix I-1: 2

State:	
Effective Date	

- Each participant's record must contain a list of possible reactions and precautions for medications.
 - The Provider must notify a licensed health care professional when medication errors occur.
 - Medication errors must be incorporated into the QA process for that provider.
 - Training is provided per Provider Contract on: types of errors to report, who to report errors to and how errors are followed up.
- (c.) The State agency that is responsible for follow up and oversight.
- Providers are contractually obligated to furnish incident reports to DHHS/DSPD regarding medication errors and these reports are reviewed by both the DHHS Office of Licensing.
 - The SMA receives an annual Incident Report Summary from DSPD, ~~which include an analysis of medication errors by Providers.~~

c. Medication Administration by Waiver Providers

i. Provider Administration of Medications. Select one:

<input type="radio"/>	Not applicable (<i>do not complete the remaining items</i>)
<input checked="" type="radio"/>	Waiver providers are responsible for the administration of medications to waiver participants who cannot self-administer and/or have responsibility to oversee participant self-administration of medications. (<i>complete the remaining items</i>)

ii. State Policy. Summarize the state policies that apply to the administration of medications by waiver providers or waiver provider responsibilities when participants self-administer medications, including (if applicable) policies concerning medication administration by non-medical waiver provider personnel. State laws, regulations, and policies referenced in the specification are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

[Utah Nurse Practice Act](#)
[DSPD Provider Contract/DSPD Service Descriptions](#)

~~Day treatment is governed by Utah Administrative Code 501-20-10:
 A. Prescriptive medication shall be provided as prescribed by a qualified person according to the Medical Practices Act.
 B. The program shall have locked storage for medication.
 C. The program shall have written policy and procedure to include the following:
 1. self-administered medication;
 2. storage,
 3. control, and
 4. release and disposal of drugs in accordance with federal and state regulations.~~

~~Skilled nursing tasks may be delegated by a licensed nurse as established by the Utah Code 58-31b, Nurse Practice Act and corresponding Administrative Rule R156-31b. A licensed nurse retains accountability for delegated tasks. A nurse may delegate appropriate tasks in~~

State:

HCBS Waiver Application Version 3.6

~~accordance with R156-31b-701. For all HCBS settings, the standards in Section R156-31b-701 apply.~~

~~In accordance with the DHS Scope of Work for agency providers:~~

~~If the Contractor will support Persons in their self-directed, self-administration of prescription medication, the Contractor shall ensure that its policies and procedures address the following:~~

- ~~(1) Ensure medications are properly stored according to the Person's needs and capabilities, as determined by the Person's PCPT;~~
- ~~(2) Prevention of theft and abuse of medication;~~
- ~~(3) Training and explanation to the Person regarding the prescribed medication indication, the correct dose, how to properly administer the medicine, and the schedule for taking the medication according to the prescription and directions of the health care professional;~~
- ~~(4) Supervision of the Person while the Person takes their medication, according to their needs; and~~
- ~~(5) That the staff that observes or assists the Person with medication documents the following in the Person's record: time and date the medication was taken; name of the medication taken; reason the medication was taken if the medication is an "as needed" ("PRN") medication; the route the medication was administered; and the staff that observed the medication administration.~~

~~e. If the Contractor provides Residential Habilitation Services ("RHS"), Professional Parent Supports ("PPS") or Host Home Supports ("HHS"), or otherwise has primary responsibility for the Person's medication, the Contractor shall ensure that its policies and procedures also address the following:~~

- ~~(1) The Person's prescription medication must be packaged and dispensed to the Person by a licensed pharmacy using dose packaging when such packaging is available. If dose packaging is not available, the Contractor may provide medication supports with medication that is dispensed in the original and lawful packaging of the medication with prior written approval from the DSPD Director or designee;~~
- ~~(2) Disposal of medications;~~
- ~~(3) Process to ensure the transfer of prescription medication for services provided to the Person by a school or another service provider;~~
- ~~(4) Provisions to report or address the discovery of any prescribed medication errors. Medication errors include a suspected or actual missed dose and misadministration of medication, including taking medication at the wrong time when timing is important in the proper administration of the medicine; and~~
- ~~(5) Enhanced process for monitoring the dispensing, tracking, and written documentation in Person's medical data sheet of Schedule II-IV medication under Title II of the Comprehensive Drug Abuse Prevention and Control Act of 1970, U.S.C. Title 21, Chapter 13, Subchapter I, Part I, Part B § 812, such as Benzodiazepines, Opiates, and PRN medication. The enhanced process for monitoring must include provisions for ensuring the medication count is accurate, and for theft and abuse prevention.~~

~~d. If the Contractor will support Persons in their self-directed, self-administration of prescription medication, the Contractor shall ensure that the Person's record includes: the name and purpose of each medication the Person is taking; instruction regarding routes of administration and dosage for each medication the Person is taking; medication adversities, side effects, and indications of an effect or adverse reaction for each medication, including if there is a possibility that medication taken may contribute to swallowing difficulties or enhance the prospects of choking; and documentation of compliance with medication administration requirements.~~

Appendix I: Financial Accountability

HCBS Waiver Application Version 3.6

~~In accordance with R539-5-5 SAS Employee Requirements~~

~~(3) (SAS) Employees must complete the following prior to working with the Person and receiving payment from the Fiscal Agent:~~

~~(g) Complete any screenings and trainings necessary to provide for the health and safety of the Person (i.e., training for any specialized medical needs of the Person).~~

~~Under Utah Administrative Code 501-1-2(9) the following is considered a critical incident and must be reported by all contracted providers in accordance with critical incident requirements:~~

~~(n) medication errors resulting in impact on client's well-being, medical status or functioning;~~

Appendix I-1: 5

State:	
Effective Date	

iii. Medication Error Reporting. *Select one of the following:*

<input checked="" type="checkbox"/>	<p>Providers that are responsible for medication administration are required to both record and report medication errors to a state agency (or agencies). <i>Complete the following three items:</i></p>
	<p>(a) Specify state agency (or agencies) to which errors are reported:</p> <p>Under Utah Administrative Code 501-1-2-9 Critical incident means an occurrence that involves: (n) medication errors resulting in impact on client's well-being, medical status or functioning. <u>All medication errors are reported to the Division of Services for People with Disabilities</u> <u>Medication errors considered to be critical incidents are reported to the SMA.</u></p>
	<p>(b) Specify the types of medication errors that providers are required to <i>record</i>:</p> <p>Providers must record medication errors including: wrong dose, wrong time, wrong route, and wrong medication or missed medication.</p>
	<p>(c) Specify the types of medication errors that providers must <i>report</i> to the state:</p> <p>Any Medication error that occurs will be reported on an incident report form and will be reported to the support coordinator and the provider director or designee. The employee must notify the support coordinator and representative within 24 hours of the development of any apparent medical need for the person. Medication overdoses or medication errors reasonably requiring medical intervention must be reported to the DHHS Office of Licensing by the provider within 24 hours.</p>
<input type="checkbox"/>	<p>Providers responsible for medication administration are required to record medication errors but make information about medication errors available only when requested by the state.</p> <p>Specify the types of medication errors that providers are required to record:</p>

iv. State Oversight Responsibility. Specify the state agency (or agencies) responsible for monitoring the performance of waiver providers in the administration of medications to waiver participants and how monitoring is performed and its frequency.

~~DSPD compiles an annual incident report which includes medication errors reported by providers. DHHS/OSR DSPD Contract Analyst reviews each provider biannually on an annual basis, identifies problems with medication management and requires follow-up remediation actions and quality improvement activities if the problem is systemic.~~

DHHS/OSR performs Ad Hoc reviews that may identify medication management problems, which require follow-up by the provider and incorporation into their quality assurance program.

The SMA receives the findings from the above monitoring activities on an on-going basis and as an annual report.

State:	
Effective Date	

The SMA has established an on-going Critical Incident Notification system that requires DSPD to notify the SMA of any serious incidents.

~~DHHS staff review all client files annually, and compare incidents discovered through this method to incident reports filed in the DHHS database. Violations of failure to report are issued when noted.~~

Quality Improvement: Health and Welfare

As a distinct component of the state’s quality improvement strategy, provide information in the following fields to detail the state’s methods for discovery and remediation.

a. Methods for Discovery: Health and Welfare

The state demonstrates it has designed and implemented an effective system for assuring waiver participant health and welfare. (For waiver actions submitted before June 1, 2014, this assurance read “The state, on an ongoing basis, identifies, addresses, and seeks to prevent the occurrence of abuse, neglect and exploitation.”)

i. Sub-assurances:

a. Sub-assurance: The state demonstrates on an ongoing basis that it identifies, addresses and seeks to prevent instances of abuse, neglect, exploitation and unexplained death. (Performance measures in this sub-assurance include all Appendix G performance measures for waiver actions submitted before June 1, 2014.)

i. Performance Measures

For each performance measure the state will use to assess compliance with the statutory assurance complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the state to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:	Number and percentage of incidents involving abuse, neglect, exploitation and unexpected death of waiver participants where recommended actions to protect health and welfare were implemented.
-----------------------------	---

Appendix I-1: 7

State:	
Effective Date	

Appendix I: Financial Accountability
HCBS Waiver Application Version 3.6

The numerator is the total number of reported incidents where recommended actions to protect health and welfare were implemented; the denominator is the total number of incidents requiring safeguards.

