1) The state is heavy managed care – Utah has approximately 80% of its population in managed care.
2) The state has a small FFS population – Utah only has approximately 20% of its population in FFS.
3) The state has robust “RAC-like” programs in place – Utah has a pre-adjudication contractor that tests claims for program integrity issues. Additionally, the Utah Office of Inspector General of Medicaid Services, for many years, has had a statutory mandate to “investigate and identify potential or actual fraud, waste, or abuse in the state Medicaid program” (see UCA 63A-13-202(1)(d)).

As a result of the above, Utah does not have sufficient opportunities for a RAC PI contractor.
### Subsection 1902(a)(42)(B)(ii)(b) of the Act

The following payment methodology shall be used to determine State payments to Medicaid RACs for the identification of underpayments (e.g., amount of flat fee, the percentage of the contingency fee):

- Payments to Utah's Medicaid RAC for identification and recovery of underpayments will be part of a monthly flat fee. This monthly flat fee will serve as payment for identification and recovery of overpayments as well.

### Subsection 1902(a)(42)(B)(ii)(III) of the Act

- The State has an adequate appeal process in place for entities to appeal any adverse determination made by the Medicaid RAC(s).

### Subsection 1902(a)(42)(B)(ii)(IV)(aa) of the Act

- The State assures that the amounts expended by the State to carry out the program will be amounts expended as necessary for the proper and efficient administration of the State Plan or a waiver of the plan.

### Subsection 1902(a)(42)(B)(ii)(IV)(bb) of the Act

- The State assures that the recovered amounts will be subject to a State’s quarterly expenditure estimates and funding of the State’s share.

### Subsection 1902(a)(42)(B)(ii)(IV)(cc) of the Act

- Efforts of the Medicaid RAC(s) will be coordinated with other contractors or entities performing audits of entities receiving payments under the State Plan or waiver in the State, and/or State and Federal Law enforcement entities and the CMS Medicaid Integrity Program.
Citation 4.6 Reports

42 CFR 431.16 The Medicaid agency will submit all reports in the form and with the content required by the Secretary, and will comply with any provisions that the Secretary finds necessary to verify and assure the correctness of the reports. All requirements of 42 CFR 431.16 are met.

4.42 Employee Education About False Claims Recoveries

(a) The Medicaid agency meets the requirements regarding establishment of policies and procedures for the education of employees of entities covered by section 1902(a)(68) of the Social Security Act (the Act) regarding false claims recoveries and methodologies for oversight of entities' compliance with these requirements.

(1) Definitions.

(A) An "entity" includes a governmental agency, organization, unit, corporation, partnership, or other business arrangement (including any Medicaid managed care organization, irrespective of the form of business structure or arrangement by which it exists), whether for profit or not for profit, which receives or makes payments under a State Plan approved under Title XIX or under any waiver of such plan totaling at least $5,000,000 annually.

If an entity furnishes items or services at more than a single location or under more than one contractual or other payment arrangement, the provisions of section 1902(a)(68) apply if the aggregate payments to that entity meet the $5,000,000 annual threshold. This applies whether the entity submits claims for payments using one or more provider identification or tax identification numbers.

health facility or school district providing school-based health services). A government agency which merely administers the Medicaid program, in whole or part (e.g., managing the claims processing system or determining beneficiary eligibility), is not, for these purposes, considered to be an entity.

An entity will have met the $5,000,000 annual threshold as of January 1, 2007, if it received or made payments in that amount in federal fiscal year 2006. Future determinations regarding an entity's responsibility stemming from the requirements of section 1902(a)(68) will be made by January 1 of each subsequent year, based upon the amount of payments an entity either received or made under the State Plan during the preceding federal fiscal year.

(B) An "employee" includes any officer or employee of the entity.

(C) "A contractor" or "agent" includes any contractor, subcontractor, agent, or other person which or who, on behalf of the entity, furnishes or otherwise authorizes the furnishing of Medicaid health care items or services, performs billing or coding functions, or is involved in the monitoring of health care provided by the entity.

(2) The entity must establish and disseminate written policies, which must also be adopted by its contractors or agents. Written policies may be on paper or in electronic form, but must be readily available to all employees, contractors, or agents. The entity need not create an employee handbook if none already exists.

(3) An entity shall establish written policies for all employees (including management), and of any contractor or agent of the entity, that include detailed information about the False Claims Act and the other provisions named in section 1902(a)(68)(A). The entity shall include in those written policies detailed information about the entity's policies and procedures for detecting and preventing waste, fraud, and abuse. The entity shall also include in any employee handbook a specific discussion of the laws described in the written policies, the rights of employees to be protected as whistleblowers, and a specific discussion of the entity's policies and procedures for detecting and preventing fraud, waste, and abuse.
