

All Kids Deserve a Winning Smile!

Why does dental care matter?

- About 1 in 5 kids has an untreated cavity.
- Tooth decay can be prevented.
- A winning smile increases self-esteem.
- Dental problems cause kids to miss school.
- Good oral health improves nutrition.

Children enrolled in CHIP or Medicaid can get:

- Regular dental check-ups
- Regular dental cleanings
- Fluoride treatments
- Dental sealants
- Dental treatments, as needed

Recent changes for Medicaid include:

- Reimbursement rates have increased (Medicaid fee-for-service only)
- Increased frequency limitations for children, as shown below

Code	Service	Frequency
D0120	Periodic Oral Evaluation	Increased from 2 to 4 per calendar year
D1206*	Topical application of fluoride varnish	Increased from 2 to 4 per calendar year
D1120	Prophylaxis – Child (Age 0-15)	Increased from 2 to 4 per calendar year

**If the child is enrolled in a managed care dental plan (Premier Access, Delta Dental, DentaQuest), please contact the plan for current rates.*

Do you know a family that needs health insurance?

The Children's Health Insurance Program (CHIP) and Medicaid provide health insurance to families who qualify. If you know a family that needs health insurance, please have them call 1-888-222-2542 for more information; or apply online at www.medicaid.utah.gov/apply-medicaid.

With your help, all kids can have a winning smile!
