State of Utah

Section 1115 Demonstration Amendment

Utah's Premium Partnership for Health Insurance (UPP) Premium Reimbursement Increase for Children

Section I. Program Description and Objectives

Utah's Premium Partnership for Health Insurance program (UPP) is currently authorized under Utah's Medicaid Reform 1115 demonstration. Through this demonstration, working adults, their spouses, and their children up to age 19 may receive premium reimbursement if they have access to a qualified employer-sponsored insurance plan (ESI) or COBRA. The reimbursement amount for children is currently capped at \$120 per enrollee per month.

This amendment request seeks authority from the Centers for Medicare and Medicaid Services (CMS) to allow the state to increase the maximum premium reimbursement amount for children enrolled in Utah's Premium Partnership (UPP) program. The amount would change from \$120 per enrollee per month to an amount set by the state through administrative rulemaking process and within CHIP allotment limits. The UPP program helps individuals pay for their health insurance premiums so they may afford their employer or COBRA health plan. For the first fiscal year of implementation, the maximum reimbursement amount will increase to \$180 per enrollee per month.

As currently approved under Utah's 1115 Demonstration, the maximum premium reimbursement amount will not exceed the individual/family's share of the costs of the premium.

Goals and Objectives

This Demonstration furthers the objectives of Title XIX of the Social Security Act by assisting demonstration eligible individuals in obtaining employer-sponsored insurance, thereby reducing the number of uninsured individuals in the State of Utah.

Currently, 36 percent of UPP eligible children receive the maximum reimbursement of \$120 per child per month. The State believes increasing the maximum premium reimbursement amount for children will allow individuals to continue to purchase much needed health insurance as the costs of health coverage rise.

Operation and Proposed Timeline

The Demonstration will continue to operate statewide. The State intends to implement the premium increase at the beginning of the first month after approval. The State requests to

operate the Demonstration through the end of the current waiver approval period, which is June 30, 2027.

Demonstration Hypotheses and Evaluation

With the help of an independent evaluator, the State will develop a plan for evaluating the hypothesis indicated below. Utah will identify validated performance measures that adequately assess the impact of the Demonstration to beneficiaries. The State will submit the evaluation plan to CMS for approval.

The State will conduct ongoing monitoring of this demonstration, and will provide information regarding monitoring activities in the required quarterly and annual monitoring reports.

| Hypothesis | Anticipated Measure(s) | Data Sources | Evaluation Approach |
|--|---|-------------------------------|---|
| The demonstration will assist previously uninsured children in obtaining employer-sponsored health insurance. | -Children receiving assistance obtaining health insurance through their families employer sponsored insurance. -Total costs of assistance provided to members. | Medicaid data warehouse | The independent evaluator will design quantitative and qualitative measures to include quasi-experimental comparisons. |

The following hypotheses will be tested during the approval period:

Section II. Demonstration Eligibility

Individuals must meet the criteria for the following demonstration populations (as currently approved under the State's 1115 Demonstration) to be eligible to receive premium reimbursement :

- Current Eligible CHIP Children is comprised of children up to age 19 with family income up to and including 200 percent of the FPL who would meet the definition of a targeted low-income child. These children are eligible for CHIP, but the children's parents have elected to receive premium subsidies for the employee's share of the cost of ESI instead of receiving coverage through CHIP.
- Demonstration Population VI is comprised of children up to age 19 with family income up to and including 200 percent of the FPL who would meet the definition of a targeted low-income child. Demonstration Population VI is subdivided into two groups:
 - o COBRA-Eligible Children: A child that meets the definition of a targeted low-income child eligible under Title XXI who is eligible and able to enroll in

COBRA continuation coverage based on any qualifying event. These children are eligible for CHIP, but the child's parents have elected to receive premium subsidies for the employee's share of the cost of COBRA continuation of coverage instead of receiving coverage through CHIP.

 COBRA Continuation Children: A child that meets the definition of a targeted low-income child except for receipt of continuation coverage in accordance with the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), Pub. L. 99-272, and who elect to receive such premium subsidies.

Projected Enrollment

The projected enrollment for individuals in this demonstration is 302 children per month.

Section III. Demonstration Benefits and Cost Sharing Requirements

The sole benefit provided to individuals eligible for premium assistance under this demonstration (through ESI or COBRA coverage) is assistance in paying the employee's, individual's, or family's share of the monthly premium cost of qualifying insurance plans. The maximum premium assistance amount must not exceed the individuals' share of the premium, and may not exceed the amount as will be stated in State Administrative Rule R414-320-16. This maximum medical monthly premium amount at the time of implementation of this amendment will be \$180 per eligible child.

Individuals eligible under this demonstration will have cost sharing requirements (including the out-of-pocket maximum) as set by their qualified ESI plan.

Dental benefits for children will be offered through two paths. If the health benefit package that is available to a child through qualified premium subsidies coverage includes dental benefits, the child's premium subsidies will be approximately equivalent to the per-child-per-month cost under the Title XXI state plan dental costs. However, if a child does not receive dental benefits through the qualified premium subsidy plan, the child will receive dental coverage through CHIP.