Data Source (Select one) (Several options are listed in the on-line application):

If 'Other' is selected, specify:

Incidents reports

	Responsible Party for data collection/generation (check each that applies)	Frequency of data collection/generation : (check each that applies)	Sampling Approach (check each that applies)
	X State Medicaid Agency	<input type="checkbox"/> Weekly	X 100% Review
	X Operating Agency	<input type="checkbox"/> Monthly	<input type="checkbox"/> Less than 100% Review
	<input type="checkbox"/> Sub-State Entity	<input type="checkbox"/> Quarterly	<input type="checkbox"/> Representative Sample; Confidence Interval =
	<input type="checkbox"/> Other Specify:	X Annually

b. Sub-assurance: The state demonstrates that an incident management system is in place that effectively resolves those incidents and prevents further similar incidents to the extent possible.

For each performance measure the state will use to assess compliance with the statutory assurance (or sub-assurance), complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the state to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:	Number and percentage of quarterly critical incident reports submitted to the SMA which demonstrate how incident data are collected, compiled, and used to prevent re-occurrence. The numerator is the number of reports which demonstrate how incident data are collected, compiled, and used to prevent re-occurrence; the denominator is the total number of reports required.		
Data Source (Select one) (Several options are listed in the on-line application):			
If 'Other' is selected, specify:			
Participant records, Participant Support plans, Participant interviews and Provider interviews			
	Responsible Party for data collection/generation (check each that applies)	Frequency of data collection/generation : (check each that applies)	Sampling Approach (check each that applies)

- ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the state to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

Referrals are made to Adult Protective Services and/or law enforcement according to State laws. Prevention strategies are developed and implemented, when abuse, neglect, or exploitation are reported. Health and welfare needs are addressed and steps are taken to resolve concerns in a timely manner and are documented in the record. In most cases face to face visits are conducted to verify that concerns are resolved. When a critical incident occurs at a provider location, the provider must notify the support coordinator within twenty-four hours of the discovery of the occurrence. In addition, when an incident occurs at a provider location, providers must document the details of the incident on Form 1-8 and submit this form to the Support Coordinator within five business days of the discovery of the incident. The SMA Quality Assurance Team conducts monitoring when notified by DHHS/DSPD of a level one critical incident or event.

~~DHHS/DSPD conducts reviews of each provider every other year to assure and evaluate the provider's Quality Improvement Plan, which includes incident reporting and Human Rights Plans. When a fatality occurs, the Fatality Review Committee reviews the death and submits a written report to the DSPD director. If follow up is required, DSPD and the Director submit a report commenting on the findings and recommendations to the Fatality Review Committee within 15 working days. This report includes an action plan to implement recommended improvements. The DSPD Director is responsible for ensuring the recommendations are implemented.~~

DHHS/OSR and DSPD conduct reviews of each provider every other year to assure and evaluate the provider's Quality Improvement Plan, which includes incident reporting and Human Rights Plans. When a fatality occurs, the Fatality Review Committee reviews the death and submits a written report to the DSPD director. If recommendations are identified, DHHS Director submits a report commenting on the findings and recommendations to the Fatality Review Committee within 30 calendar days. This response will include an action plan to implement recommended improvements. The DSPD Director is responsible for ensuring the recommendations are implemented.

The **OASMA** conducts an annual review of the CSW program for each of the five waiver years. At a minimum one comprehensive review will be conducted during this five year cycle. The other annual reviews will be focused reviews. The criteria for the focused reviews will be determined from DHHS/DSPD and SMA review findings as well as other issues that develop during the review year.

State:	
Effective Date	

b. Methods for Remediation/Fixing Individual Problems

i. Describe the state’s method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the state to document these items.

Individual issues identified that affect the health and welfare of individual participants/recipients are addressed immediately. These issues are addressed in a variety of ways, and may include: a) direct contact for additional information if any, and b) informal discussion or formal (written) notice of adverse findings. The SMA will use discretion in determining notice requirements depending on the findings. Examples of issues requiring intervention by the SMA would include: overpayments; allegations or substantiated violations of health and safety; necessary involvement of APS and/or local law enforcement; or issues involving the State’s Medicaid Fraud Control Unit or Office of Inspector General.

ii. Remediation Data Aggregation

	Responsible Party <i>(check each that applies):</i>	Frequency of data aggregation and analysis <i>(check each that applies)</i>
	<input checked="" type="checkbox"/> State Medicaid Agency	<input type="checkbox"/> Weekly
	<input checked="" type="checkbox"/> Operating Agency	<input type="checkbox"/> Monthly

HCBS Waiver Application Version 3.6

Please provide a detailed strategy for assuring Health and Welfare, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

Appendix I-1: 15

State:	
Effective Date	

Appendix H: Quality Improvement Strategy

Under §1915(c) of the Social Security Act and 42 CFR §441.302, the approval of an HCBS waiver requires that CMS determine that the state has made satisfactory assurances concerning the protection of participant health and welfare, financial accountability and other elements of waiver operations. Renewal of an existing waiver is contingent upon review by CMS and a finding by CMS that the assurances have been met. By completing the HCBS waiver application, the state specifies how it has designed the waiver's critical processes, structures and operational features in order to meet these assurances.

- Quality Improvement is a critical operational feature that an organization employs to continually determine whether it operates in accordance with the approved design of its program, meets statutory and regulatory assurances and requirements, achieves desired outcomes, and identifies opportunities for improvement.

CMS recognizes that a state's waiver Quality Improvement Strategy may vary depending on the nature of the waiver target population, the services offered, and the waiver's relationship to other public programs, and will extend beyond regulatory requirements. However, for the purpose of this application, the state is expected to have, at the minimum, systems in place to measure and improve its own performance in meeting six specific waiver assurances and requirements.

It may be more efficient and effective for a Quality Improvement Strategy to span multiple waivers and other long-term care services. CMS recognizes the value of this approach and will ask the state to identify other waiver programs and long-term care services that are addressed in the Quality Improvement Strategy.

Appendix I-1: 16

State:	
Effective Date	

Quality Improvement Strategy: Minimum Components

The Quality Improvement Strategy that will be in effect during the period of the approved waiver is described throughout the waiver in the appendices corresponding to the statutory assurances and sub-assurances. Other documents cited must be available to CMS upon request through the Medicaid agency or the operating agency (if appropriate).

In the QIS discovery and remediation sections throughout the application (located in Appendices A, B, C, D, G, and I), a state spells out:

- The evidence based discovery activities that will be conducted for each of the six major waiver assurances; and
- The remediation activities followed to correct individual problems identified in the implementation of each of the assurances.

In Appendix H of the application, a state describes (1) the *system improvement* activities followed in response to aggregated, analyzed discovery and remediation information collected on each of the assurances; (2) the correspondent *roles/responsibilities* of those conducting assessing and prioritizing improving system corrections and improvements; and (3) the processes the state will follow to continuously *assess the effectiveness of the QIS* and revise it as necessary and appropriate.

If the state's Quality Improvement Strategy is not fully developed at the time the waiver application is submitted, the state may provide a work plan to fully develop its Quality Improvement Strategy, including the specific tasks the state plans to undertake during the period the waiver is in effect, the major milestones associated with these tasks, and the entity (or entities) responsible for the completion of these tasks.

When the Quality Improvement Strategy spans more than one waiver and/or other types of long-term care services under the Medicaid state plan, specify the control numbers for the other waiver programs and/or identify the other long-term services that are addressed in the Quality Improvement Strategy. In instances when the QMS spans more than one waiver, the state must be able to stratify information that is related to each approved waiver program. Unless the state has requested and received approval from CMS for the consolidation of multiple waivers for the purpose of reporting, then the state must stratify information that is related to each approved waiver program, i.e., employ a representative sample for each waiver.

Appendix I-1: 17

State:	
Effective Date	

H.1 Systems Improvement

a. System Improvements

- i. Describe the process(es) for trending, prioritizing and implementing system improvements (i.e., design changes) prompted as a result of an analysis of discovery and remediation information.

Trending is accomplished as part of the SMA annual waiver review for each performance measure that is assessed that year. Graphs display the percentage of how well the performance measures are met for each fiscal year. Graphs from the previous years are presented side by side with the current year's results, thus allowing for tracking and trending of performance measures. After a three-year cycle of reviews (and annually thereafter), the performance measures will be analyzed to determine if, over time, a negative trend has occurred and if a systems improvement will address the problem. System improvement initiatives may be prioritized based on several factors including the health and welfare of participants, financial considerations, the intensity of the problem and the other performance measures relating to assurance being evaluated.

