

2016 Medicaid Statewide Provider Training

Utah Medicaid providers are invited to attend the 2016 Medicaid Statewide Provider Training seminars. See below for the schedule, including five new locations: Intermountain Medical Center, Lakeview Hospital, St. Mark's Hospital, Tremonton, and Delta.

This year's sessions will address helpful tips on billing, common billing errors, and important changes regarding Medicaid. Information on the new updates to the provider portal, PRISM (Provider Reimbursement Information System for Medicaid), will also be provided. The Office of Inspector General will be joining each session to give advice and information on fraudulent billing. The last half hour of each session will be dedicated to prior authorization information and training.

Each session will run 2 to 2 ½ hours. We invite and encourage all office staff to attend. Please RSVP either by email at providertrainingsupport@utah.gov, or by leaving a telephone message at (801) 538-6930. Please provide your name, name of your group, how many will be in attendance, which session you plan to attend, contact name, and telephone number. If you will be attending the prior authorization training, please indicate so.

We look forward to seeing you!
