---

1b. Total disability-related applications	<b>20</b>
---	-----------

Unable to report	<b>No</b>
------------------	-----------

**Metric 1 Notes**

1. The State of Utah has worked to clean up the pending applications data. We have removed cases with duplication, non-medical programs, switching between program, etc

1a. When the State of Utah receives a medical application, they are all registered as a "shell medical" program until a worker can address the application and determine to which coverage group the application belongs (MAGI or Non-MAGI). All the shell medical programs are added to the this line.

1b. Line 1a includes potential pending disability applications that have not been identified yet. This number is specific to those we have identified as disability related applications.

**RENEWALS INITIATED**

4. Total beneficiaries for whom a renewal was initiated in the reporting period **73682**

Unable to report **No**

**Metric 4 Notes**

This number includes all individuals scheduled for review in April and May which had a task assigned to them. This number is higher than future reports because it has two months of scheduled reviews as we began the May reviews as early as possible to allow more time to complete ex parte reviews per our agreement with CMS. This number does not include other

reviews pulled from future months and initiated in March. Utah is in discussions now to add system functionality that will capture this data for future reporting periods.