Additionally, a Quality Improvement Committee which includes representation from the SMA, the Division of Services for People with Disabilities, the Office of Quality and Design, and the Division of Licensing meets at least monthly to review discovery and remediation information, analyze that information, recommend system improvements, and analyze the effectiveness of the improvement initiatives. The Committee may generate or request quality improvement reports to monitor outcomes, evaluate the effectiveness of process and system improvements, and track and trend performance measures. Quality improvement reports which include the above information are compiled at a minimum of quarterly, more frequently as necessary, or in accordance with the Quality Improvement Plan for any performance measure with a rate of compliance below 86%. The Committee maintains an accountability tracker to assure designated research and reporting tasks assigned to each agency are completed as required.

ii. System Improvement Activities

Responsible Party (<i>check each that applies</i>):	Frequency of monitoring and analysis (<i>check each that applies</i>):
<input checked="" type="checkbox"/> State Medicaid Agency	<input type="checkbox"/> Weekly
<input checked="" type="checkbox"/> Operating Agency	<input type="checkbox"/> Monthly
<input type="checkbox"/> Sub-State Entity	<input type="checkbox"/> Quarterly
<input checked="" type="checkbox"/> Quality Improvement Committee	<input checked="" type="checkbox"/> Annually
<input type="checkbox"/> Other Specify:	<input checked="" type="checkbox"/> Other Specify:
	<i>Third year of waiver operation</i>

b. System Design Changes

Appendix I-1: 18

State:	
Effective Date	

- i. Describe the process for monitoring and analyzing the effectiveness of system design changes. Include a description of the various roles and responsibilities involved in the processes for monitoring & assessing system design changes. If applicable, include the state’s targeted standards for systems improvement.

The SMA will establish a Quality Improvement Committee consisting of the SMA Quality Assurance Team, the DSPD waiver manager, the DSPD Quality Team, the Office of Service Review~~Office of Quality and Design~~, and the Division of Licensing and Background Checks, among others. The team will meet to assess the results of the systems design changes. The success of the systems changes will be based on criteria that must be met to determine that the change has been accomplished and also criteria that will determine that the systems change has been sustained or will be sustained. The Quality Improvement Committee will determine the sustainability criteria. Results of system design changes will be communicated to participants and families, providers, agencies and others through the Medicaid Information Bulletin, and the DSPD web site, ~~and DSPD Board Meetings~~.

The Quality Improvement Committee utilizes data from quarterly and/or annual quality improvement reports to review findings and inform the development of any necessary Quality Improvement Plans. System improvement initiatives may be prioritized based on several factors including the health and welfare of participants, financial considerations, the intensity of the problem and the other performance measures relating to assurance being evaluated. All members of the Quality Improvement Committee can support the development of strategies to improve outcomes; action items are assigned to appropriate agency representatives in the accountability tracker to ensure research is conducted and strategies are fully developed in accordance with Committee timelines and expectations. The Committee assesses the effectiveness of system improvements through the review of quality improvement reports at a minimum of quarterly, more frequently as necessary, or in accordance with the Quality Improvement Plan for any performance measure with a rate of compliance below 86%.

- ii. Describe the process to periodically evaluate, as appropriate, the Quality Improvement Strategy.

The Quality Improvement Strategy is a dynamic document that is continuously evaluated each year by the SMA’s quality management team. The team evaluates the data collection process and makes changes as necessary to allow for accurate data collection and analysis. In addition, the Quality Improvement Committee will evaluate the QIS after the third year of the waiver operation. This committee will meet to discuss the elements of the QIS for each assurance, the findings relative to each performance measure and the contributions of all parties that conduct quality assurance of the CSW waiver. Improvements to the QIS will be made at this time and submitted in the following waiver renewal application.

APPENDIX I-1: Financial Integrity and Accountability

Financial Integrity. Describe the methods that are employed to ensure the integrity of payments that have been made for waiver services, including: (a) requirements concerning the independent audit of provider agencies; (b) the financial audit program that the state conducts to ensure the integrity of provider billings for Medicaid payment of waiver services, including the methods, scope and frequency of audits; and, (c) the agency (or agencies) responsible for conducting the financial audit program. State laws, regulations, and policies referenced in the description are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

The agency will assure financial accountability for funds expended for home and community-based services, provide for an independent audit of its waiver program (except as CMS may otherwise specify for particular waivers), and it will maintain and make available to HHS, the Comptroller General, or other designees, appropriate financial records documenting the cost of services provided under the waiver, including reports of any independent audits conducted. Beyond state and federal laws regarding the submission of independent audits, the State does not require providers to have an independent audit.

The State conducts a single audit in conformance with the Single Audit Act of 1984, Public Law 98-502. The single state audit will be completed by the State Auditor or his designee.

DIVISION OF SERVICES FOR PEOPLE WITH DISABILITIES ROLE AND PROVIDER CONTRACTING REQUIREMENT

The Department of Health and Human Services (DHHS), through the Division of Services for People with Disabilities (DSPD) and the DHHS Office of Service Review (OSR), is the designated State agency responsible for planning and developing an array of services and supports for persons with disabilities living in Utah. State statute 62A-5-103, 1953 as amended, sets forth DSPD's authority and responsibility to:

1. Plan, develop and manage an array of services and supports for individuals with disabilities;
2. Contract for services and supports for persons with disabilities;
3. Approve, monitor and conduct certification reviews of approved providers; and
4. Develop standards and rules for the administration and operation of programs operated by or under contract with DSPD.

In accordance with DSPD's lead role and designated responsibilities, monies allocated for services for persons with disabilities are appropriated by the State Legislature to DSPD which in turn contracts with public and private providers for the delivery of services. To assure the proper accounting for State funds, DSPD enters into a written State contract with each provider. This State-specific requirement applies regardless of whether: 1) the State funds are used for State-funds only programs or are used to draw down FFP as part of a 1915(c) HCBS Waiver program, or 2) the target population includes Medicaid-eligible citizens. The State contract is the sole responsibility of, and is managed by, DSPD's parent agency, the Department of Health and Human Services.

Appendix I-1: 26

State:	
Effective Date	

In the case where a portion of the annual Legislative appropriation is designated for use as State matching funds for the Medicaid 1915(c) HCBS Waiver described herein, DSPD certifies to the State Medicaid Agency (SMA), through an interagency agreement, that the State funds will transfer to the Division of Integrated Health (DIH) in the amount necessary to reimburse the State match portion of projected Medicaid expenditures paid through the PRISM system for waiver services.

As a result of the State's organizational structure described above:

1. All providers participating in this 1915(c) HCBS PD Waiver must: a) Fulfill the DSPD State contracting requirement as one of the waiver provider qualifications related to compliance with State law, and b) agree to bill PRISM directly or voluntarily reassign payment to DHHS/DSPD.
2. ~~The State Medicaid Agency reimburses DSPD for any interim payments that are made for legitimate waiver service claims during the time the clean claim is being processed through PRISM the MMIS system.~~
3. ~~The State Medicaid Agency receives from DSPD the State matching funds associated with the waiver expenditures prior to the State Medicaid Agency's drawing down Federal funds.~~
4. The State Medicaid Agency approves all proposed rules, policies and other documents related to 1915(c) waivers prior to adoption by the DSPD policy board.

SMA ROLE AND PROVIDER CONTRACT REQUIREMENT

The SMA, in fulfillment of its mandated authority and responsibilities related to the 1915(c) HCBS waiver programs, retains responsibility for negotiating a Medicaid Provider Agreement with each provider of waiver services. Unlike the DSPD State contract required of all providers of services to persons with disabilities who receive State monies, the Medicaid Provider Agreement is specific to providers of Medicaid funded services.

DHHS/DSPD requires submission of all mandatory State Audit requirements imposed on contracted providers by the State Auditor's Office. This information is a requirement of the contract entered into by DSPD and the provider.

During annual contract reviews, the DHHS Office of Service Review (OSR) team reviews 100% of provider contracts [over a two year period](#). A component of the reviews includes a review of payment histories and the documentation to support those payments. This ensures the services were received and the correct payment was made. Through the review of Financial Management Services providers, Personal Attendants are verified to meet the minimum requirements under the waiver.

The Office of Service Review at DHHS selects two months of data during the past year and compares claims data with supporting documentation at the provider site (attendance records, time sheets, progress notes, etc.) for each client in the sample. If the reviewer notes inconsistencies, an expanded review may be completed. This may involve the expansion of the date range of information for a particular client, or additional clients to be added to the sample. As part of provider reviews, while 100% of providers are reviewed, 10% of the participants served by that provider are reviewed. The claims belonging to the specific provider, for that participant will be reviewed.

Review results are communicated to providers through a draft report of findings. The provider is then given an opportunity to supply evidence to refute the findings cited. Should evidence be supplied, it is considered by the OSR prior to a final report being completed.

When overpayments or other ineligible claims are identified by the OSR, the OSR works with the SMA to return overpayment. The SMA receives the results of all audits performed including the

Appendix I-1: 27

State:	
Effective Date	

initial presentation of findings to providers (which may include the identification of ineligible or overpayments). These communications include instructions for the provider on how they may refute or accept the findings, and in the case of ineligible or overpayments, how they may return funds to the DSPD or appeal the decision. DSPD will reimburse DIH for all collected ineligible or overpayments as a result of the audit.

Providers are required to develop plans of correction when deficiencies are cited. Should a plan of correction be required by the provider, it is reviewed and approved prior to being implemented. During subsequent reviews, verification of items within the plan are reviewed. Should non-compliance continue, an expanded review may be completed, or a more aggressive plan may be required with more frequent reviews.

OSR provider contract reviews are conducted separately from post-payment audits completed by the Medicaid agency.

Entities such as DHHS Internal Audit, State Office of Inspector General (OIG), Federal OIG, Office of Legislative Auditor General, Medicaid Fraud Control Unit, etc. may engage in additional review activities at their discretion.

