Case Management Services Provided By

AGING & ADULT SERVICES

385.468.3270

For over 35 years, our agency has been providing advocacy, coordination of person-centered care, access to community resources, and other needed medical services to Salt Lake County residents, regardless of the funding source.

We look forward to the opportunity to be your Case Management Agency for the New Choices Waiver.

Once you have selected Salt Lake County Aging & Adult Services as your case management agency, one of our highly skilled Registered Nurses will help you complete an in person assessment to identify your care needs.

New Choices Waiver Recipient:

From this assessment, a person-centered plan of care will be developed with a team comprised of you, a Registered Nurse, and a Licensed Social Service Worker. You are also encouraged to invite anyone you choose to help create

Case Managers will also:

- Meet with you on a monthly basis to monitor service provisions and assure the quality of services.
- Assist you in the selection of service providers listed in your care plan
- Assist you in maintaining your New Choices Waiver benefits
- Conduct a reassessment annually or if there is a significant change in your health status
