

The background features a blurred image of a person in a hospital bed, overlaid with a green semi-transparent layer. This layer contains various medical icons: a syringe, a pill, a virus, a stethoscope, a clipboard, and a group of three people. A large white cross is centered over the person's chest. The right side of the page is a dark grey diagonal gradient.

Independent Accountant's Report

We have examined the accompanying Adjusted Medical Loss Ratio of SelectHealth, Inc. (SelectHealth) Accountable Care Organization for the six-month period ended June 30, 2020. SelectHealth's management is responsible for presenting the Medical Loss Ratio Reporting in accordance with the criteria set forth in the Code of Federal Regulations (CFR) 42 § 438.8 and other applicable federal guidance (criteria). This criteria was used to prepare the Adjusted Medical Loss Ratio. Our responsibility is to express an opinion on the Adjusted Medical Loss Ratio based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Adjusted Medical Loss Ratio is in accordance with the criteria, in all material respects. An examination involves performing procedures to obtain evidence about the Adjusted Medical Loss Ratio. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risk of material misstatement of the Adjusted Medical Loss Ratio, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

The accompanying Adjusted Medical Loss Ratio was prepared for the purpose of complying with the criteria, and is not intended to be a complete presentation in conformity with accounting principles generally accepted in the United States of America.

In our opinion, except for the effect of the item addressed in the Schedule of Reporting Caveats, the above referenced accompanying Adjusted Medical Loss Ratio is presented in accordance with the above referenced criteria, in all material respects, and the Adjusted Medical Loss Ratio exceeds the Centers for Medicare & Medicaid Services (CMS) requirement of eighty-five percent (85%) for the six-month period ended June 30, 2020.

This report is intended solely for the information and use of the Department of Health, Milliman, and SelectHealth and is not intended to be and should not be used by anyone other than these specified parties.

5.5	Adjusted MLR					91.0%
5.6	Meets MLR Standard	Yes		Yes		Yes

Schedule of Reporting Caveats

During our examination, the following reporting issues were identified.

Caveat #1 – MLR reporting period does not align with the rating period

The Department of Health had an 18-month rating period of January 1, 2020 through June 30, 2021. The MLR Report was developed by the Department of Health to capture data for the MLR reporting period of January 1, 2020 through June 30, 2020. Per 42 CFR § 438.8, the MLR reporting year should be a period of 12 months consistent with the rating period selected by the state. For purposes of this engagement, the six-month MLR reporting period was examined.

Schedule of Adjustments and Comments for the Six-Month Period Ended June 30, 2020

We propose no adjustments as a result of our current examination. The health plan reported costs and revenues in accordance with federal regulations, in all material respects. In addition, the health plan incorporated adjustments for issues noted in previous examinations into this MLR Report.