For providers of Support Coordination Services, Medicaid recipients are contacted by their Support Coordinators monthly to ensure that service delivery has been in accordance with the amount/frequency/duration listed on their support plans. Support Coordinators are then responsible for either allowing provider payments to be processed or identify any questionable requests for payment to the OSR.

JOINT DSPD STATE CONTRACT/SMA PROVIDER AGREEMENT

Upon enrollment into the CSW all participants receiving services through the self-directed services method are informed of their responsibility and sign a letter of agreement to monitor and manage all employee(s) hours and wages. They are required to receive, sign and copy all employee(s) timesheets and submit them to the FMS agent twice a month. The participant is responsible to verify the accuracy of all hours billed by the employee(s).

Each month the Support Coordinator reviews the billing statement and a monthly budget report generated by DSPD.

INTERAGENCY AGREEMENT FOR OPERATIONS AND ADMINISTRATION OF THE HCBS WAIVER

An memorandum of understanding between the DIHSMA and DSPD sets forth the respective responsibilities for the administration and operation of this waiver. The memorandum delineates the DIHSMA's overall responsibility to provide management and oversight of the waiver including review and approval of all waiver related rules and policies to ensure compliance with Medicaid HCBS waiver rules and regulations. The memorandum also delineates DSPD's roles in relation to the statutory responsibilities to develop the State's program for persons with disabilities. The nature of the memorandum enhances provider access to the Medicaid program and quality assurance of services as well as defines the fiscal relationship between the two divisions.

The major components of the agreement are:

1. Purpose and Scope;

Appendix I-1: 28

State:	
Effective Date	

2. Authority;
3. Definitions;
4. Waiver Program Administration and Operation Responsibilities;
5. Claims Processing;
6. Payment for Delegated Administrative Duties (including provisions for State match transfer);
7. Role Accountability and FFP Disallowances; and
8. Coordination of DHS Policy Development as it relates to Implementation of the Medicaid Program.

Electronic Visit Verification (EVV):

Section 12006(a) of the 21st Century Cures Act mandates that states implement Electronic Visit Verification (EVV) for all Medicaid Personal Care Services and Home Health Services that require an in-home visit by a provider. This also applies to similar services delivered under Home and Community-Based Services waiver programs. EVV is required for all personal care services (PCS) and home health services (HHS) under Medicaid. Providers must select their own EVV service vendor and submit EVV records to the state within 3 months of submitting the claim for payment. The state is using a post-payment methodology to verify claims paid compared to EVV records. Each provider is audited annually.

For more information on EVV, visit medicaid.utah.gov/evv. Also see the Administrative Rule R414-522 for details on EVV requirements.

~~In Utah, following consultation with providers, a modified version of the Provider Choice model was selected. In order to validate compliance, the State is using a post-payment methodology to verify claims paid compared to EVV records. Using an approved IAPD, the State will move to more automated processes to compare claims/EVV records and develop exception reports for missing and manual corrections. The current IAPD and State's good faith effort request have a January 1, 2021 anticipated effective date.~~ The following CSW services are or will be subject to EVV requirements:

- Chore Services
- Companion Services
- Family and Individual Training and Preparation Service
- Homemaker
- Massage Therapy
- Personal Assistance
- Respite (Excludes Daily Respite & Session Respite)
- Supported Living

Quality Improvement: Financial Accountability

Appendix I-1: 29

State:	
Effective Date	

As a distinct component of the state’s quality improvement strategy, provide information in the following fields to detail the state’s methods for discovery and remediation.

a. Methods for Discovery: Financial Accountability Assurance

The state must demonstrate that it has designed and implemented an adequate system for ensuring financial accountability of the waiver program. (For waiver actions submitted before June 1, 2014, this assurance read “State financial oversight exists to assure that claims are coded and paid for in accordance with the reimbursement methodology specified in the approved waiver.”)

i. Sub-assurances:

a Sub-assurance: The state provides evidence that claims are coded and paid for in accordance with the reimbursement methodology specified in the approved waiver and only for services rendered. (Performance measures in this sub-assurance include all Appendix I performance measures for waiver actions submitted before June 1, 2014.)

a.i. Performance Measures

For each performance measure the state will use to assess compliance with the statutory assurance complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the state to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:	# & % of recoupments in a rep sample of participants which are identified & processed correctly through PRISM& have an audit trail of the TCN in error showing overpayments are returned to the fed gov within required timeframes. N=total # of recoupments for participants sampled which were identified, processed, & returned correctly; D=total # of recoupments identified in the participant sample.		
Data Source (Select one) (Several options are listed in the on-line application):			
If ‘Other’ is selected, specify:			
Participant Claims Data, SMA QA Review and CMS 64 Report			
	Responsible Party for data collection/generation (check each that applies)	Frequency of data collection/generation : (check each that applies)	Sampling Approach (check each that applies)
	X State Medicaid Agency	<input type="checkbox"/> Weekly	<input type="checkbox"/> 100% Review
	<input type="checkbox"/> Operating Agency	<input type="checkbox"/> Monthly	X Less than 100% Review

- b. Sub-assurance: The state provides evidence that rates remain consistent with the approved rate methodology throughout the five year waiver cycle.**

For each performance measure the state will use to assess compliance with the statutory assurance (or sub-assurance), complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the state to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

State:	
Effective Date	

Performance Measure:	<i>Number and percentage of maximum allowable rates (MARs) for covered Waiver services which are consistent with the approved rate methodology. The numerator is the total number of MARs which are consistent with the approved rate methodology; the denominator is the total number of MARs for covered waiver services.</i>

- ii. *If applicable, in the textbox below provide any necessary additional information on the strategies employed by the state to discover/identify problems/issues within the waiver program, including frequency and parties responsible.*

The ~~DIHSM~~A conducts an annual review of the CSW program for each of the five Waiver years. Due to available resources, at a minimum one comprehensive review will be conducted during this five year cycle. The comprehensive review will include participant and provider interviews. The other annual reviews will be focused reviews. The criteria for the focused reviews will be determined from DSPD and ~~DIHSM~~A review findings as well as other issues that develop during the review year. The sample size for each review will be sufficient to provide a confidence level equal to 95% and a confidence interval equal to 5.

Additional Information on Claims/Participant Sampling:
 Individuals who comprise the representative sample for the purposes of review have the entire support plan period analyzed as part of their review. This is completed in order to assure services meet amount/frequency/duration requirements as stated in the PCSP; that unauthorized billings may be monitored against the individual’s budget; that approved waiver codes/rates were used; and that overpayments can be tracked to ensure FFP is correctly returned.

b. Methods for Remediation/Fixing Individual Problems

- i. *Describe the state’s method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the state to document these items.*

Recoupment of Funds:

- When payments are made for services not identified on the PCSP or payments made exceed the amount on the annual budget: ~~The Medicaid State Agency will require a recoupment of unauthorized~~ are processed back from the provider. All Medicaid payment recoupments are processed in PRISM where the FMAP is returned back to Medicaid. ~~paid claims based upon the Federal Medical Assistance Percentage (FMAP).~~
- ~~—When the amount of payments made exceed the amount identified on the annual budget: The Medicaid State Agency will require a recoupment of unauthorized paid claims based upon the Federal Medical Assistance Percentage (FMAP).~~
- When payments are made for services based on a coding error: The coding error will be corrected by withdrawing the submission of the claim and submitting the correct code for payment.

The recoupment of funds will proceed as follows:

1. OSR sends a recoupment letter to the provider regarding unauthorized billings or overpayments. DSPD Finance processes the recoupment from the provider and submits those in PRISM where the FMAP is

State:	
Effective Date	

- ~~returned back to Medicaid. The State Medicaid Agency will complete a Recoupment of Funds Form that indicates the amount of the recoupment and send it to the Operating Agency.~~
2. For audits conducted outside the OSR, the Operating Agency will review the Recoupment of Funds Form and return the signed form to the State Medicaid Agency.
 3. Upon receipt of the Recoupment of Funds Form, the State Medicaid Agency will submit the recoupment to Medicaid Operations.
 4. Medicaid Operations will reprocess the PRISM claims to reflect the recoupment.
 5. Overpayments are returned to the federal government within 60 days of discovery.

ii. Remediation Data Aggregation

<i>Remediation-related Data Aggregation and Analysis (including trend identification)</i>	<i>Responsible Party (check each that applies)</i>	<i>Frequency of data aggregation and analysis: (check each that applies)</i>
	<input checked="" type="checkbox"/> State Medicaid Agency	<input type="checkbox"/> Weekly
	<input checked="" type="checkbox"/> Operating Agency	<input type="checkbox"/> Monthly
	<input type="checkbox"/> Sub-State Entity	<input type="checkbox"/> Quarterly
	<input type="checkbox"/> Other Specify:	<input type="checkbox"/> Annually
		<input type="checkbox"/> Continuously and Ongoing
		<input checked="" type="checkbox"/> Other Specify:
		OA: At a minimum every two years SMA: At a minimum every five years

c. Timelines

When the state does not have all elements of the Quality Improvement Strategy in place, provide timelines to design methods for discovery and remediation related to the assurance of Financial Accountability that are currently non-operational.