Section IV. Delivery System

Individuals eligible under this demonstration will receive services through the delivery systems provided by their respective qualified plan for ESI or COBRA premium assistance.

Section V. Implementation and Enrollment in Demonstration

Eligible individuals will be enrolled in the Demonstration as of the implementation date of this amendment.

Section VI. Demonstration Financing and Budget Neutrality

Although Title XXI expenditures are not subject to budget neutrality, the State conducts this budget neutrality exercise to demonstrate that expenditures will remain within CHIP allotment limits. Refer to Budget Neutrality- Attachment 1 for the State's historical and projected expenditures for the requested period of the Demonstration.

Below is the projected enrollment and expenditures for each remaining demonstration year.

| | DY22 (SFY 24) January-June | DY 23 (SFY 25) | DY 24 (SFY 26) | DY 25 (SFY 27) | |
|------------------|-------------------------------|----------------|----------------|----------------|--|
| Member Months | 1,775 | 3,523 | 3,523 | 3,523 | |
| Expenditures | \$319,500 | \$634,140 | \$634,140 | \$634,140 | |

Section VII. Proposed Waiver and Expenditure Authority

The State requests the following proposed waivers and expenditure authority to operate the Demonstration.

| Waiver and Expenditure Authority | Reason and Use of Waiver |
|-----------------------------------|--|
| Section 1902(a)(34)- Retroactive | To permit the State to not provide retroactive eligibility for |
| Eligibility | individuals under this demonstration. |
| Section 1902(a)(14) Cost Sharing | To permit individuals affected by this demonstration, |
| Requirements | whose benefits are limited to premium assistance, to have |
| | cost sharing requirements (including the out-of-pocket |
| | maximum) as set by the individual's qualified ESI plan. |
| Section 1902(a)(23)(A) Freedom of | To enable the state to restrict freedom of choice of |
| Choice | providers for individuals under this demonstration. |

Expenditure Authority

The State requests expenditure authority to provide premium assistance related to providing 12 months of guaranteed eligibility to subsidize the employee's share of the costs of the insurance premium for employer sponsored health insurance to children up to age 19 with family income up to and including 200 percent of the FPL who are not otherwise eligible for Medicaid and who also meet the definition of a targeted low-income child.

Section VIII. Compliance with Public Notice and Tribal Consultation

Public Notice Process

Public notice of the State's request for this demonstration amendment, and notice of public hearing will be advertised in the newspapers of widest circulation and sent to an electronic

mailing list. In addition, the abbreviated public will be posted to the State's Medicaid website at <u>https://medicaid.utah.gov/1115-waiver</u>.

Two public hearings to take public comment on this request will be held. The first public hearing will be held on March 16, 2023 from 2:00 to 4:00 pm during the Medical Care Advisory Committee (MCAC) meeting. The second public hearing will be held on March 20, 2023 from 4:00 to 5:00 pm. Both public hearings will be held via video and teleconferencing.

Public Comment

The public comment period will be held February 22, 2023 through March 24, 2023.

Tribal Consultation

In accordance with the Utah Medicaid State Plan, and section 1902(a)(73) of the Social Security Act and the Utah Department of Health and Human Services (DHHS Intergovernmental Policy 01.19 Formal DHHS Tribal Consultation and Urban Indian Organization Conferment Process Policy)

https://healthnet.utah.gov/download/policies/edo-admin/01.19-Formal-UDOH-Tribal-Consu Itation-UIO-Conf-Policy.pdf, the state ensures that a meaningful consultation process occurs in a timely manner on program decisions or policy impacting Indian Tribes and the Urban Indian Organization (UIO) in the State of Utah. DIH notified the DHHS Tribal Health Liaison of the waiver amendment. As a result of this notification, DIH will begin to engage in the tribal consultation process by attending the Utah Indian Health Advisory Board (UIHAB) meeting on March 10, 2023 to present this demonstration amendment.

Tribal Consultation & Conferment Policy Process

In the event that a grant, project, policy, waiver renewal or amendment is requested, the Office of AI/AN Health Affairs is contacted. If the request is within the 90 days of submission, the Office's AI/AN Health Liaison will provide an opportunity for presentation to the Utah Indian Health Advisory Board (UIHAB) Tribal and UIO representatives. The Liaison will request an executive summary of the materials to be included in the distribution of the meeting agenda and materials to the UIHAB representatives and Tribal leadership. The information is disseminated to the UIHAB representatives and leadership at least 10 days prior to the meeting for review. During the UIHAB meeting, presenters will address any questions or concerns raised by the representatives. If the UIHAB representatives provide resolutions to or are in agreement with the changes, amendments they will make a motion to pass or support by a majority. If additional Consultation is required, the UIHAB will inform the presenters of that need at that time. If a Tribal or UIO representative would like to have the presentation provided to their leadership, they can also make a formal request at that time. The Office of AI/AN Health Affairs will coordinate with the presenter and the UIHAB representatives or the Tribe or UIO to schedule an additional Consultation or Conferment meeting on the issue(s) or concern(s) raised.
