## History of Five County Case Management Services

The Five County Association of Governments has been providing home and community based case management services to frail elderly and disabled adults for over 25 years. We have an experienced staff of trained social workers and registered nurses with extensive skills and knowledge in the field of aging, & disability, health care, dementia care, caregiving and mental health.

The Five County Home and Community Based Case Management staff are knowledgeable regarding community resources and can effectively access a variety of services to meet the needs of each consumer we serve. Through years of collaboration and coordination, we have developed successful partnerships with for-profit and non-profit agencies, serving the frail elderly and disabled adults.

## Why choose case management services from Five County?

- We are well known in the community and throughout the state for providing **excellent case management services**.
- As the designated Area Agency on Aging for Southwest Utah we have **years of experience** working with Home and Community Based programs, including The Aging Waiver, State Alternatives Program, Caregiver Support Program and New Choices Waiver.
- As a public agency, our bottom line is not profit but providing **quality services** connecting people to the resources they need to remain as independent as possible.
- We have **skilled & licensed professionals** with years of experience & specialized training relevant to providing case management services to the elderly & disabled.