<input checked="" type="radio"/>	No
<input type="radio"/>	Yes

Please provide a detailed strategy for assuring Financial Accountability, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

State:	
Effective Date	

Appendix I: Financial Accountability
HCBS Waiver Application Version 3.6

Appendix I-1: 35

State:	
Effective Date	

APPENDIX I-2: Rates, Billing and Claims

- a. Rate Determination Methods.** In two pages or less, describe the methods that are employed to establish provider payment rates for waiver services and the entity or entities that are responsible for rate determination. Indicate any opportunity for public comment in the process. If different methods are employed for various types of services, the description may group services for which the same method is employed. State laws, regulations, and policies referenced in the description are available upon request to CMS through the Medicaid agency or the operating agency (if applicable).

The following rates are paid based on the invoiced amount for the service:

Environmental Adaptations (Home / Vehicle)
 Living Start-Up Costs
 Personal Emergency Response Systems
 Specialized Medical Equipment
 Non-Medical Transportation (Bus Pass / UTA)
 Respite Care – Session

There are caps on the ‘invoiced charge’ codes and also a process to evaluate the request for appropriateness including multiple bids, verification that the good/service cannot be paid through other payers (Medicare, State Plan, TPL, etc.) and that lower cost alternatives have been explored prior to paying through the waiver.

The following rates are reviewed every 5 years based on cost survey data to ensure that reimbursement for the service falls between 100% and 120% of allowable costs for the industry:

Residential Habilitative Supports
 Host Home / Professional Parent
 Day Supports
 Center Based Employment
 Non-Medical Transportation Daily

The following rates are reviewed every 5 years to ensure that they fall between the range of rates paid in surrounding states for a similar service:

Respite (Routine) – 15 minute
 Massage Therapy
 Supported Employment – 15 minute
 Supported Living
 Waiver Support Coordination
 Professional Medication Monitoring - RN
 Personal Care

The following rates are tied to existing rates in other programs within the State as listed below:

Financial Management Services is equal to the State Plan rate for the same service
 Chore and Homemaker Services is equal to the State Plan rate for Personal Care (S5125)
 Companion Services is equal to 95% of the State Plan rate for Personal Care (S5125)
 Behavioral Consultation III is equal to 90% of the BCBA Rate paid under the State Plan (97153)
 Family and Individual Training and Preparation is equal to the Behavioral Consultation I rate
 Non-Medical Transportation – Per Mile

The following rates are tied to existing rates in this program:

Respite (Intensive) – Daily is equal to 6 hours of the equivalent 15 minute service

Appendix I-2: 1

State:	
Effective Date	

Professional Medication Monitoring – LPN is equal to 70% of the RN rate for this service
 Supported Employment – Daily is equal to 4 units of the 15 minute rate for this service
 Respite (Routine Group) is equal to 52% of the individual rate for this service
 Respite (Routine) – Daily is equal to 6.75 hours of the equivalent 15 minute service
 Personal Budget Assistance – 15 minute is equivalent to the supported living rate
 Personal Budget Assistance – Session is equivalent to 2 units of the 15 minute service
 Respite (Routine Group) – Daily is equivalent to 6 hours of the quarter hour rate
 Respite (Out of Home) Room and Board is 12% higher than the daily rate without room and board
 Extended Living Supports- 15 minute is equivalent to 1:1 staffing for residential habilitative supports
 Behavioral Consultation II is equal to 65% of Behavioral Consultation III
 Behavioral Consultation I is equal to 38% of Behavioral Consultation III

With all new services and any inflationary increases or decreases to existing service rates, the SMA reviews and approves all proposed rates prior to the rates being loaded into the PRISM. Payment rates may also be subject to changes mandated by the State Legislature.

~~The State solicited public comment during the drafting of the waiver application. The State Medicaid Agency and the Division of Services for People with Disabilities completed the initial draft application in February 2020. The revised draft was submitted to a broad network of consumers, advocates, providers and Tribal Governments and the Medical Care Advisory Committee (MCAC). The entities were sent an electronic copy of the application and were asked to disseminate copies broadly. Entities had 30 days in which to submit comments or questions about all aspects of the application.~~

Payment rates are made available to participants so that they can make informed choices regarding their self-administered services in two ways. One: Support coordinators provide payment rate information to participants during their enrollment in self-administered services. Two: Annually, DSPD sends an approved payment rate masterletter to the FMS providers. The FMS providers then communicate this information to all participants they serve.

~~Beginning 4/1/22, services with direct care labor components were increased due to legislative appropriation. Funding was appropriated to the Department and the effect (percentage) was evaluated against projected expenditure and enrollment, leading to the final amount (19.54%).~~

Through March 2025, as part of its American Rescue Plan (ARP) Act spending plan, the State has incorporated a 5% increase into all rates with direct care service components. ARP eligibility is contingent on the provider’s attestation that they will use the funds to support challenges with direct-care labor staffing resulting from the public health emergency. All services paid through the waiver are eligible for ARP supplemental funding provided an attestation has been completed. The Utah Legislature has appropriated funding so the 5% increase continued after the end of the ARPA program.

- b. Flow of Billings.** Describe the flow of billings for waiver services, specifying whether provider billings flow directly from providers to the state’s claims payment system or whether billings are routed through other intermediary entities. If billings flow through other intermediary entities, specify the entities:

For Providers who Voluntarily Reassign Payment to DHHS/DSPD:

Appendix I-2: 2

State:	
Effective Date	

Requests for payments from the contracted providers are submitted to the Dept of Health and Human Services/DSPD on form 520; payments are then made to the providers. Dept of Human and Human Services/DSPD submits billing claims to DIH for reimbursement.

For participants self-directing their self-directed services, the participant submits their approved staff time sheet(s) to the FMS Agent. The FMS Agent pays the claim(s) and submits a bill to DHHS/DSPD on form 520. DHS/DSPD pays the FMS Agent then submits billing claim to DIH for reimbursement.

Providers who voluntarily reassign payment to DHHS/DSPD have options for submitting a request for payment:

- 1.Upload a data file containing the payment data.
- 2.Manually enter the payment directly into the system.
- 3.Deliver a paper invoice to DSPD for hand entry into the system.

All three options fall into the same process where the payment data in the initial submission is automatically validated against the service code's prescribed rate/units in the Person Centered Support Plan (PCSP) budget. The process is:

Step 1: The payment is submitted for initial processing.

a.The payment passes the validation process:

i.The payment is automatically sent on to the support coordinator for review.

b.The payment fails validation and is put in "Error" status where the provider must choose from one of three options to resolve the problem:

i.Delete the payment;

ii. Resubmit the payment with corrected data; or

iii.Send the payment to the support coordinator with a note attached to it explaining what needs to be done to resolve the problem.

Step 2: Payments that pass the initial submission process are automatically delivered to the support coordinator for review where they must take one of the following actions.

a.Approve the payment

i.The validation process re-runs against the payment at the moment the support coordinator approves it. If the payment passes, it is forwarded on to Step 3. If it fails, it remains assigned to the support coordinator for further review / action

b.Deny the payment

c.If the payment is in error status even though it was legitimately delivered, then the support coordinator can review the service code's prescription in the PCSP budget. If a change in the plan is appropriate, it can be made. Then, the payment can be approved.

Step 3: Payments that pass the support coordinator's approval (i.e. Step 2) are automatically delivered to the DSPD payment technician for review where they must take one of the following actions. a.Approve the payment

i.The validation process re-runs against the payment at the moment the tech approves it. If the payment passes, it is automatically delivered to CAPS (the DHHS payment system). If it fails, it remains assigned to the tech for further review / action.

b.Deny the payment

Appendix I-2: 3

State:	
Effective Date	

c.If the payment is in error status even though it was legitimately delivered, then the payment technician must consult with the support coordinator to review the service code’s prescription in the PCSP budget. If a change in the plan is appropriate, it can be made. Then, the payment can be approved.

For providers who bill PRISM directly:

~~DSPD Providers~~ submit billing prior authorization forms to ~~DIH/DHS/DSPD~~ prior to ~~the claim being submitted~~~~submitting the claims~~ to PRISM. ~~The provider will submit claims directly to PRISM.~~ DHHS/DSPD will complete a post payment review ~~the billing prior authorization forms submitted by the provider and will authorize the provider to bill the MMIS as long as the claims submitted on the billing prior authorization form are~~ of the submission to verify it is consistent~~verify consistent~~ with the service type, amount, frequency and duration as listed on the PCSP and budget.

If the services listed on the payment ~~billing prior authorization~~ form are not consistent with the PCSP and budget, DHHS/DSPD will recoup the funds. ~~submit a notice of approval to the provider authorizing them to bill the MMIS.~~

DHS/DSPD will submit the denial notice to the provider that will include an explanation of why the payment was denied.

~~If the services listed on the billing prior authorization form are not consistent with the PCSP or budget, billing for services will not be authorized by DHS/DSPD. DHS/DSPD will submit the denial notice to the provider that will include an explanation of why the prior authorization was denied.~~

~~Once the DHS/DSPD has approved the billing prior authorization forms, the provider will then submit claims directly through the States' MMIS.~~

The waiver only pays for Non-Medical transportation and only when in accordance with the written plan of care.

