### **Independent Accountant's Report**

We have examined the accompanying Adjusted Medical Loss Ratio of Four Corners Community Behavioral Health Prepaid Mental Health Plan for six-month period ended June 30, 2020. Four Corners Community Behavioral Health's management is responsible for presenting the Medical Loss Ratio (MLR) Report in accordance with the criteria set forth in the Code of Federal Regulations (CFR) 42 § 438.8 and other applicable federal guidance (criteria). This criteria was used to prepare the Adjusted Medical Loss Ratio. Our responsibility is to express an opinion on the Adjusted Medical Loss Ratio based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Adjusted Medical Loss Ratio is in accordance with the criteria, in all material respects. An examination involves performing procedures to obtain evidence about the Adjusted Medical Loss Ratio. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risk of material misstatement of the Adjusted Medical Loss Ratio, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

The accompanying Adjusted Medical Loss Ratio was prepared for the purpose of complying with the criteria, and is not intended to be a complete presentation in conformity with accounting principles generally accepted in the United States of America.

In our opinion, except for the effect of the item addressed in the Schedule of Reporting Caveats, the above referenced accompanying Adjusted Medical Loss Ratio is presented in accordance with the above referenced criteria, in all material respects, and the Adjusted Medical Loss Ratio for the Mental Health and Substance Abuse populations exceeds the Centers for Medicare & Medicaid Services (CMS) requirement of eighty-five percent (85%) for the six-month period ended June 30, 2020.

## Schedule of Reporting Caveats

During our examination, the following reporting issues were identified.

### **Caveat #1 – MLR reporting period does not align with the rating period**

The Department of Health had an 18-month rating period of January 1, 2020 through June 30, 2021. The MLR Report was developed by the Department of Health to capture data for the MLR reporting period of January 1, 2020 through June 30, 2020. Per 42 CFR § 438.8, the MLR reporting year should be a period of 12 months consistent with the rating period selected by the state. For purposes of this engagement, the six-month MLR reporting period was examined.

## Mental Health Schedule of Adjustments and Comments for the Six-Month Period Ended June 30, 2020

During our examination, we identified the following adjustments.

### **Adjustment #1 – To adjust incurred claims cost based on adjustments made to the PMHP financial report.**

The health plan's incurred claims cost was reported based on the claims cost included in the PMHP financial report. After performing verification procedures on the PMHP report, adjustments were made to the financial report for the following items:

- To remove costs for CPT code T1013, as there were no associated units.
- To remove advertising expenses on Schedule 5.
- To remove bad debt expenses on Schedule 5.
- To remove inpatient bed days and cost with dates of service outside the cost report period on Schedule 4A Part 4R, and adjust Schedule 3MH & Schedule 4 inpatient units to reconcile to adjustments for claims outside the period.
- To adjust Schedule 5 Inpatient client cost general ledger amounts to reconcile to adjustments for claims outside the period under review.
- To adjust encounter units on Schedule 4 and 3MH to recalculated units.

These adjustments to the PMHP report impact the incurred claims cost reported on the MLR. The incurred claims reporting requirements are addressed in the Medicaid Managed Care Final Rule 42 CFR § 438.8(e)(2).

| Line #              | Line Description | Amount    |
| 1.1                 | Incurred Claims  | \$(1,752) |

### **Adjustment #2 – To adjust health care quality improvement expenses reported as 0.8 percent of premium revenues.**

The health plan reported health care quality improvement (HCQI) expenses utilizing 0.8% of premium revenues instead of actual cost. This election of reporting HCQI expenses was outlined in 45 CFR § 158.221 for the calculation of the MLR under the Affordable Care Act, but was not referenced in the calculation of the MLR per 42 CFR § 483.8 of the Medicaid Managed Care Final Rule. Actual HCQI costs were requested to support the expenses based on the health plan's records.

## SCHEDULE OF ADJUSTMENTS AND COMMENTS

However, the health plan did not provide actual HCQI expense. Therefore, an adjustment was proposed to remove all HCQI expenses from the MLR Report due to lack of documentation to support actual HCQI expenses incurred. The HCQI reporting requirements are addressed in the Medicaid Managed Care Final Rule 42 CFR § 438.8(e)(3).

| 1.2                 | Quality Improvement | \$(3,045) |

### Adjustment #3 – To adjust capitation revenue per state data.

The health plan reported revenue amounts that did not reflect all payments received for its members applicable to the covered dates of service for the MLR reporting period. An adjustment was proposed to report the revenues per the state data. The revenue reporting requirements are addressed in the Medicaid Managed Care Final Rule 42 CFR § 438.8(f)(2).

| 2.1                 | Premium Revenue  | \$15,600 |

### Adjustment #4 – To remove non-qualifying examination fees, state premium taxes, local taxes and assessments.

The health plan reported the PMHP administrative charge as a local tax on the MLR Report. This is part of an intergovernmental transfer (IGT) between the health plan and Utah Department of Health (DOH). After discussions with the DOH, it was determined that the administrative charge does not meet the definition of an allowable tax per the federal guidance. An adjustment was proposed to remove the administrative charge from the MLR calculation. The qualifying tax reporting requirements are addressed in the Medicaid Managed Care Final Rule 42 CFR § 438.8(f)(3).

| 2.2                 | Taxes and Fees   | \$(3,543) |

**Adjustment #5 – To adjust member months per state data.**

The health plan reported member month amounts that did not reflect the total member months for its members, per the state data, applicable to the covered dates of service for the MLR reporting period. An adjustment was proposed to report the member months per the state data. The member months reporting requirements are addressed in the Medicaid Managed Care Final Rule 42 CFR § 438.8(k)(1)(xiii).

| 3.1                 | Member Months    | (221)  |

**Adjustment #6 – To correct a formula error on the as-submitted medical loss ratio template regarding the calculation of the expansion population credibility adjustment.**

The DOH MLR Report contains a formula error in the calculation of the credibility adjustment for the expansion populations. The formula is referencing member months for the legacy population instead of annualized member months for the expansion population. An adjustment was proposed to update the report formula to correctly reference expansion population member months on the MLR Report. The credibility adjustment reporting requirements are addressed in the Medicaid Managed Care Final Rule 42 CFR § 438.8(h) and the Medical Loss Ratio Credibility Adjustment CMCS Informational Bulletin dated July 31, 2017.
