

Converted Provider Validation Letter Schedule

Provider Validation Letters will be mailed to providers at their mailing address on file in staggered groups starting in July and continuing into 2017. In July, Medicaid sent validation letters to a small group of providers. The schedule for the next mailings is still being determined. We will provide an update when the schedule is finalized, so please check back. If you want to receive your validation letter before your scheduled time frame, please call Provider Enrollment at 801-538-6155, option 3, wait for the prompt, then option 4, or 1-800-662-9651.