The State has compared service requirements and reimbursement to several surrounding states including: Wyoming, Nevada, North Dakota, Oregon, Idaho, Montana, Colorado, Arizona, New Mexico, and Montana. The State has used this methodology as nearby states may have similar challenges with respect to urban/rural service delivery; similar labor markets; service descriptions/qualifications; etc. The State has used this method in order to validate whether payment rates established fall within reason after accounting for differences which may exist in provider qualifications (ex. Requirement service is delivered by a Registered Nurse); how reimbursement is made (daily, hourly, episodic); cost of living; etc.

c. **Certifying Public Expenditures** (*select one*):

<input checked="" type="radio"/>	No. State or local government agencies do not certify expenditures for waiver services.
<input type="radio"/>	Yes. State or local government agencies directly expend funds for part or all of the cost of waiver services and certify their state government expenditures (CPE) in lieu of billing that amount to Medicaid.
<i>Select at least one:</i>	

Appendix I-2: 4

State:	
Effective Date	

<input type="checkbox"/>	<p>Certified Public Expenditures (CPE) of State Public Agencies.</p> <p>Specify: (a) the state government agency or agencies that certify public expenditures for waiver services; (b) how it is assured that the CPE is based on the total computable costs for waiver services; and, (c) how the state verifies that the certified public expenditures are eligible for Federal financial participation in accordance with 42 CFR §433.51(b). <i>(Indicate source of revenue for CPEs in Item I-4-a.)</i></p>
<input type="checkbox"/>	<p>Certified Public Expenditures (CPE) of Local Government Agencies.</p> <p>Specify: (a) the local government agencies that incur certified public expenditures for waiver services; (b) how it is assured that the CPE is based on total computable costs for waiver services; and, (c) how the state verifies that the certified public expenditures are eligible for Federal financial participation in accordance with 42 CFR §433.51(b). <i>(Indicate source of revenue for CPEs in Item I-4-b.)</i></p>

d. Billing Validation Process. Describe the process for validating provider billings to produce the claim for federal financial participation, including the mechanism(s) to assure that all claims for payment are made only: (a) when the individual was eligible for Medicaid waiver payment on the date of service; (b) when the service was included in the participant’s approved service plan; and, (c) the services were provided:

1. A participant's Medicaid eligibility is determined by the Office of ~~Disability Determination of Health and Eligibility~~ within the Department of Workforce Services. The information is entered into the eligibility system which automates Medicaid eligibility decisions, benefits amounts, participants' notices and administrative reports. The eligibility system also interfaces with other governmental agencies such as, Social Security, Employment Security, and the Internal Revenue Service. The system is a Federally-Approved Management Information System (FAMIS). In Utah, the following programs are accessed through the eligibility system: Aid to Families with Dependent Children (AFDC), Medicaid, Food Stamps, and two state-administered programs - General Assistance and the Primary Care Network (PCN). ~~PRISM~~The Medicaid Management Information System (MMIS) accesses the eligibility system to ensure the participant is Medicaid eligible before payment of claims is made. Both CAPS (DHHS provider payment system) and PRISM contain edits to help ensure that no payment is ever rendered to Medicaid ineligible recipients or providers. CAPS queries the eligibility system for each claim to determine Medicaid eligibility before that claim is submitted to PRISM for reimbursement. Claims for which Medicaid eligibility is not verified are excluded from the batch-processed claims submitted by CAPS to PRISM for FFP reimbursements. DHHS/DSPD providers are paid through CAPS, and only after Medicaid eligibility of both recipient and provider is verified through MMIS is federal participation received by DHHS/DSPD.

2. Post-payment reviews are conducted by the Medicaid agency; reviews of a sample of individual written support plans and Medicaid claims histories to ensure: (1) all of the services required by the individual are identified in the support plan, (2) that the individual is receiving the services identified in the support plan, and (3) that Medicaid reimbursement is not claimed for waiver services which were not included in the support plan. The sample size for each review will be sufficient to provide a confidence level equal to 95% and a confidence interval equal to 5.

Appendix I-2: 5

State:	
Effective Date	

3. The SMA will perform an annual post payment review of claims that are paid to providers through the CAPS. The review will verify that the rates paid to providers through the CAPS are equal to the rates paid to DSPD through PRISM.

- e. **Billing and Claims Record Maintenance Requirement.** Records documenting the audit trail of adjudicated claims (including supporting documentation) are maintained by the Medicaid agency, the operating agency (if applicable), and providers of waiver services for a minimum period of 3 years as required in 45 CFR § 92.42.

Appendix I-2: 6

State:	
Effective Date	

APPENDIX I-3: Payment

a. Method of payments — PRISM (select one):

<input type="radio"/>	<p>Payments for all waiver services are made through an approved Medicaid Management Information System (MMIS).</p>
<input type="radio"/>	<p>Payments for some, but not all, waiver services are made through an approved MMIS. Specify: (a) the waiver services that are not paid through an approved MMIS; (b) the process for making such payments and the entity that processes payments; (c) how an audit trail is maintained for all state and federal funds expended outside the MMIS; and, (d) the basis for the draw of federal funds and claiming of these expenditures on the CMS-64.</p>
<input checked="" type="radio"/>	<p>Payments for waiver services are not made through an approved MMIS. Specify: (a) the process by which payments are made and the entity that processes payments; (b) how and through which system(s) the payments are processed; (c) how an audit trail is maintained for all state and federal funds expended outside the MMIS; and, (d) the basis for the draw of federal funds and claiming of these expenditures on the CMS-64:</p> <p>a) The Waiver services that are not paid through an approved PRISM Payment for all Waiver services are made through an approved Medicaid Management Information System (MMIS) eventually, but for p For providers who voluntarily reassign payment to the DSPSDepartment of Health and Human Services (DHHS), initially payments for Waiver services are paid to providers through the Department of Health and Human Services (DHHS), Contract, Approval and Provider System (CAPS).</p> <p>(b) The process for making such payments and the entity that processes payments- Waiver service providers bill the DHHS/DSPD using an Electronic 520 claim form that is entered into the CAPS system. <u>billing</u>. The Electronic 520 is reviewed and approved by the Support Coordinator and the Payment Technician. Once the Electronic 520 billing is approved, the data is entered into CAPS for payment processing. The CAPS system has edits in place that will deny payment for reasons such as exceeding the maximum allowable number of approved units or maximum allowable rates, etc. Providers are reimbursed by DHHS with either a paper check or an electronic funds transfer as per the provider's preference. DHHS/DSPD then submits a file of all eligible claims paid through the CAPS to the DIHSMA. The claims are then entered into PRISM for payment. The DIHSMA makes payment to DHHS through an internal exchange transaction (IET)the Financial Information Network (FINET) transfer. Each claim is individually identifiable at the level of the participant, provider, HCPCS and units of service paid.</p> <p>(c) How an audit trail is maintained for all state and federal funds expended outside the PRISM- The audit trail outside the PRISM is maintained in CAPS.</p> <p>(d) The basis for the draw of federal funds and claiming of these expenditures on the CMS-64- As stated previously all Waiver service payments are eventually made through an approved Medicaid Management Information System (MMIS) PRISM and this is the basis for the draw of federal funds and claiming of these expenditures on the CMS-64.</p>

Appendix I-3: 1

State:	
Effective Date	

	<p>CAPS along with supporting documentation and claim information processed through PRISM provide audit support. Plans of care including specifications of amount, frequency and duration of prescribed services are documented in USTEPS by case managers and result in payment authorizations in CAPS. Payment authorizations result in the generation of provider billings. Provider claims are accompanied by eligibility codes that detail whether services qualify for FFP. Claims for services rendered under Medicaid eligibility are then ported to MMIS where recipient and provider eligibility are verified and claims that are determined to be eligible for FFP result in reimbursement to DHHS/DSPD. Participant claim information is documented in PRISM.</p> <p>Utah DIH/DSPD Fund Transfer Process</p> <ol style="list-style-type: none"> 1. <u>The Division of Integrated Healthcare (DIH) reimburses DSPD for all qualified payment reimbursements processed in PRISM. The payment reimbursement is done weekly through IET.</u> 2. <u>DIH reviews the quarterly seed calculation with DSPD. A reconciled amount is agreed for the quarterly seed. The Department of Health and Human Services(DHHS)/Division of Integrated Services estimates the state seed amount for the fiscal year.</u> 3. <u>DIH sends the IET request to DSPD) for review and approval.the estimated amount.</u> 4. <u>DSPD reviews the IET entry in FINET</u> 5. <u>DSPD approves the FINET transaction</u> 3. <u>DSPDHS processes the request through FINET transfer.</u> 5. <u>DSPD receives the funds for before the start of the quarter, beginning of the fiscal year.</u> 6. <u>At the end of the quarter, DOH determines the actual seed amount based on the paid claims.</u> 7. <u>The DIH sends the request to the DSPD for the seed on the actual paid amount.</u> 8. <u>DSPD reviews and approves the FINET fund transfer request and DIH receives the funds.</u> 9. <u>DIH refunds the estimated amount to DHS through FINET transfer.</u>
○	<p>Payments for waiver services are made by a managed care entity or entities. The managed care entity is paid a monthly capitated payment per eligible enrollee through an approved MMIS.</p> <p>Describe how payments are made to the managed care entity or entities:</p>

b. **Direct payment.** In addition to providing that the Medicaid agency makes payments directly to providers of waiver services, payments for waiver services are made utilizing one or more of the following arrangements (*select at least one*):

<input type="checkbox"/>	The Medicaid agency makes payments directly and does not use a fiscal agent (comprehensive or limited) or a managed care entity or entities.
<input type="checkbox"/>	The Medicaid agency pays providers through the same fiscal agent used for the rest of the Medicaid program.
<input checked="" type="checkbox"/>	<p>The Medicaid agency pays providers of some or all waiver services through the use of a limited fiscal agent.</p> <p>Specify the limited fiscal agent, the waiver services for which the limited fiscal agent makes payment, the functions that the limited fiscal agent performs in paying waiver claims, and the methods by which the Medicaid agency oversees the operations of the limited fiscal agent:</p>

Appendix I-3: 2

State:	
Effective Date	

	<p>The DHHS/DSPD serves as the governmental entity that pays for Waiver claims for providers who voluntarily reassign payment to DHHS/DSPD and DHHS/DSPD will pay for all services provided by the Waiver when they are delivered by qualified providers according to the service plan. DHHS/DSPD obtains all of the claims for payment for services delivered directly from contract providers on the Electronic 520 billing. Support coordinators review the claims for accuracy and approval. All approved claims are paid directly to the providers by DHHS/DSPD. DHHS/DSPD then submits billing claims to the DIH for reimbursement.</p> <p>DHHS/DSPD has internal controls in place to assure providers paid through the CAPS system receive payment that is equal to the payment DHHS/DSPD receives from DIH including a comparison of DIH's MMIS Reference File rates with DHHS/DSPD's CAPS rates for the same service, as per the DIH rate sheet provided each year. A comparison of PRISMHCPCS code/rate information with corresponding CAPS service code/rate information is implemented and documented via screen prints on a copy of a rate chart spreadsheet. This is completed before the beginning of each fiscal year when rates are generally adjusted, but a periodic review of CAPS to PRISM rates is completed throughout the year. Post rate adjustment billing detail is reviewed closely to ensure the agreed rates are correct on the claims submitted for reimbursement, as is the claims reimbursement detail.</p> <p>The DIHSMA will perform an annual post payment review of claims that are paid to providers through the CAPS. The review will verify that the rates paid to providers through the CAPS are equal to the rates paid to DSPD through PRISM.</p> <p><u>During contracting/enrollment with DSPD, the provider is informed of the ability to bill Medicaid directly for services rendered, or to allow DHHS to submit for reimbursement on their behalf by completing an optional 'voluntary reassignment of payment' form. Information on billing is also found in the Medicaid provider agreement which is signed by the provider</u></p>
<input type="checkbox"/>	<p>Providers are paid by a managed care entity or entities for services that are included in the state's contract with the entity.</p> <p>Specify how providers are paid for the services (if any) not included in the state's contract with managed care entities.</p>

- c. **Supplemental or Enhanced Payments.** Section 1902(a)(30) requires that payments for services be consistent with efficiency, economy, and quality of care. Section 1903(a)(1) provides for Federal financial participation to states for expenditures for services under an approved state plan/waiver. Specify whether supplemental or enhanced payments are made. *Select one:*

<input checked="" type="radio"/>	<p>No. The state does not make supplemental or enhanced payments for waiver services.</p>
<input type="radio"/>	<p>Yes. The state makes supplemental or enhanced payments for waiver services. Describe: (a) the nature of the supplemental or enhanced payments that are made and the waiver services for which these payments are made; (b) the types of providers to which such payments are made; (c) the source of the non-Federal share of the supplemental or enhanced</p>

Appendix I-3: 3

State:	
Effective Date	

	<p>payment; and, (d) whether providers eligible to receive the supplemental or enhanced payment retain 100% of the total computable expenditure claimed by the state to CMS. Upon request, the state will furnish CMS with detailed information about the total amount of supplemental or enhanced payments to each provider type in the waiver.</p>

d. Payments to state or Local Government Providers. *Specify whether state or local government providers receive payment for the provision of waiver services.*

<input type="radio"/>	<p>No. State or local government providers do not receive payment for waiver services. <i>Do not complete Item I-3-e.</i></p>
<input checked="" type="radio"/>	<p>Yes. State or local government providers receive payment for waiver services. <i>Complete item I-3-e.</i></p> <p>Specify the types of state or local government providers that receive payment for waiver services and the services that the state or local government providers furnish. <i>Complete item I-3-e.</i></p>
	<p>STATE LEVEL SOURCE(S) OF THE NON-FEDERAL SHARE OF COMPUTABLE WAIVER COSTS</p> <p>a. The Department of <u>Health and Human Service</u> is the source of the non-federal share that is appropriated to a state agency. The underlying source of the non-federal share is state general funds.</p> <p>b. The mechanism that is used to transfer the funds to the Medicaid Agency is through an <u>Internal Exchange Transaction (IET)-FINET transfer</u>. The FINET transfer is made to the Medicaid Agency prior to any federal funds being drawn.</p>
	<p>LOCAL GOVERNMENT OR OTHER SOURCE(S) OF THE NON-FEDERAL SHARE OF COMPUTABLE WAIVER COSTS</p> <p>a. The Utah Transit Authority (UTA), a Utah public transit district, is the local governmental source of the non-federal share of computable waiver costs.</p> <p>b. The source of the funding from UTA is local sales and use taxes. The funds are publicly approved sales tax revenues levied by the cities and counties within UTA’s service district. The taxes are collected quarterly from businesses from the sale of retail goods. The sales tax revenues are given to the transit authority for the operation of a local public transportation agency.</p> <p>c. The mechanism that is used to transfer funds from the UTA to the Department of Health and Human Services is <u>via Electronic Funds Transfer (EFT). In the event UTA chooses to discontinue providing the non-federal share of computable waiver costs, the Department of Health and Human Services would become responsible to provide the non-federal share. through a quarterly check payment.</u></p>

e. Amount of Payment to State or Local Government Providers.

Specify whether any state or local government provider receives payments (including regular and any supplemental payments) that in the aggregate exceed its reasonable costs of providing waiver services

Appendix I-3: 4

State:	
Effective Date	

and, if so, whether and how the state recoups the excess and returns the Federal share of the excess to CMS on the quarterly expenditure report. *Select one:*

<input checked="" type="radio"/>	The amount paid to state or local government providers is the same as the amount paid to private providers of the same service.
<input type="radio"/>	The amount paid to state or local government providers differs from the amount paid to private providers of the same service. No public provider receives payments that in the aggregate exceed its reasonable costs of providing waiver services.
<input type="radio"/>	The amount paid to state or local government providers differs from the amount paid to private providers of the same service. When a state or local government provider receives payments (including regular and any supplemental payments) that in the aggregate exceed the cost of waiver services, the state recoups the excess and returns the federal share of the excess to CMS on the quarterly expenditure report. Describe the recoupment process:

f. **Provider Retention of Payments.** Section 1903(a)(1) provides that Federal matching funds are only available for expenditures made by states for services under the approved waiver. *Select one:*

<input checked="" type="radio"/>	Providers receive and retain 100 percent of the amount claimed to CMS for waiver services.
<input type="radio"/>	Providers are paid by a managed care entity (or entities) that is paid a monthly capitated payment. Specify whether the monthly capitated payment to managed care entities is reduced or returned in part to the state.

g. **Additional Payment Arrangements**

i. **Voluntary Reassignment of Payments to a Governmental Agency.** *Select one:*

<input type="radio"/>	No. The state does not provide that providers may voluntarily reassign their right to direct payments to a governmental agency.
<input checked="" type="radio"/>	Yes. Providers may voluntarily reassign their right to direct payments to a governmental agency as provided in 42 CFR §447.10(e). Specify the governmental agency (or agencies) to which reassignment may be made. The Department of Health and Human Services, Division of Services for People with Disabilities is the governmental agency to which reassignment is made.

ii. **Organized Health Care Delivery System.** *Select one:*

<input checked="" type="radio"/>	No. The state does not employ Organized Health Care Delivery System (OHCDS) arrangements under the provisions of 42 CFR §447.10.
<input type="radio"/>	Yes. The waiver provides for the use of Organized Health Care Delivery System arrangements under the provisions of 42 CFR §447.10.

Appendix I-3: 5

State:	
Effective Date	

	Specify the following: (a) the entities that are designated as an OHCDS and how these entities qualify for designation as an OHCDS; (b) the procedures for direct provider enrollment when a provider does not voluntarily agree to contract with a designated OHCDS; (c) the method(s) for assuring that participants have free choice of qualified providers when an OHCDS arrangement is employed, including the selection of providers not affiliated with the OHCDS; (d) the method(s) for assuring that providers that furnish services under contract with an OHCDS meet applicable provider qualifications under the waiver; (e) how it is assured that OHCDS contracts with providers meet applicable requirements; and, (f) how financial accountability is assured when an OHCDS arrangement is used:

iii. **Contracts with MCOs, PIHPs or PAHPs.** *Select one:*

<input checked="" type="checkbox"/>	The state does not contract with MCOs, PIHPs or PAHPs for the provision of waiver services.
<input type="checkbox"/>	<p>The state contracts with a Managed Care Organization(s) (MCOs) and/or prepaid inpatient health plan(s) (PIHP) or prepaid ambulatory health plan(s) (PAHP) under the provisions of §1915(a)(1) of the Act for the delivery of waiver and other services. Participants may voluntarily elect to receive waiver and other services through such MCOs or prepaid health plans. Contracts with these health plans are on file at the state Medicaid agency.</p> <p>Describe: (a) the MCOs and/or health plans that furnish services under the provisions of §1915(a)(1); (b) the geographic areas served by these plans; (c) the waiver and other services furnished by these plans; and (d) how payments are made to the health plans.</p>
<input type="checkbox"/>	<p>This waiver is a part of a concurrent §1915(b)/§1915(c) waiver. Participants are required to obtain waiver and other services through a MCO and/or prepaid inpatient health plan (PIHP) or a prepaid ambulatory health plan (PAHP). The §1915(b) waiver specifies the types of health plans that are used and how payments to these plans are made.</p>
<input type="checkbox"/>	<p>This waiver is a part of a concurrent §1115/§1915(c) waiver. Participants are required to obtain waiver and other services through a MCO and/or prepaid inpatient health plan (PIHP) or a prepaid ambulatory health plan (PAHP). The §1115 waiver specifies the types of health plans that are used and how payments to these plans are made.</p>

APPENDIX I-4: Non-Federal Matching Funds

- a. **State Level Source(s) of the Non-Federal Share of Computable Waiver Costs.** Specify the state source or sources of the non-federal share of computable waiver costs. *Select at least one:*

<input type="checkbox"/>	Appropriation of State Tax Revenues to the State Medicaid Agency
<input checked="" type="checkbox"/>	<p>Appropriation of State Tax Revenues to a State Agency other than the Medicaid Agency. If the source of the non-federal share is appropriations to another state agency (or agencies), specify: (a) the state entity or agency receiving appropriated funds and (b) the mechanism that is used to transfer the funds to the Medicaid Agency or Fiscal Agent, such as an Intergovernmental Transfer (IGT), including any matching arrangement, and/or, indicate if the funds are directly expended by state agencies as CPEs, as indicated in Item I-2-c:</p> <p style="color: green;">The Division of Services for People with Disabilities (DSPD) which resides within the Department of Human Services receives the appropriated funds. DSPD transfers the funds to the State Medicaid Agency via an Intergovernmental Transfer (IGT). This prepayment transfer is based on estimates for the upcoming quarter and takes place approximately 15 days before each new quarter. At the end of each quarter, the State Medicaid Agency will perform a reconciliation of the actual state match obligation and the prepaid amount.</p> <p>State Tax Revenues (general funds) are appropriated directly to the Department of Health and Human Services by the legislature. The Division of Services for People with Disabilities (DSPD) which resides within the Department of Human Services receives the appropriated funds. DSPD transfers the funds to the State Medicaid Agency via <u>an internal exchange transaction (IET) the actual seed amount at the end of every quarter.</u>an Intergovernmental Transfer (IGT). This prepayment transfer is based on estimates for the upcoming quarter and takes place approximately 15 days before each new quarter. At the end of each quarter, the State Medicaid Agency will perform a reconciliation of the actual state match obligation and the prepaid amount.</p>
	<p>Other State Level Source(s) of Funds. Specify: (a) the source and nature of funds; (b) the entity or agency that receives the funds; and (c) the mechanism that is used to transfer the funds to the Medicaid Agency or Fiscal Agent, such as an Intergovernmental Transfer (IGT), including any matching arrangement, and/or, indicate if funds are directly expended by state agencies as CPEs, as indicated in Item I-2-c:</p>

- b. **Local Government or Other Source(s) of the Non-Federal Share of Computable Waiver Costs.** Specify the source or sources of the non-federal share of computable waiver costs that are not from state sources. *Select one:*

<input type="radio"/>	Not Applicable. There are no local government level sources of funds utilized as the non-federal share.
<input checked="" type="radio"/>	<p>Applicable <i>Check each that applies:</i></p>

Appendix I-4: 1

State:

APPENDIX I-5: Exclusion of Medicaid Payment for Room and Board

a. **Services Furnished in Residential Settings.** *Select one:*

<input type="radio"/>	No services under this waiver are furnished in residential settings other than the private residence of the individual.
<input checked="" type="radio"/>	As specified in Appendix C, the state furnishes waiver services in residential settings other than the personal home of the individual.

b. **Method for Excluding the Cost of Room and Board Furnished in Residential Settings.** The following describes the methodology that the state uses to exclude Medicaid payment for room and board in residential settings:

Medicaid reimbursement rates paid to Residential Habilitation providers for habilitation services will be individualized based upon the assessed needs of the individual. The daily rate paid to the Residential Habilitation providers cover only the cost of the habilitation services. The daily Medicaid reimbursement excludes all room and board costs.

Individuals are responsible to pay room and board directly to their landlord and purchase food from their personal income. Individuals having insufficient personal income to cover their entire room and board costs may be assisted by a State funded program in which the Division of Services for People with Disabilities assists individuals in paying these costs.

Appendix I-5: 1

APPENDIX I-6: Payment for Rent and Food Expenses of an Unrelated Live-In Caregiver

Reimbursement for the Rent and Food Expenses of an Unrelated Live-In Personal Caregiver.

Select one:

<input checked="" type="checkbox"/>	<p>No. The state does not reimburse for the rent and food expenses of an unrelated live-in personal caregiver who resides in the same household as the participant.</p>
<input type="checkbox"/>	<p>Yes. Per 42 CFR §441.310(a)(2)(ii), the state will claim FFP for the additional costs of rent and food that can be reasonably attributed to an unrelated live-in personal caregiver who resides in the same household as the waiver participant. The state describes its coverage of live-in caregiver in Appendix C-3 and the costs attributable to rent and food for the live-in caregiver are reflected separately in the computation of factor D (cost of waiver services) in Appendix J. FFP for rent and food for a live-in caregiver will not be claimed when the participant lives in the caregiver’s home or in a residence that is owned or leased by the provider of Medicaid services.</p> <p>The following is an explanation of: (a) the method used to apportion the additional costs of rent and food attributable to the unrelated live-in personal caregiver that are incurred by the individual served on the waiver and (b) the method used to reimburse these costs:</p> <div style="border: 1px solid black; height: 40px; margin-top: 5px;"></div>

Appendix I-6: 1

State:	
Effective Date	

APPENDIX I-7: Participant Co-Payments for Waiver Services and Other Cost Sharing

- a. **Co-Payment Requirements.** Specify whether the state imposes a co-payment or similar charge upon waiver participants for waiver services. These charges are calculated per service and have the effect of reducing the total computable claim for federal financial participation. *Select one:*

<input checked="" type="checkbox"/>	No. The state does not impose a co-payment or similar charge upon participants for waiver services. <i>(Do not complete the remaining items; proceed to Item I-7-b).</i>
<input type="checkbox"/>	Yes. The state imposes a co-payment or similar charge upon participants for one or more waiver services. <i>(Complete the remaining items)</i>

i. **Co-Pay Arrangement**

Specify the types of co-pay arrangements that are imposed on waiver participants *(check each that applies)*:

<i>Charges Associated with the Provision of Waiver Services (if any are checked, complete Items I-7-a-ii through I-7-a-iv):</i>	
<input type="checkbox"/>	Nominal deductible
<input type="checkbox"/>	Coinsurance
<input type="checkbox"/>	Co-Payment
<input type="checkbox"/>	Other charge
	<i>Specify:</i>

ii **Participants Subject to Co-pay Charges for Waiver Services.**

Specify the groups of waiver participants who are subject to charges for the waiver services specified in Item I-7-a-iii and the groups for whom such charges are excluded

- iii. **Amount of Co-Pay Charges for Waiver Services.** The following table lists the waiver services defined in C-1/C-3 for which a charge is made, the amount of the charge, and the basis for determining the charge.

Waiver Service	Charge	
	Amount	Basis

Appendix I-6: 1

State:	
Effective Date	

iv. Cumulative Maximum Charges.

Indicate whether there is a cumulative maximum amount for all co-payment charges to a waiver participant (*select one*):

<input type="radio"/>	There is no cumulative maximum for all deductible, coinsurance or co-payment charges to a waiver participant.
<input type="radio"/>	There is a cumulative maximum for all deductible, coinsurance or co-payment charges to a waiver participant. Specify the cumulative maximum and the time period to which the maximum applies:

b. Other State Requirement for Cost Sharing. Specify whether the state imposes a premium, enrollment fee or similar cost sharing on waiver participants. *Select one:*

<input checked="" type="checkbox"/>	No. The state does not impose a premium, enrollment fee, or similar cost-sharing arrangement on waiver participants.
<input type="checkbox"/>	Yes. The state imposes a premium, enrollment fee or similar cost-sharing arrangement. Describe in detail the cost sharing arrangement, including: (a) the type of cost sharing (e.g., premium, enrollment fee); (b) the amount of charge and how the amount of the charge is related to total gross family income (c) the groups of participants subject to cost-sharing and the groups who are excluded; and (d) the mechanisms for the collection of cost-sharing and reporting the amount collected on the CMS 64:
